Censorship of Historical Thought Antoon De Baets,2001-12-30 History is an important dangerous and fragile subject Historical thought can be censored in widely diverging political and historiographical contexts as historians are well aware Yet the problems of censorship often thought to be obvious are rarely studied Filling a significant void this guide supplies information on the censorship of historical thought and the fate of persecuted historians in over 130 countries from Afghanistan to Zimbabwe and from 1945 to 2000 With each entry providing a chronological overview of cases and giving a full listing of sources the book is the first systematic effort to overview the repression of historical thought Aiming to encompass all countries in which censorship and persecution have taken place De Baets sketches a world map of repression that goes beyond the well known and well studied cases It assembles scattered data from three types of sources the works of censors and censored historical and biographical dictionaries and historiographical surveys and reports from international human rights organizations Showing the universality of historical censorship and its infinite variety in amount and degree the book also provides a basis for further comparative research

**Dissident for Life** Koenraad De Wolf,2013-02-07 This gripping book tells the largely unknown story of longtime Russian dissident Alexander Ogorodnikov from Communist youth to religious dissident in the Gulag and back again Ogorodnikov s courage has touched people from every walk of life including world leaders such as Bill Clinton Ronald Reagan and Margaret Thatcher In the 1970s Ogorodnikov performed a feat without precedent in the Soviet Union he organized thousands of Protestant Orthodox and Catholic Christians in an underground group called the Christian Seminar When the KGB gave him the option to leave the Soviet Union rather than face the Gulag he firmly declined because he wanted to change his Russia from the inside out His willingness to sacrifice himself and be imprisoned meant leaving behind his wife and newborn child Ogorodnikov spent nine years in the Gulag barely surviving the horrors he encountered there Despite KGB harassment and persecution after his release he refused to compromise his convictions and went on to found the first free school in the Soviet Union the first soup kitchen and the first private shelter for orphans among other accomplishments Today this man continues to carry on his struggle against government detainments and atrocities often alone Readers will be amazed and inspired by Koenraad De Wolf s authoritative account of Ogorodnikov s life and work
