*State of a Union* Emmanuel Yenshu, 2012 This book examines the challenges of the bicultural society in Cameroon including the increasing marginalization experienced by the English speaking population and growing inequality despite the nation building aspirations when the country was reunified in 1961

*State of a Union* Yenshu Vubo, 2012-02-29 The bicultural polity of Cameroon has become problematic over the years In addition to the increasing marginalization experienced by its English speaking component in many domains politics administration economy culture it is facing mounting inequality and disarray despite the nation building aspirations at reunification in 1961 This book examines the very basis of the union crisis by tracing the causes to the asymmetrical nature of negotiations between the contracting partners the founding fathers of the union and the politics of guile and force that has characterized the regimes in Yaoundé From a federal model that takes the equality of the contracting parties as a given the polity has developed into an ethno regional patchwork designed by its architects to be essentially unequal in nature Consequently the segmented Anglophone community can exist only in contradiction within itself They have been worked into the regimes statecraft of consciously maintaining or reactivating ethnic boundaries inherited from colonialism An analysis of the cultural and linguistic dimension of the union shows contrasting drives between the assimilation attempts to dominate by the French speaking component and resistance by Anglophones The analyses further show the projected harmonization and rollback by the State the creative blends and the crystallization around continuing or reproduced colonial experiences a fierce competition between elites with a drive to impose the culture of the demographically dominant and a refusal to accept the idea of a linguistic minority The contentious experience Yenshu Vubo argues can still be remedied by reforms in a politics of possibilities These reforms must be ready to re-examine the constitutional basis of the union by revisiting the often dismissed question of the form of the state defined as one and indivisible a new federal architecture as requested by several political voices Institutions should be restructured to attend to diversity issues and essential linguistic differences while consolidating any strategic gains of the union such as the creative blends and the acceptance of specific cities of each community statutory equality of citizenship and the essential clauses of the first federation

*Democracy Building and Democracy Erosion* Eberhard Kienle, 2013-10-04 The promotion of political reform participation human rights and democracy on the southern and eastern shores of the Mediterranean was a key objective for the European Union as it prepared the Barcelona conference in 1995 Today it is clear that these policies have failed to prompt an end to authoritarian rule The authors of *Democracy Building and Democracy Erosion* analyse why EU policies have not produced major political impact while remaining sensitive to changes that may translate into greater participation and respect for civil liberties The question at the heart of this volume is whether the erosion of democracy in the north compounded by the effects of 9/11 has affected the promotion of democracy in the south The failure of democracy in the south may well be linked to authoritarian trends on a global scale Contributors include Mustapha Kamel al Sayyid

Gilles Massardier Eric Gobe Oliver Schlumberger Isabel Sch fer Robert Springborg Holger Albrecht Virginie Collombier Marc Lazar and Mohamed Mouaquit **De l'Afrique à la France. D'une génération à l'autre.** Jacques Barou, 2011-04-20 En dépit de son importance croissante l'immigration venue d'Afrique subsaharienne est encore peu connue et fait toujours l'objet de nombreux stéréotypes Cet ouvrage en apporte un éclairage nouveau partir d'une enquête originale menée auprès de deux générations les immigrants et leurs enfants nés ou arrivés très jeunes en France afin de mieux comprendre la dynamique de leurs destins respectifs Cette enquête première du genre a porté sur tous les aspects de la vie familiale et sociale la place de l'éducation scolaire et celle de la vie professionnelle ou encore la forme et l'évolution des liens intergénérationnels Elle prend notamment en compte le sentiment d'identité entre la France et le pays d'origine la question des discriminations les différences d'héritage culturel et social ses transmissions et mutations L'ouvrage révèle ainsi une réalité bien éloignée des clichés et apporte un regard neuf objectif et riche en enseignements sur une immigration complexe aux trajectoires singulières

**Rethinking Corporatization and Public Services in the Global South** David A. McDonald, 2014-04-10 After three decades of privatization and anti state rhetoric government ownership and public management are back in vogue This book explores this rapidly growing trend towards corporatization public enterprises owned and operated by the state with varying degrees of autonomy If sometimes driven by neoliberal agendas there exist examples of corporatization that could herald a brighter future for equity oriented public services Drawing on original case studies from Asia Africa and Latin America this book critically examines the histories structures ideologies and social impacts of corporatization in the water and electricity sectors interrogating the extent to which it can move beyond commercial goals to deliver progressive public services The first collection of its kind Rethinking Corporatization and Public Services in the Global South offers rich empirical insight and theoretical depth into what has become one of the most important public policy shifts for essential services in the global South Horizont-Verschiebungen Karsten Garscha, 1998 Le projet ZACA : Marginalisation, résistances et... Louis Audet Gosselin, 2012-07-13T00:00:00-04:00 l'occasion d'un grand projet de développement urbain appelé projet ZACA Zone d'aménagement commercial et administrative les habitants de certains quartiers du centre ville de Ouagadougou capitale du Burkina Faso ont été expropriés et leurs habitations rasées Auparavant ils avaient lutté farouchement contre le projet par un mouvement d'opposition dont l'ampleur du mouvement a surpris les observateurs Ce mouvement s'est caractérisé par un recours important à l'islam ses principaux animateurs étaient des imams des quartiers et les protestations utilisaient une symbolique religieuse Une telle inscription d'une lutte sociale dans un cadre islamique tranchait fortement avec l'habituelle complaisance de l'islam envers l'état Cette apparente irruption de l'islam dans le champ social invite donc revoir l'histoire de l'islam burkinabé sous l'angle de son implantation dans le milieu urbain en rapide mutation de Ouagadougou On peut se demander au vu de l'opposition soulevée par le projet ZACA s'il existe au Burkina Faso en marge de l'islam complaisant envers le pouvoir un islam prêt à affronter l'état Le projet ZACA a révélé la marginalisation de la zone au sein de la ville en même

temps qu'il a ractivé une culture de résistance propre ces quartiers Il a galement mis nu les clivages qui traversent la communauté musulmane notamment entre les jeunes et les anciens de même que les tentatives contrastées et dans l'ensemble limitées des musulmans pour contrer la marginalisation dont ils sont victimes dans la société burkinabé Enfin le projet ZACA constitue une excellente illustration de la façon par laquelle l'état conserve le contrôle de la situation sociale face à une société civile remuante

**Des milliards en jeu** NJ Ayuk, 2021-02-12 Je suis d'accord avec les points soulevés et avec l'argument d'Ayuk pour le rôle critique que l'OPEP jouera afin que les produits pétroliers africains se fassent une voix bien méritée dans l'industrie pétrolière Secrétaire général de l'OPEP S E Mohammad Sanusi Barkindo Deux décennies de négociation d'accords pétroliers et gaziers africains ont donné NJ Ayuk une compréhension du paysage énergétique du continent que peu de gens peuvent égaler L'avocat de l'énergie africain forme aux États-Unis fournit des doses gratuites de cette idée dans son deuxième livre *Billions at Play The Future of Africa Energy and Doing Deals* Servant de feuille de route pour que le continent fasse un meilleur travail en utilisant ses vastes ressources énergétiques pour améliorer la vie de ses populations Ayuk explique comment les pays africains peuvent utiliser leurs industries énergétiques comme tremplins pour diversifier et développer leur économie globale De plus Ayuk montre comment les gouvernements africains et les entreprises locales peuvent négocier de meilleurs accords avec les sociétés énergétiques internationales et comment les pays du continent peuvent utiliser des gisements de pétrole et de gaz marginaux pour développer des industries énergétiques nationales qui une fois fortes seront compétitives au niveau mondial Questions posées et réponses

**Protest and Resistance in the Tourist City** Claire Colomb, Johannes Novy, 2016-07-01 Across the globe from established tourist destinations such as Venice or Prague to less traditional destinations in both the global North and South there is mounting evidence that points to an increasing politicization of the topic of urban tourism In some cities residents and other stakeholders take issue with the growth of tourism as such as well as the negative impacts it has on their cities while in others particular forms and effects of tourism are contested or deplored In numerous settings contestations revolve less around tourism itself than around broader processes policies and forces of urban change perceived to threaten the right to stay put the quality of life or identity of existing urban populations This book for the first time looks at urban tourism as a source of contention and dispute and analyses what type of conflicts and contestations have emerged around urban tourism in 16 cities across Europe North America South America and Asia It explores the various ways in which community groups residents and other actors have responded to and challenged tourism development in an international and multi disciplinary perspective The title links the largely discrete yet interconnected disciplines of urban studies and tourism studies and draws on approaches and debates

from urban sociology urban policy and politics urban geography urban anthropology cultural studies urban design and planning tourism studies and tourism management This ground breaking volume offers new insight into the conflicts and struggles generated by urban tourism and will be of interest to students researchers and academics from the fields of tourism geography planning urban studies development studies anthropology politics and sociology

**L'histoire bling bling** Nicolas Offenstadt, 2009-09-09 L'histoire n'est jamais restée la propriété des seuls historiens. Mais de nos jours elle est devenue un enjeu politique majeur. D'un côté de multiples groupes cherchent à saisir leurs passions souvent marquées par la souffrance perscutions esclavage de l'autre le président de la République appuyé sur un courant de fond y compris dans la sphère intellectuelle tente de faire renaître le roman national ce grand récit patriotique brossant une France toute de cohérence et de progrès travers dix épisodes des années 2007-2009 de la lettre de Guy Miquet au projet du Musée d'histoire de France le volume décrit le processus de réinvention du national par le sarkozysme historique une histoire bling bling qui agite et consomme les grandes figures et les événements historiques marquants hors de tout contexte. Au-delà de la conjoncture c'est une réflexion d'ensemble sur les usages publics de l'histoire qui est proposée et surtout une nouvelle manière de gérer le dialogue entre mémoires et histoires

**La France industrielle, manufacturière, agricole et commerciale**, 1839 Misère, religion et politique en Haïti André Corten, 2001-01-01 Ce livre étudie les différents courants religieux vaudou catholicisme protestantisme classique pentecôtismes y compris renouveau charismatique etc qui traversent la société haïtienne. L'étude est basée sur une enquête de terrain centaines d'interviews de pasteurs de fidèles et de moins privilégiés et observation de très nombreux cultes dans tout le pays. Elle s'inscrit dans une problématique où le religieux est vu dans son mode d'institution du politique. La profusion d'imaginaires religieux favorise un discours social centré sur la diabolisation et les forces perscpectives du mal. Ce discours est une réponse au caractère incompréhensible de la déshumanisation produite par la misère absolue accentuée ces cinquante et même dix dernières années. Il permet aussi aux lites de classes moyennes haïtiennes fascinées par cette déshumanisation de composer avec elle. Cette fascination se concrétise notamment dans une attraction répulsion face la criminalisation et la lumpenproletarianisation dispositifs d'autodéfense brigades de vigilance etc. Lorsque le mal politique se déclare la syntaxe qu'il instaure en vient classer les comportements en catégories impératives soumission volte impuissante ou mise profit de la déshumanisation. Certains comportements chappent ce classement parce qu'ils ont inversé le discours social de la diabolisation. Portés par des mouvements religieux ils ne fournissent pas cependant une alternative politique malgré les prétentions de leurs porte-parole mais peuvent obliger le politique se déclarer

**Le Théâtre de Koffi Kwahulé** Virginie Soubrier, 2016-04-26 Homme de théâtre romancier et nouvelliste Koffi Kwahulé Cote d'Ivoire 1956 appartient la génération des auteurs de la postindépendance. Revendiquant son appartenance à la diaspora noire ses pièces rédigées entre 1991 et 2005

constituent la période jazz de son théâtre au cours de laquelle son écriture s'inspire de la courte obsessionnelle de Coltrane Monk ou encore Coleman L'utopie post-totémique de l'auteur afro-européen efface la séparation entre le drame et la musique remet en question la notion même de drame et fait dialoguer le théâtre avec d'autres esthétiques contemporaines Mais cette écriture jazz dont la radicalité trouve sa source dans la mémoire de l'histoire des Noirs en Europe et en Amérique soulève également des questions politiques celles de l'identité et des conditions de possibilité d'un avenir en fusion
