Guido Reni Opere Principali:

Arte e turismo Chiara De Capoa, 2013-09-10T00:00:00+02:00 Il volume raccoglie tutti i principali argomenti relativi alla storia dell'arte oggetto delle prove scritte e orali degli esami regionali o provinciali per il conseguimento dell'abilitazione alla professione di guida turistica. La trattazione ha un utile taglio pratico ed è integrata da piante e tabelle riassuntive delle principali opere di ciascun periodo esaminato. 30 analisi di opere d'arte che ne illustrano le principali caratteristiche tecniche stilistiche e storiche. Numerosi itinerari che insegnano a preparare una visita guidata all'interno di una città o di una regione italiana. Descrizione dei principali musei d'arte di ogni regione e delle loro collezioni. A queste si aggiungono una sezione dedicata alla terminologia artistica e una ai principali termini artistici in quattro lingue straniere. *Early Modern Art Theory. Visual Culture and Ideology, 1400-1700* James Hutson, 2016-06-20 The development of art theory over the course of the Renaissance and Baroque eras is reflected in major stylistic shifts. In order to elucidate the relationship between theory and practice we must consider the wider connections between art theory, poetic theory, natural philosophy and related epistemological matrices. Investigating the interdisciplinary reality of framing art making and interpretation, this treatment rejects the dominant synchronic approach to history and historiography and seeks to present anew a narrative that ties together various formal approaches focusing on stylistic transformation in particular artists' oeuvres. Michelangelo, Annibale Carracci, Guercino, Guido Reni, Poussin and others and the contemporary environments that facilitated them. Through the dual understanding of the art theoretical concept of the Idea, an evolution will be revealed that illustrates the embittered battles over style and the overarching intellectual shifts in the period between art production and conceptualization based on Aristotelian and Platonic notions of creativity, beauty and the goal of art as an exercise in encapsulating the divine truth of nature.
