Brown, 2024-07-30 *Arboreal Symbolism in European Art 1300 1800* probes the significance of trees in religious iconography of Western art Based in the disciplines of art history botany and theology this study focuses on selected works of art in which tree forms embody and reflect Christian themes Through this triple lens Brown examines trees that early modern artists rendered as sacred symbols symbols with origins in the Old Testament New Testament Greek and Roman cultures and early medieval legends Tree components and wood depicted in works of art can serve as evidence for early modern artists embrace of biblical metaphor classical sources and

devotional connotations The author considers how artists rendered seasonal change in Christian narratives to emphasize themes of spiritual transformation Brown argues that many artists and their patrons drew parallels between the life cycle of a tree and events in the Gospels with their respective annual liturgical celebrations This book will interest scholars in art history religion humanities and interdisciplinary studies **Sustainable Building Conservation** Oriel

to fifteenth centuries who were not drawn from the princely class Though they were of obscure and modest origins the patronage of great lords of the March such as the Mortimers of Wigmore or the de Bohun earls of Hereford helped them to become prominent in Wales and the March and increasingly in England They helped to bring down anyone opposed by their patrons like Llywelyn prince of Wales in the thirteenth century or Edward II in the 1320s In the process they sometimes faced great danger but they contrived to prosper and unusually for Welshmen one branch became Marcher lords themselves Another was prominent in Welsh and English government becoming diplomats and courtiers of English kings and over some five generations many achieved knighthood Their fascinating careers perhaps hint at a more open society than is sometimes envisaged **Nikolaus Pevsner** Susie Harries,2011-08-18 Born Nikolai Pewsner into a Russian Jewish family in Leipzig in 1902 Nikolaus Pevsner was a dedicated scholar who pursued a promising career as an academic in Dresden and G ttingen When in 1933 Jews were no longer permitted to teach in German universities he lost his job and looked for employment in England Here over a long and amazingly industrious career he made himself an authority on the exploration and enjoyment of English art and architecture so much so that his magisterial county by county series of 46 books on The Buildings of England first published 1951 74 is usually referred to simply as Pevsner As a critic academic and champion of Modernism Pevsner became a central figure in the architectural consensus that accompanied post war reconstruction as a general practitioner of architectural history he covered an astonishing range from Gothic cathedrals and Georgian coffee houses to the Festival of Britain and Brutalist tower blocks Susie Harries explores the truth about Nikolaus Pevsner s reported sympathies with elements of Nazi ideology his internment in England as an enemy alien and his sometimes painful assimilation into his country of exile His Heftchen secret diaries he kept from the age of 14 for another sixty years reveal

hidden aspirations and anxieties as do his numerous letters he wrote to his wife Lola every day that they were apart Harries is the first biographer to have read Pevsner's private papers and through them to have seen into the workings of his mind Her definitive biography is not only rich in context and far ranging but is also brought to life by quotations from Pevsner himself He was born a Jew but converted to Lutheranism trained in the rigour of German scholarship he became an Everyman in his copious commissions publications broadcasts and lectures on art architecture design education town planning social housing conservation Mannerism the Bauhaus the Victorians Zeitgeist Englishness and how a nation's character may or must be reflected in its art His life as an outsider yet an insider at the heart of English art history illuminates both the predicament and the prowess of the continental migrants who did so much to shape British culture after 1945

**Newman University Church, Dublin** Niamh Bhalla, 2024-07-01 In 1854 John Henry Newman one of the foremost intellectual figures of the nineteenth century was officially installed as the rector of the first Catholic university in Ireland University Church constructed in 1855-6 was Newman's first objective when he agreed to the rectorship and it can be considered as a tangible manifestation of the idea behind the unprecedented Catholic university in Dublin the posing of an erudite Catholic alternative to post Enlightenment secularism and Protestant hegemony through a style based analogy to the early Church Despite physically embodying what Newman wished to achieve in and through his new university this early

Christian style church which drew upon Roman and Byzantine basilicas has received little attention This book charts for the first time the significant place that the building occupies within the history of Victorian revivalist architecture Niamh Bhalla explores the meaningful connection between the church's context and the ambiguity of its early Christian style In the intersection of these two things a significant monument was created The study of University Church therefore provides an effective lens to understand more comprehensively the architectural revivalism that dominated the nineteenth century particularly the first stirrings of basilican and Byzantine revivalist architectures in the British Isles Praise for Newman University Church Dublin Newman University Church Dublin is an important contribution to the burgeoning study of historicist architecture of the nineteenth century In studying the larger contexts of the church Niamh Bhalla illuminates the aspirations of Cardinal Newman for the university that he directed and Catholicism in Ireland and the United Kingdom Robert S Nelson Yale University A riveting analysis of the University Church and its intellectual background Niamh Bhalla steers us effortlessly through the many strands of architectural and religious thought that lie behind Newman's church while revealing its seminal place in the history of the Byzantine revival Roger Stalley Trinity College Dublin *Subject Index to Welsh Periodicals* Library Association.
