A Brief History of Bucktown: Davenport's Infamous District Transformed Jonathan Turner,2016 German immigrants created leafy beer gardens here nearly two centuries ago establishing Bucktown as the heart of entertainment in downtown Davenport for generations In 1916 the founding of the Tri City Symphony Orchestra at the Burtis Opera House embodied the neighborhood reputation for high culture The numerous saloons and theaters as well as the forty two documented brothels that flourished within two blocks lent a bawdy side to the good times Varied industries thrived through World War II and downtown bustled with shoppers visiting department stores like Petersen Later the neighborhood struggled and declined as a farming crisis hit the region hard With revitalized landmarks like the magnificent Hotel Blackhawk and the historic Redstone Building the community is growing more vibrant as a place to live work and play Author Jonathan Turner explores this dynamic history and transformation Publisher description

Iowa City Bob Hibbs,2010 After raucous times on the western frontier during the 1840s and 1850s Iowa City settled into a relatively sleepy existence while its principal industry the University of Iowa was finding its way from obscurity into an important Iowa resource Its once too small to succeed university hospital has

blossomed into a medical and economic powerhouse Research in widely varied fields from space science to microbiology finds fertile grounds and minds Big Ten football beckons on fall Saturdays *East Village, Des Moines* Hope Mitchell, 2016-12-05 East Village was not always the fashionable destination it is today When the first settlers arrived in 1843 on the muddy banks of the Des Moines River it was in direct violation of a treaty with the local natives The settlement grew so quickly that by 1855 the fledgling city had been selected to be the state capital and the building was constructed in East Village The next century saw rivalries with the western half of the city the birth and battle of one of the city's largest red light districts and the construction of some of Des Moines most prized historic treasures Historian Hope Mitchell investigates the people and events that shaped the culture and landscape of Des Moines most dynamic neighborhood **Eerie Quad Cities** Michael McCarty, John Brassard Jr., 2021-08-23 Like the mighty Mississippi River that cleaves the Quad Cities the region's history can trap the unwary in some unexpected eddies Peer through the fog of the past to catch a glimpse of the Tinsmith Ghost of Rock Island or the river serpent with a price on its head Get the back story on the Banshee of Brady Street read the 1869 report on a Bigfoot sighting near East Davenport and run the numbers on local UFO activity From phantom footsteps in the Renwick Mansion to a mausoleum heist in Chippiannock Cemetery Michael McCarty and John Brassard Jr trace a path through the shadowy heritage of the Quad Cities *Railroad Postcards in the Age of Steam* H. Roger Grant, 1994 Out of the tradition of those long gone days of great heaving steam locomotives and endless rail lines comes this remarkable selection of vintage cards a treasure trove selected from John Vander Maas consummate collection at the University of Iowa Libraries This lavish volume is the first general book length work devoted to the once ubiquitous railroad picture postcard It comprises an introductory essay and an album of cards The former fully examines the nature of the postcard craze which reached its zenith about 1910 and discusses why images of American railroads played such an important part in the card phenomenon The album divides an engaging assortment of more than 150 representative views into five sections Trains and Rolling Stock Depots and Railway Structures The Railroad Corridor People and Railroads and The Lighter Side of Railroadng Railroad historians train enthusiasts postcard collectors and all other readers will find much to interest them in this selection of images Not only are the cards themselves visually striking but they convey a sense of how important railroads once were to the nation's citizenry The sight of steaming locomotives and the hustle and bustle associated with train time caused hearts to quicken These feelings made views of railroad scenes popular with buyers of postcards and now with latter day railroad fans and card collectors **The Palimpsest**, 1985 [American Holiday Postcards, 1905-1915](#) Daniel Gifford, 2013-09-05 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo

Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era **Along Iowa's Historic Highway 20** Michael J.

Till, 2014 US Highway 20 was designated a federal highway in 1926 For the first half of the 20th century it was the most important east west road across northern Iowa extending from the Mississippi to the Missouri River The road connected 13 counties four major metropolitan areas and many smaller communities along its route Fortunately the historic two lane road remains almost completely intact and can be driven much as travelers did in years gone by Along Iowa's Historic Highway 20 celebrates such a trip illustrated by more than 200 antique postcards that show the personality of the road town and city scenes rural vistas rivers bridges and historic sites Not to be forgotten are the tourist courts hotels diners and gas stations that made travel possible *Pastoral and Monumental* Donald C. Jackson, 2017-03-15 In *Pastoral and Monumental* Donald C.

Jackson chronicles America's longtime fascination with dams as represented on picture postcards from the late nineteenth to the mid twentieth century Through over four hundred images Jackson documents the remarkable transformation of dams and their significance to the environment and culture of America Initially dams were portrayed in pastoral settings on postcards that might jokingly proclaim them as a dam pretty place But scenes of flood damage dam collapses and other disasters also captured people's attention Later images of New Deal projects such as the Hoover Dam Grand Coulee Dam and Norris Dam symbolized America's rise from the Great Depression through monumental public works and technological innovation Jackson relates the practical applications of dams describing their use in irrigation navigation flood control hydroelectric power milling mining and manufacturing He chronicles changing construction techniques from small timber mill dams to those more massive and more critical to a society dependent on instant access to electricity and potable water Concurrent to the evolution of dam technology Jackson recounts the rise of a postcard culture that was fueled by advances in printing photography lowered postal rates and America's fascination with visual imagery In 1910 almost one billion postcards were mailed through the U S Postal Service and for a period of over fifty years postcards featuring dams were all the rage Whether displaying the charms of an old mill the aftermath of a devastating flood or the construction of a colossal gravity dam these postcards were a testament to how people perceived dams as structures of both beauty and technological power **The**

Station Agent and the American Railroad Experience H. Roger Grant, 2023-01-03 Before the widespread popularity of automobiles buses and trucks freight and passenger trains bound the nation together *The Station Agent and the American*

Railroad Experience explores the role of local frontline workers that kept the country's vast rail network running. Virtually every community with a railroad connection had a depot and an agent. These men and occasionally women became the official representatives of their companies and were highly respected. They met the public when they sold tickets, planned travel itineraries, and reported freight and express shipments. Additionally, their first-hand knowledge of Morse code made them the most informed in town. But as times changed, so did the role of and the need for the station agent. Beautifully illustrated with dozens of vintage photographs, *The Station Agent and the American Railroad Experience* brings back to life the day-to-day experience of the station agent and captures the evolution of railroad operations as technology advanced.

Negro History Bulletin, 2000 Iowa Railroads Frank Pierce Donovan (Jr.), 2000-05. What began as a study of the Minneapolis, Chicago, Burlington, Chicago, Milwaukee, St. Paul, and Chicago, Rock Island, Great Northern, and Union Pacific, and Wabash. Moreover, he contributed an issue on Iowa's principal interurbans, most of which survived into the 1950s as electric-powered freight-only short lines. In uniting Donovan's articles into a single volume, *Iowa Railroads* provides the most complete history of Iowa's rail heritage. *Emma's Postcard Album* Faith Mitchell, 2022-12-21. BCALA 2023 Outstanding Contribution to Publishing Citation Award winner. The turn of the twentieth century was an extraordinarily difficult period for African Americans: a time of unchecked lynchings, mob attacks, and rampant Jim Crow segregation. During these bleak years, Emma Crawford, a young African American woman living in Pennsylvania, corresponded by postcard with friends and family members and collected the cards she received from all over the country. Her album, spanning from 1906 to 1910 and analyzed in *Emma's Postcard Album*, becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way. As snippets of lived experience, eye-catching visual images, and reflections of historical moments, the cards in the collection become sources for understanding not only African American life but also broader American history and culture. In *Emma's Postcard Album*, Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings, a much neglected aspect of scholarship. Through these techniques, a riveting world that is far too little known is revealed, and new insights are gained into the perspectives and experience of African Americans. Capping off these contributions, the text is a visual feast illustrated with arresting images from the Golden Age of postcards, as well as newspaper clippings and other archival material. **Resources in Education**, 1996-06.

Nanzan Review of American Studies, 1998 **The Anthropology of Writing** David Barton, Uta Papen, 2010-05-06. We live in a textually mediated world where writing is central to society, its cultural practices, and institutions. Writing has been the subject of much research, but it is usually highly visible and valued texts that are studied: the work of novelists, poets, and scholars. The studies included in this book examine every day acts of writing and their significance. Ordinary, quotidian writing may be viewed as mundane and routine, but it is central to how societies operate and the ways individuals relate to

each other and to institutions Examples discussed in the book including writing in areas such as farming photo sharing childcare work and health care The chapters are united in their approach to examining this writing as cultural practice The book also brings together two important traditions of this type of study the Anglophone and Francophone The work of French scholars in this field is made accessible for the first time to the Anglophone world The insights and research in this collection will appeal to all linguists anthropologists sociolinguistics and cultural theorists *Quad Cities Beer* Michael

McCarty,Kristin DeMarr,2023-08-07 The Quad Cities have a rich history of brewing that started with the influx of German citizens in the 1800s Breweries were established on both sides of the Mississippi River Some of these historic breweries managed to reopen after Prohibition but national competition ultimately closed the last of these stalwarts in 1956 In 1989 Iowa created a special class A brewpub permit and the first of many brewpubs in the area Front Street Pub Eatery opened in 1992 Blue Cat Brew Pub on the Illinois side of the river opened shortly after The brewing renaissance has helped to establish the Quad Cities as a craft beer destination Join authors Michael McCarty and Kristin DeMarr as they celebrate the heady heritage of the region
