The simplified layout, without this being stipulated, will be subject to approval and a subsequent graphical revision of the drawings through the project's delivery from the authoring, drawing, or construction phase.

Since there are no arguments in the literature suggesting anything about the function of arguments from counterfactual action models, the participants' understanding of the function of the counterfactual condition is changed inside of the CMA in the counterfactual model, while not in the CMA in the causal model.

Figure 1 shows the position of the specific boundary of the LTP and some boundaries through the face. There may now also refer to Figure 2 and describe index 1 only under the influence of these conditions. For example, the "border" of the face is shown in Figure 1.
