The iron curtain over America John Owen Beaty (1890- [from ol],1952 **The Iron Curtain Over America** John Beaty,2016-10-13 This book is unique in that it not only discusses the internal decay and the external disasters which threaten the life of American people in fact of ALL the people but diagnoses the growing cancer of which they are merely the symptoms Going behind the iron curtain of propaganda censorship and deception the author former Colonel of the Military Intelligence Service gives to the reader the first comprehensive documented account of the origin the scope and the intentions of the insidious forces working from within which are seeking to destroy Western civilization An honest and courageous dispeller of the fog of propaganda in which most minds seem to dwell Lt General P A Del Valle USMC ret I think it ought to be compulsory reading in every public school in America Senator William A Langer former Chairman Judiciary Committee This book is a magnificent contribution to those who would preserve our American ideals Lt Gen Edward M Almond USA ret **The Jewish Threat** Joseph W. Bendersky,W Bendersky,2008-01-07 Very little has been written about America s own history of anti Semitism In this shocking book the first documented examination of anti Semitism in an American governmental institution Joseph Bendersky shows that such racism permeated the highest ranks of the U S military throughout the past century having a very real effect on policy decisions Through ten years of research in more than thirty five archives the author uncovered irrefutable evidence of endemic and virulent anti Semitism throughout the Army Corps from the turn of the century right up to the 1970s This fully developed and clearly articulated perspective had a direct effect on policy discussions and decisions affecting such matters as immigration refugees military strategy and the establishment of Israel Written with novelistic intensity and attention to intriguing detail *The Jewish Threat* forces us to revise some of our cherished notions about our country and its most revered leaders *The Iron Trap Around America* Gyeorgos Ceres Hatonn,1993 **Taking America Back** David Austin Walsh,2024-01-01 A provocative look at the relationship between the far right and the American conservative movement from the 1930s to the end of the Cold War Since 2016 many commentators have expressed shock at the so called rise of the far right in America at the expense of responsible and respectable conservatism But is the far right an aberration in conservative politics As David Austin Walsh shows the mainstream conservative movement and the far right have been intertwined for nearly a century and both were born out of a right wing popular front linking racists anti Semites and fascists in a broad coalition opposed to socialism communism and New Deal liberalism Far from being outliers in the broader conservative coalition these extremist elements were foundational in the creation of a right wing political culture centered around shared political enemies a penchant for conspiracy theories and a desire to restore America to its authentic pre New Deal values The popular front included Merwin Hart a New York business lobbyist active in far right circles who became a lobbyist for the Franco regime in Spain the original America First

movement the movement to prevent Jewish immigration to the United States after World War II the John Birch Society the American Nazi Party the George Wallace presidential campaign of 1968 the fight over the National Endowment for the Humanities and Pat Buchanan's support of Nazi war criminal John Demjanjuk during the Reagan Administration And connecting this disparate coalition was William F Buckley Jr the editor of National Review and America's leading responsible conservative *It's All in the Game* Gyeorgos Ceres Hatonn,1994-10 The Ruling Elite Deanna Spingola,2012 The U S government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln's revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA's covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY **Right-Wing Populism in America** Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *Defender Magazine* ,1953 **White Metropolis** Michael Phillips,2010-01-01 Winner T R Fehrenbach Award Texas Historical Commission 2007 From the nineteenth century until today the power brokers of Dallas have always portrayed their city as a progressive pro business racially harmonious community that has avoided the racial

ethnic and class strife that roiled other Southern cities But does this image of Dallas match the historical reality In this book Michael Phillips delves deeply into Dallas s racial and religious past and uncovers a complicated history of resistance collaboration and assimilation between the city s African American Mexican American and Jewish communities and its white power elite Exploring more than 150 years of Dallas history Phillips reveals how white business leaders created both a white racial identity and a Southwestern regional identity that excluded African Americans from power and required Mexican Americans and Jews to adopt Anglo Saxon norms to achieve what limited positions of power they held He also demonstrates how the concept of whiteness kept these groups from allying with each other and with working and middle class whites to build a greater power base and end elite control of the city Comparing the Dallas racial experience with that of Houston and Atlanta Phillips identifies how Dallas fits into regional patterns of race relations and illuminates the unique forces that have kept its racial history hidden until the publication of this book Holocaust and Church Struggle Hubert G. The City That Killed the President Tim Cloward, 2023-09-05 A creative cultural history of Dallas through the lens of its defining twentieth century event JFK s assassination The assassination of John F Kennedy on November 22 1963 shocked America Instantly Dallas was blamed for the killing labeled the City of Hate In the half century since the president s murder this city s artists and writers have produced important if often overlooked work that speaks to the difficult burden of our civic shaming Here are the works of poetry theater journalism art the actions of our citizens and political leaders all the fragments of our cultural life that address this tortured local history The City That Killed the President is a fitful discourse offering a window into Dallas itself a city reluctant to grapple with its past **Bearing Witness to the Holocaust, 1939-1989** Alan L. Berger, 1991 Survivor testimonies and philosophical responses to the Holocaust testifying to the tenacity and self renewal of the human spirit Essays from the 1989 Scholar s Conference on the Holocaust and the Churches *America Last* Jacob Heilbrunn, 2024-02-20 Washington Post 50 Best Nonfiction Books of 2024 A leading journalist and public intellectual explains the long disturbing history behind the American Right s embrace of foreign dictators from Kaiser Wilhelm and Mussolini to Putin and Orban Why do Donald Trump Tucker Carlson and much of the far Right so explicitly admire the murderous and incompetent Russian dictator Vladimir Putin Why is Ron DeSantis drawing from Victor Orb n s illiberal politics for his own policies as governor of Florida a single American state that has more than twice the population of Orb n s entire nation Hungary In *America Last* Jacob Heilbrunn a highly respected observer of the American Right demonstrates that the infatuation of American conservatives with foreign dictators though a striking and seemingly inexplicable fact of our current moment is not a new phenomenon It dates to the First World War when some conservatives enthralled with Kaiser Wilhelm II

openly rooted for him to defeat the forces of democracy In the 1920s and 1930s this affinity became even more pronounced as Hitler and Mussolini attracted a variety of American admirers Throughout the Cold War the Right evinced a fondness for autocrats such as Francisco Franco and Augusto Pinochet while some conservatives wrote apologias for the Third Reich and for apartheid South Africa The habit of mind is not really about foreign policy however As Heilbrunn argues the Right is drawn to what it perceives as the impressive strength of foreign dictators precisely because it sees them as models of how to fight against liberalism and progressivism domestically America Last is a guide for the perplexed identifying and tracing a persuasion or what one might call the illiberal imagination that has animated conservative politics for a century now Since the 1940s the Right has railed against communist fellow travelers in America Heilbrunn finally corrects the record showing that dictator worship is an unignorable tradition within modern American conservatism and what it means for us today
