Library,1972 The Massachusetts Library Book Carole Marsh,1994 *Doomed by Cartoon* John Adler,Draper Hill,2008-08-01 The timely true story of Thomas Nast the granddaddy of political satire who destroyed a corrupt regime in 19th century New York City with cartoons He was an unethical bullying and narcissistic politician a blow hard real estate magnate and notorious swindler a master manipulator who thrived off voter fraud graft and the collusion of his right hand sycophants This is the 1870s The legendary William Boss Tweed senator and third largest landowner in New York City is on a roll He and his thieving minions have already duped the city out of an estimated two billion dollars It wasn't going to be easy exposing him He controlled the press except for the magazine Harper's Weekly And Harper's had an invaluable weapon against the humorless and seemingly invincible Tweed Thomas Nast an influential political cartoonist who day by day brought Tweed's corruption to light With pen and ink and a savage and righteous wink Thomas Nast was determined to topple an empire Told through Nast's scathing 160 plus serialized cartoons the remarkable and unbelievable true story of Nast vs Tweed was not only unprecedented for its day but it set the tone for the battle between the freedom of the press and political malfeasance that resonates well into the twenty first century Working with Bereavement Janet Wilson,2014-09-22 A practical guide for those who work with the bereaved in a variety of settings from nurses and social workers to volunteers Covering ethics cultural issues and support networks an essential text for those seeking to build understanding and skills in order to offer better support to the dying and the bereaved *The British Catalogue of Music* ,1994 The Peruvian Notebooks Braulio Mu-oz,2006 Although Antonio Alday Gutierrez dreams of great success when coming to America he accepts work as a security guard at a shopping mall and lives in a modest apartment To soften the bleak reality of his disappointing life Antonio invents a privileged Peruvian past to mislead his new American friends He also sends letters to his family in Peru boasting of a thriving business and large home This double deception leads Antonio to commit an act of desperation to conceal the drab reality of his new American life Told in a series of flashbacks letters and excerpts from notebooks this epistolary novel takes readers on a cultural and spiritual journey touching on themes of self identity memory border crossing and death Munoz layers the narrative with various voices times and places to offer a profound vision of the immigrant experience One of the first immigrant stories told from the Peruvian point of view this novel provides a portrait of ambition self deception and acceptance **Legacies of Ewan MacColl** Giovanni Vacca,2016-09-17 Ewan MacColl is widely recognized as a key figure in the English folk revival who tried to convey traditional music to a mass audience Dominant in the movement during the 1950s and much of the 1960s his position has come under attack in more recent years from some scholars While it would be arrogant to claim to set the record straight this book will contribute significantly to the debate surrounding MacColl's importance MacColl gave two extended interviews with co editor Giovanni

Vacca in 1987 and 1988 not long before his death and these provide the impetus for a re examination of his methods his politics and his aesthetic aims The book also provides critical overviews of MacColl s activities in the revival and of his practices particularly as writer and singer The time is ripe for such a contribution following Peter Cox s study of the Radio Ballads and in the context of biographies by Joan Littlewood and Frankie Armstrong The contributions locate MacColl in his own historical context attempting to understand some of the characteristic techniques through which he was able to write and sing such extraordinary songs which capture so well for others the detail and flavour of their lives Great emphasis is placed on the importance of seeing MacColl as not only a British but a European folk activist through discussion of his hitherto barely known work in Italy enabling a re contextualization of his work within a broader European context The interviews themselves are fluent and fascinating narrations in which MacColl discusses his life music and experiences in the theatre and in the folk music revival as well as with a series of issues concerning folk music politics history language art and other theoretical issues offering a complete description of all the repertoires of the British Isles Peggy Seeger contributes a Foreword to the collection
