

Inventeurs et savants noirs

Troisième édition

Voici un livre au titre surprenant, *Inventeurs et savants noirs*. Surprenant parce qu'il va à l'encontre de l'image qu'on se fait des Noirs dont on circonscrit la capacité créatrice et les accomplissements à des domaines bien précis : la musique, le sport, la danse. Si les noms de Wole Soyinka (prix Nobel de littérature, 1986) et de Muhammad Ali (trois fois champion du monde de boxe) sont plus ou moins familiers à la plupart d'entre nous, on aurait du mal à citer deux ou trois scientifiques de haut vol. Sait-on que la première opération à cœur ouvert fut effectuée par le docteur Daniel Hale Williams en 1893 à Chicago ? Sait-on que le chimiste américain George Washington Carver a extrait de la patate plus d'une centaine de produits tels que la farine, l'encre, le tapioca, l'amidon et le caoutchouc synthétique ?

L'ouvrage nous dévoile ainsi une nouvelle dimension de l'univers des Noirs dont l'apport à la science et à la technique modernes, bien qu'il ait été trop longtemps occulté, n'est pas moins appréciable. Loin d'être exhaustif, l'inventaire que dresse cet ouvrage éveille notre curiosité et nous incite à explorer davantage.

Yves Antoine est né à Port-au-Prince. Après avoir séjourné en Europe et aux États-Unis, il vit au Québec depuis 1969. Diplômé en pédagogie et en littérature française, respectivement des universités de Montréal et d'Ottawa, il a reçu, en 1999, le prix Carter G. Woodson du Conseil interculturel de l'Outaouais et le prix Efficiencie en 2010, à Paris.

En couverture : Lewis H. Latimer; Granville; George W. Carver; Norbert Rillieux; Granville T. Woods; Patricia S. Cowings; Percy L. Julian; Ernest E. Just; Garrett A. Morgan; George W. Carver (Tuskegee Institute).

Inventeurs Et Savants Noirs (nouvelle Edition)., 2013 **L'épopée des savants et inventeurs noirs** Célestin Bobby Moutngui, 2014 **Media**

Across the African Diaspora Omotayo O. Banjo, 2018-07-04 This volume gathers scholarship from varying disciplinary perspectives to explore media owned or created by members of the African diaspora examine its relationship with diasporic audiences and consider its impact on mainstream culture in general Contributors highlight creations and contributions of people of the African diaspora the interconnections of Black American and African centered media and the experiences of audiences and users across the African diaspora positioning members of the Black and African Diaspora as subjects of their own narratives active participants and creators In so doing this volume addresses issues of identity culture audiences and global influence Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Les Noirs dans l'Histoire Serge Bilé, 2017-11-08 On dit des chats noirs qu'ils portent malheur que le corbeau est annonciateur d'infortune

On met les moutons noirs à l'écart Mais cela ne s'applique-t-il qu'aux animaux Serge Bilé et Mathieu Meranville ont tord l'ensemble des clichés dont ils sont victimes les noirs c'est bien connu sont paresseux ont un gros sexe la danse dans la peau sont doués pour le sport Mais ces assertions qui font sourire restent malgré tout révélateurs d'un racisme latent Ainsi un président de la République a pu associer les familles immigrées à l'odeur Un autre a pu annoncer dans un discours à Dakar que l'homme africain n'était pas encore entré dans l'Histoire Il s'agit dans cet ouvrage de tordre le cou à ces préjugés en les replaçant dans leur contexte scientifique historique et sociologique

What Is Wrong with Black People? - How Post-slave Psychology and Afrocentricity are Joining with Colonialism to Undermine Black Africa's Cultural Integrity Joe Mintsa, 2007-12-24 The mood in the world today is such that either you believe that Black people are natural slaves or you believe that White people are evil by nature In either case you are in a stalemate you can't change nature can you Yet not only is it very improbable for someone to turn up slave or evil just by nature it is neither demonstrable that evil is conditioned by skin colour The question here is why should evil be White and why should evil's target be Black In other words what is wrong with evil always tending to choose Black In fact the actual question is what is wrong with Black people always tending to be evil's preferred targets This book simply personifies a totally different type of intuition where the most unsuspected and yet the most damning causes of the suffering and the struggles of Africans in today's world are not only laid open with courage but also resolved with
