Inviting Transformation Presentational Speaking For A Changing World:

Inviting Transformation Sonja K. Foss, Karen A. Foss, 2019-01-03 The fourth edition of *Inviting Transformation* continues to offer an innovative approach to presentational speaking at a very reasonable price The authors introduce readers to invitational rhetoric teaching speakers to clarify ideas and to work to achieve understanding for all participants in an interaction A primary goal of presentational speaking is to create an environment in which growth and change can occur for both the audience and the speaker The text highlights four external conditions affecting transformational environments safety openness freedom and value honoring the intrinsic worth of all individuals To reflect respect for the diversity of the world Sonja Foss and Karen Foss include options from many speaking traditions and practices to foster creativity Discussions of all the processes of presenting selecting a speaking goal organizing ideas elaborating on ideas and delivering the presentation emphasize inclusive speaking practices Sample presentations provide clear and contemporary examples of the best invitational speaking practices The authors recognize readers as competent communicators and encourage them to think about and systematize their approaches to presentational speaking The exceptionally accessible writing style is an aid to readers in thinking through strategies for meeting their interactional goals Readers learn to design and deliver effective presentations for any speaking situation

Inviting Transformation Karen A. Foss, 2003 *Ethics in Contact Rhetoric* Jon Radwan, Dale Cyphert, Ellen W. Gorsevski, Omar Swartz, 2024-12-15 *Ethics in Contact Rhetoric* re orients communication theory by centering touch and de centering symbolic acts Inspired by MLK's tradition of nonviolent power a contact orientation highlights the incarnate and immediate ground of communication ethics Ethical interactions are defined as bio relational dances arcing steps of nurture respect justice and too often violence Centering humanity's physical mutuality is a vital move today Communication is a thoroughly interactive art but the West's ancient instrumental tradition of rhetoric and its accompanying utilitarian ethic valorize individual agency over joint action This book re balances rhetorical theory by enabling critique of embodied relational patterns Special emphasis is placed on engaging material injustice and discerning the role of rhetoric in social transformation Critical case studies demonstrate contact rhetoric's rich heuristic and diverse applications

Speaking the Truth in Love Daniel R. Berger, 2007-01-01 Approaching public communication from a liberal arts point of view *Speaking the Truth in Love* provides a distinctly Christian perspective of rhetoric Written and oral rhetoric are interwoven throughout the text Two foundational ideas control the majority of the text The first is from Plato's Phaedrus as stated by Paul in Ephesians 4:15 speaking the truth in love The second is from the Apostle Peter in 1 Peter 4:11 if anyone speaks he should do it as one speaking the very words of God The spiritual responsibility of communicating truth in accordance with the nature of God especially the virtue of love is an awesome privilege and opportunity Sound content spoken or written eloquently with charisma will enable words to have a maximum impact The text is designed to be a culminating learning experience for undergraduate communication programs or as an introductory text for graduate

programs involving public communication Beginning with a philosophy of language meaning and interaction argument is built against secular deconstructive thought where everyone has a different truth based on language Alongside philosophy we explore ethics and theology from an evangelical perspective Following this a brief history outlines rhetorical thought from pre testament classics to today Based upon these ideas we take a closer look at communication theory as it relates to public communication Finally the text addresses the practice of both written and oral communication

Elements of Speech Communication David M. Jabusch, Stephen W. Littlejohn, 1996 Many of features that have always given The Elements of Speech Communication its character have been retained so that the feel of the book is about the same Every chapter begins with a story or provocative allusion Relevant photographs add interest and give pause for thought And of course the image shifts which have been unique to this book from its inception still challenge students to look at the subject in new ways To make the text easier the authors have added a complete glossary A Collegiate Press book

Communication in a Civil Society Shelley D. Lane, Ruth Anna Abigail, John Casey Gooch, 2024-03-06 Using the concept of civility as the major theme this fully updated second edition offers a unique and alternative way to teach and learn about communication The book brings together discrete areas that explore the fundamentals of communication and intrapersonal communication interpersonal communication small group communication and public speaking Every chapter includes theories concepts and examples that allow students to use civil and ethical communication skills in their personal relationships in collaboration with colleagues and in giving public speeches and professional presentations This new edition highlights advances in and concepts related to mediated and technology based communication such as chatbots technostress and dating apps and shows how students can engage in civil face to face and mediated interaction Additionally each chapter includes a real world incident that students are asked to analyze in terms of specific chapter information and skills related to civility Communication in a Civil Society is an ideal textbook for Introduction to Communication Interpersonal Communication and Public Speaking courses Materials for instructors including PowerPoint slides a test bank and an instructor s manual are available at www.routledge.com 9781032513263

In Defense of Partisan Criticism Omar Swartz, 2005 In Defense of Partisan Criticism is a far reaching exploration of the legal philosophical and rhetorical basis for understanding social justice in the United States Through a thoughtful investigation of key political social and legal events in the history of the United States Omar Swartz develops a compelling argument for engaged political scholarship by American academics and offers readers a critical understanding of the place of race and class in American cultural history Central to this understanding is an awareness of the communication imagination the power of citizens to name the constraints placed upon them by U S political and legal institutions and to counter those constraints with narratives constructing a more socially just society based upon a wider sense of human identification and partisan engagement than is currently practiced in the normative U S public sphere

A Transnational Critique of Japaneseness Yuko Kawai, 2020-12-10 In this book Yuko Kawai departs from the common conception of Japan as

an ethnically homogenous nation A Transnational Critique of Japaneseness Cultural Nationalism Racism and Multiculturalism in Japan investigates the construction of Japaneseness from a transnational perspective examining ways to make Japanese nationhood more inclusive Kawai analyzes a variety of communicational practices during the first two decades of the twenty first century while situating Japaneseness in its longer historical transformation from the late nineteenth century Kawai focuses on governmental and popular ideas of Japaneseness in light of local global historical and contemporary contexts as well as in relation to a diverse array of Others in both Asia and the West COMMUNICATE OR COLLAPSE PUSHP

Worldbuilding and Ecological Readiness Cynthia Porter Rosenfeld,2023-11-02 This book addresses how people in digital communities during the Anthropocene can become ecologically ready participants who are willing to build a flourishing relationship with the environment through a lens of community and care The community care paradigm is theorized as a way of understanding and living in the more than human world that is based on a relational ontology situated knowledges and ethics of care that takes individuals in communities as its basic unit of consideration The author draws together disparate lines of inquiry including ancient and contemporary rhetoric media studies ethical philosophy and animal studies to highlight how the digital discourses occurring in the Anthropocene can help illuminate the partial processual active and rhetorical nature of flourishing of our bodies our selves and our environment Each chapter of the book contributes to theorizing and illuminating how digital rhetorics can provide individuals with ecological readiness the ability to craft more than human worlds of contingent wellbeing and vulnerable flourishing **Contemplating Maternity in an Era of Choice** Sara

Hayden, Lynn O'Brien Hallstein, 2010-06-14 Women who came of age in the late twentieth century were raised in the era of choice they grew up believing that reproductive decision making is a political right a responsibility of women living the successes of second wave feminism and under their control *Contemplating Maternity in an Era of Choice Explorations into Discourses of Reproduction* explores contemporary maternity both within and in light of these late twentieth century understandings Employing a variety of feminist communication approaches the volume's contributors discuss how discourses of choice shape and are shaped by women's identities and experiences as non mothers and how those same discourses affect and reflect private practices and public policies related to reproduction and motherhood Through this process the contributors illustrate a variety of ways of conducting feminist thinking research and practices within the communication discipline Major sub disciplines within communication studies are represented here including feminist organizational interpersonal rhetorical critical cultural and social movement studies Whereas many of the previous scholarly investigations into maternity highlight only one aspect or phase of motherhood *Contemplating Maternity in an Era of Choice* is unique because it investigates discourses of choice across the arc of maternity and as enacted through various non maternal subject positions

The Handbook of Communication Ethics George Cheney, Steve May, Debashish Munshi, 2011-01-18 The *Handbook of Communication Ethics* serves as a comprehensive guide to the study of communication and ethics It brings together analyses and applications based on recognized ethical theories as well as those outside the traditional domain of ethics but which engage important questions of power equality and justice The work herein encourages readers to make important connections between matters of social justice and ethical theory This volume makes an unparalleled contribution to the literature of communication studies through consolidating knowledge about the multiple relationships between communication and ethics by systematically treating areas of application and by introducing explicit and implicit examinations of communication ethics to one another The Handbook takes an international approach analyzing diverse cultural contexts and comparative assessments The chapters in this volume cover a wide range of theoretical perspectives on communication and ethics including feminist postmodern and postcolonial engage with communication contexts such as interpersonal and small group communication journalism new media visual communication public relations and marketing and explore contemporary issues such as democracy religion secularism the environment trade law and economics The chapters also consider the dialectical tensions between theory and practice academic and popular discourses universalism and particularism the global and the local and rationality and emotion An invaluable resource for scholars in communication and related disciplines the Handbook also serves as a main point of reference in graduate and upper division undergraduate courses in communication and ethics It stands as an exceptionally comprehensive resource for the study of communication and ethics

Gender Stories Sonja K. Foss, Mary E. Domenico, Karen A. Foss, 2012-06-06 Essential for anyone who seeks to understand the contemporary gender landscape *Gender Stories* defines gender as the socially constructed meanings that are

assigned to bodies The book helps readers navigate issues of gender by introducing them to the ubiquitous gender binary the problems with much of the research on gender differences and the variety of gender stories in popular culture At the heart of the book is a description of the process of becoming a gendered person through crafting and performing gender stories Because each gender performance is unique a virtually unlimited number of genders exists not just two as the gender binary would have us believe The same multiplicity that characterizes the gender landscape characterizes the individual who typically changes gender multiple times a day and across the lifespan In Gender Stories personal gender performances are framed within a philosophy of choice Readers are encouraged to become more conscious of the choices they have in constructing their gender identities and to allow others the same choice by respecting their gender performances Readers will easily find a place for themselves in the book regardless of their views on gender because one perspective on gender is not presented as the right one Gender Stories affirms and legitimizes diverse perspectives as providing more comprehensive knowledge about gender for everyone *Breaking Boundaries* Kathleen P. Hunt, Gregg B. Walker, Stephen P.

Depoe, 2019-12-01 *Breaking Boundaries* analyzes efforts made by communities and policy makers around the world to push beyond conventional approaches to environmental decision making to enhance public acceptance sustainability and the impact of those decisions in local contexts The current political climate has generated uncertainty among citizens industry interests scientists and other stakeholders but by applying concepts from various perspectives of environmental communication and deliberative democracy this book offers a series of lessons learned for both public officials and concerned citizens The contributors offer a broader understanding of how individuals and groups can get involved effectively in environmental decisions through traditional formats as well as alternative approaches ranging from leadership capacity building to social media activity to civic technology **Reader's Guide to Lesbian and Gay Studies** Timothy

The Rhetorical Career of Cesar Chavez John C. Hammerback, Richard J. Jensen, 2003-04 Although born into one of the least powerful segments of American society C sar Ch vez led the farm labor movement to unprecedented heights His powerful effect on audiences is well known but award winning scholars John C Hammerback and Richard J Jensen offer the first explanation of how Ch vez achieved that effect Although other studies of Ch vez exist none has examined so thoroughly his rhetoric nor analyzed in depth such a large number of Ch vez s own texts scores of which have previously been unstudied Ch vez was an indefatigable speaker writer and non discursive communicator who developed a well thought out approach to his rhetorical discourse and placed his speaking and writing at the very center of his career By merging thought and character in his themes arguments and explanations and in his first and second personae Ch vez was able to identify with the character of his listeners That identification induced many audience members

to support Ch vez s agenda for union activism The authors have developed a model to help explain Ch vez s startling transformation of some audiences and persuasion of others Hammerback and Jensen reveal that Ch vez s world view motivated him to work tirelessly and directed him to the particular rhetorical qualities and techniques that characterized his discourse The authors also demonstrate Ch vez s surprising effectiveness as a rhetor despite his soft spoken style uncharacteristic of most powerful orators
