Irelands Popular Politics Routledge European:

The Case of Ireland James Stafford, 2022-02-17 The late eighteenth and early nineteenth centuries have long been seen as a foundational period for modern Irish political traditions such as nationalism republicanism and unionism The Case of Ireland offers a fresh account of Ireland's neglected role in European debates about commerce and empire in what was a global era of war and revolution Drawing on a broad range of writings from merchants agrarian improvers philosophers politicians and revolutionaries across Europe this book shows how Ireland became a field of conflict and projection between rival visions of politics in commercial society associated with the warring empires of Britain and France It offers a new perspective on the crisis and transformation of the British Empire at the end of the eighteenth century and restores Ireland to its rightful place at the centre of European intellectual history

Politics in the Republic of Ireland John Coakley, Michael Gallagher, Eoin O'Malley, Theresa Reidy, 2023-08-31 Building on the success of previous editions Politics in the Republic of Ireland continues to provide an authoritative introduction to all aspects of government and politics in this seventh edition Written by some of the foremost experts on Irish politics it explains analyses and interprets the background to Irish government and contemporary political processes It devotes chapters to every aspect of contemporary Irish government and politics including the political parties and elections the constitution deliberative democracy referendums the Taoiseach and the governmental system women and politics the position of the Dáil and Ireland's place within the European Union Bringing readers up to date with the very latest developments especially with the upheaval in the Irish party system and the implications of recent liberalising referendums the seventh edition combines substance with a highly readable style providing an accessible book that meets the needs of all those who are interested in knowing how politics and government operate in Ireland

Ireland's Great Famine and Popular Politics Enda Delaney, Breandán Mac Suibhne, 2015-11-19 Ireland's Great Famine of 1845-52 was among the most devastating food crises in modern history A country of some eight and a half million people lost one million to hunger and disease and another million to emigration According to land activist Michael Davitt the starving made little or no effort to assert the animal's right to existence passively accepting their fate But the poor did resist In word and deed they defied landlords merchants and agents of the state they rioted for food opposed rent and rate collection challenged the decisions of those controlling relief works and scorned clergymen who attributed their suffering to the Almighty The essays collected here examine the full range of resistance in the Great Famine and illuminate how the crisis itself transformed popular politics Contributors include distinguished scholars of modern Ireland and emerging historians and critics This book is essential reading for students of modern Ireland and the global history of collective action

The Eurovision Song Contest as a Cultural Phenomenon Adam Dubin, Dean Vuletic, Antonio Obregón, 2022-07-08 Drawing from the wealth of academic literature about the Eurovision Song Contest ESC written over the last two decades this book consolidates and recognizes the ESC's relevance in academia by analysing its contribution to different fields of

study The book brings together leading ESC scholars from across disciplines and from across the globe to reflect on the intersection between their academic fields of study and the ESC by answering the question what has the ESC contributed to academia The book also draws from fields rarely associated with the ESC such as Law Business and Research Methodologies to demonstrate the contest's broad utility in research pedagogy and in practice Given its interdisciplinary approach this volume will be of interest to scholars and students working in cultural media and music studies as well as those interested in the intersections between these areas and politics law education pedagogy and history

The Oxford History of British and Irish Catholicism, Volume II James Edward Kelly, John David McCafferty, John Morrill, Liam Peter Temple, 2023 The second volume of The Oxford History of British Irish Catholicism traces the fortunes of Catholic communities in England Wales Scotland and Ireland from the outset of the Civil Wars in 1641 to the Jacobite rising of 1745 Consciously transnational it stresses connections with the European continent and beyond

The Cambridge History of Ireland: Volume 3, 1730-1880 James Kelly, 2018-02-28 The eighteenth and nineteenth centuries was an era of continuity as well as change Though properly portrayed as the era of Protestant Ascendancy it embraces two phases the eighteenth century when that ascendancy was at its peak and the nineteenth century when the Protestant elite sustained a determined rear guard defence in the face of the emergence of modern Catholic nationalism Employing a chronology that is not bound by traditional datelines this volume moves beyond the familiar political narrative to engage with the economy society population emigration religion language state formation culture art and architecture and the Irish abroad It provides new and original interpretations of a critical phase in the emergence of a modern Ireland that while focused firmly on the island and its traditions moves beyond the nationalist narrative of the twentieth century to provide a history of late early modern Ireland for the twenty first century

Decolonizing Europe Patrícia Ferraz de Matos, Livio Sansone, 2025-11-01 Revived by the global resonance of the Black Lives Matter movement in 2020 this book adds to the current discussion on the idea of decolonizing Europe Drawing inspiration from the study of colonialism postcolonialism and the imperative to decolonize knowledge and practice the editors bring together a group of scholars approaching these issues through ethnographic inquiry The volume explores how race colonial legacies and structural inequality are addressed across diverse European contexts north central eastern and southern as well as in their entanglements with regions beyond Europe It offers critical grounded insights into the possibilities and challenges of decolonial thinking today

Catholicism and Fascism in Europe 1918 - 1945 Jan Nelis, Anne Morelli, Danny Praet, 2015-05-01 Die im vorliegenden Band versammelten Aufsätze analysieren die vielfältige Art und Weise wie der Vatikan die nationalen Kirchen und einzelne Katholiken mit dem Aufstieg der extremen Rechten in Europa während der 1920er 1930er und frühen 1940er Jahre umgingen vom Ende des Ersten Weltkriegs der mit Recht als einer der wichtigsten Katalysatoren des europäischen Faschismus in der Zwischenkriegszeit gilt bis zum Schluss und zu den unmittelbaren Nachwirkungen des Zweiten Weltkriegs Während einige Aufsätze sich auf theoretische methodologische

Probleme konzentrieren besch ftigen sich die meisten Beitr ge mit jeweils einem Land oder einer Region wo eine faschistische Bewegung oder ein solches Regime zwischen den Kriegen und w hrend des Zweiten Weltkriegs erfolgreich war und wo es gleichzeitig eine signifikante katholische Pr senz in der Gesellschaft gab Fast ganz Europa wird behandelt ein beispielloses Unternehmen und eine gro e Zahl wichtiger Kontexte und Methoden wird untersucht So wirken die Beitr ge mit an der allgemeinen Entwicklung eines interpretativen Cluster Modells das eine Reihe von Grundmustern der Forschung vereinigt und zuk nftige Untersuchungen anregen wird The papers presented in this volume analyse the many ways in which the Vatican national Churches and individual catholics dealt with the rise of the extreme right in Europe throughout the 1920s 1930s and early 1940s from the end of the First World War arguably one of the main catalysts of European interwar fascism to the conclusion and immediate aftermath of the Second World War While a number of papers focus primarily on theoretical methodological issues pertaining to the book s general theme the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the Second World War and where there was a significant catholic presence in society The various chapters cover almost the entire European continent an endeavour that is unprecedented and they explore a wide range of relevant contexts and methodologies thus further contributing to the general development of an interpretive cluster model that incorporates a series of investigative matrixes and that will hopefully inspire future research

Migration in Irish History 1607-2007 Patrick Fitzgerald, Brian Lambkin, 2008-10-27

Migration people moving in as immigrants around as migrants and out as emigrants is a major theme of Irish history This is the first book to offer both a survey of the last four centuries and an integrated analysis of migration reflecting a more inclusive definition of the people of Ireland

Irish Freedom Richard English, 2008-09-04 Richard English s brilliant new book now available in paperback is a compelling narrative history of Irish nationalism in which events are not merely recounted but analysed Full of rich detail drawn from years of original research and also from the extensive specialist literature on the subject it offers explanations of why Irish nationalists have believed and acted as they have why their ideas and strategies have changed over time and what effect Irish nationalism has had in shaping modern Ireland It takes us from the Ulster Plantation to Home Rule from the Famine of 1847 to the Hunger Strikes of the 1970s from Parnell to Pearse from Wolfe Tone to Gerry Adams from the bitter struggle of the Civil War to the uneasy peace of the early twenty first century Is it imaginable that Ireland might as some have suggested be about to enter a post nationalist period Or will Irish nationalism remain a defining force on the island in future years a courageous and successful attempt to synthesise the entire story between two covers for the neophyte and for the exhausted specialist alike Tom Garvin Irish Times

A Cultural History of Democracy in the Medieval Age David Napolitano, Kenneth J. Pennington, 2022-12-15 Offering a broad exploration of the cultural history of democracy in the medieval age this volume claims that though not generally associated with the term the Middle Ages deserve to be included in a general history of democracy The term was never widely employed during this

period the dominant attitude towards democracy was outright hostility and none of the medieval polities thought of itself as a democracy Despite this this study highlights a wide variety of ideas practices procedures and institutions that although different from their ancient predecessor direct democracy or modern successor liberal representative democracy played a significant role in the history of democracy This volume covers almost 1 000 years and a wide range of territories It deals with different political spheres ecclesiastical and secular and socio political settings courtly urban and rural and examines the phenomenon from the local level up to the universal realm This volume adopts a broad cultural approach and is structured thematically Each chapter takes a theme as its focus sovereignty liberty and the rule of law the common good economic and social democracy religion and the principles of political obligation citizenship and gender ethnicity race and nationalism democratic crises revolutions and civil resistance international relations and the scalability of democracy beyond the limits of a single city These ten themes add up to an extensive synoptic coverage of the subject

Outrage in the Age of Reform Jay R. Roszman, 2022-09-22 Reveals how fear of Irish agrarian violence fundamentally shaped British political culture during the pivotal period of 19th century reform

Rethinking the Scottish Revolution Laura A. M. Stewart, 2018-11-08 The English revolution is one of the most intensely debated events in history parallel events in Scotland have never attracted the same degree of interest Rethinking the Scottish Revolution argues for a new interpretation of the seventeenth century Scottish revolution that goes beyond questions about its radicalism and reconsiders its place within an overarching British narrative In this volume Laura Stewart analyses how interactions between print and manuscript polemic crowds and political performances enabled protestors against a Prayer Book to destroy Charles I's Scottish government Particular attention is given to the way in which debate in Scotland was affected by the emergence of London as a major publishing centre The subscription of the 1638 National Covenant occurred within this context and further politicized subordinate social groups that included women Unlike in England however public debate was contained A remodelled constitution revived the institutions of civil and ecclesiastical governance enabling Covenanted Scotland to pursue interventionist policies in Ireland and England albeit at terrible cost to the Scottish people War transformed the nature of state power in Scotland but this achievement was contentious and fragile A key weakness lay in the separation of ecclesiastical and civil authority which justified for some a strictly conditional understanding of obedience to temporal authority Rethinking the Scottish Revolution explores challenges to legitimacy of the Covenanted constitution but qualifies the idea that Scotland was set on a course to destruction as a result Covenanted government was overthrown by the new model army in 1651 but its ideals persisted In Scotland as well as England the language of liberty true religion and the public interest had justified resistance to Charles I The Scottish revolution embedded a distinctive and durable political culture that ultimately proved resistant to assimilation into the nascent British state

Irish Contemporary Landscapes in Literature and the Arts M. Mianowski, 2011-12-06 Looking at representations of the Irish landscape in contemporary literature and the arts this volume discusses the economic

political and environmental issues associated with it questioning the myths behind Ireland's landscape from the first Greek descriptions to present day post Celtic Tiger architecture Order and Insecurity in Germany and Turkey Emre Sencer, 2016-11-25 This book examines processes of military political and cultural transformation from the perspective of officers in two countries Germany and Turkey in the 1930s The national fates of both countries interlocked during the Great War years and their close alliance dictated their joint defeat in 1918 While the two countries were manifestly different in their politics and culture both had lost the war and both went through powerful changes in its immediate aftermath They painted themselves as the victims of a new imperialist order whose chief representatives were Britain and France The result was a radical militarism that unleashed violent currents in these countries developments that were to be more transformative than the impact of the war experience itself **Charles Stewart Parnell and His Times** N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846-1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in The Times and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self-serving opportunist to the journalists of the Nation Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell's writing Parnell's speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area **Ireland and America** Patrick Griffin, Francis D. Cogliano, 2021-07-07 Looking at America through the Irish prism and employing a comparative approach leading and emerging scholars of early American and Atlantic history interrogate anew the relationship between imperial reform and revolution in Ireland and America offering fascinating insights into the imperial whole of which both places were a part Revolution would eventually stem from the ways the Irish and Americans looked to each other to make sense of imperial crisis wrought by reform only to ultimately create two expanding empires in the nineteenth century in which the Irish would play critical roles Contributors Rachel Banke Illinois Mathematics and Science Academy T H Breen University of Vermont Trevor Burnard University of Hull Nicholas Canny National University of Ireland Galway Christa Dierksheide University of Virginia Matthew P Dziennik United States Naval Academy S Max Edelson University of Virginia Annette Gordon Reed Harvard University Eliga Gould University of New Hampshire Robert G Ingram Ohio University Peter S Onuf University of

Virginia Andrew J O Shaughnessy International Center for Jefferson Studies at Monticello Jessica Choppin Roney Temple University Gordon S Wood Brown University

The Liberal Unionist Party Ian Cawood, 2012-08-14 The Liberal Unionist party was one of the shortest lived political parties in British history It was formed in 1886 by a faction of the Liberal party led by Lord Hartington which opposed Irish home rule In 1895 it entered into a coalition government with the Conservative party and in 1912 now under the leadership of Joseph Chamberlain it amalgamated with the Conservatives Ian Cawood here uses previously unpublished archival material to provide the first complete study of the Liberal Unionist party He argues that the party was a genuinely successful political movement with widespread activist and popular support which resulted in the development of an authentic Liberal Unionist culture across Britain in the mid 1890s The issues which this book explores are central to an understanding of the development of the twentieth century Conservative party the emergence of a national political culture and the problems both organisational and ideological of a sustained period of coalition in the British parliamentary system

The Law & Politics of Brexit: Volume IV Federico Fabbrini, 2022-05-02 This book examines the law and politics of the Protocol on Ireland Northern Ireland attached to the Withdrawal Agreement which regulates the terms of Brexit The Protocol on Ireland Northern Ireland deals with the most complex issue which emerged during the withdrawal negotiations between the United Kingdom UK and the European Union EU namely how to avoid a hard border in the island of Ireland and preserve the peace process started in Northern Ireland with the 1998 Belfast Good Friday Agreement To this end the Protocol which was agreed in its final form in October 2019 establishes a bespoke solution notably by keeping Northern Ireland aligned to EU customs and internal market rules Nevertheless the operation of the Protocol which has formally entered into force in January 2021 has stirred political controversies in the Unionist community in Northern Ireland and caused diplomatic confrontation between the EU and the UK The purpose of this book is therefore to provide the first interdisciplinary overview of the Protocol shedding light on its context content and challenges This book which brings together contributions by leading legal scholars political scientists sociologists and trade experts from Northern Ireland Ireland Great Britain Europe and the United States provides a comprehensive and contextual assessment of the Protocol It examines its setting including constitutional trends in the UK and Ireland focuses on its substantive clauses dealing with human rights and cross border cooperation as well as on those related to trade and analyses its governance mechanisms including democratic consent and safeguards

The Politics of Referendum Use in European Democracies Saskia Hollander, 2019-04-02 This book demonstrates that the generally assumed dichotomy between referendums and representative democracy does not do justice to the great diversity of referendum types and of how referendums are used in European democracies Although in all referendums citizens vote directly on issues rather than letting their political representatives do this for them some referendums are more direct than others Rather than reflecting the direct power of the People most referendums in EU countries are held by and serve the interests of the political elites most notably the executive

The book shows that these interests rarely match the justifications given in the public debate. Instead of being driven by the need to compensate for the deficiency of political parties, decision makers use referendums primarily to protect the position of their party. In unravelling the strategic role played by national referendums in decision making, this book makes an unconventional contribution to the debate on the impact of referendums on democracy.

This Engaging Realm of Kindle Books: A Detailed Guide Unveiling the Pros of Kindle Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and simplicity of availability, have liberated readers from the limitations of hardcopy books. Gone are the days of carrying cumbersome novels or meticulously searching for specific titles in bookstores. E-book devices, stylish and lightweight, effortlessly store an extensive library of books, allowing readers to immerse in their preferred reads whenever, everywhere. Whether traveling on a busy train, lounging on a sunny beach, or simply cozying up in bed, E-book books provide an exceptional level of ease. A Reading World Unfolded: Discovering the Wide Array of E-book Irelands Popular Politics Routledge European Irelands Popular Politics Routledge European The E-book Store, a digital treasure trove of literary gems, boasts an extensive collection of books spanning varied genres, catering to every readers preference and preference. From captivating fiction and mind-stimulating non-fiction to classic classics and modern bestsellers, the Kindle Shop offers an exceptional abundance of titles to explore. Whether looking for escape through engrossing tales of fantasy and exploration, delving into the depths of past narratives, or broadening ones understanding with insightful works of science and philosophical, the E-book Store provides a gateway to a literary world brimming with limitless possibilities. A Game-changing Factor in the Bookish Landscape: The Lasting Influence of E-book Books Irelands Popular Politics Routledge European The advent of E-book books has undoubtedly reshaped the bookish landscape, introducing a model shift in the way books are published, distributed, and consumed. Traditional publishing houses have embraced the online revolution, adapting their strategies to accommodate the growing need for e-books. This has led to a rise in the availability of Kindle titles, ensuring that readers have entry to a vast array of bookish works at their fingertips. Moreover, E-book books have equalized entry to books, breaking down geographical barriers and offering readers worldwide with equal opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now engross themselves in the captivating world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience Irelands Popular Politics Routledge European Kindle books Irelands Popular Politics Routledge European, with their inherent ease, flexibility, and vast array of titles, have certainly transformed the way we experience literature. They offer readers the liberty to discover the limitless realm of written expression, whenever, everywhere. As we continue to navigate the ever-evolving online landscape, E-book books stand as testament to the lasting power of storytelling, ensuring that the joy of reading remains accessible to all.
