Between Two Revolutions Ervand Abrahamian, 1982-07-21 Emphasizing the interaction between political organizations and social forces Ervand Abrahamian discusses Iranian society and politics during the period between the Constitutional Revolution of 1905 1909 and the Islamic Revolution of 1977 1979 Presented here is a study of the emergence of horizontal divisions or socio economic classes in a country with strong vertical divisions based on ethnicity religious ideology and regional particularism Professor Abrahamian focuses on the class and ethnic roots of the major radical movements in the modern era particularly the constitutional movement of the 1900s the communist Tudeh party of the 1940s the nationalist struggle of the early 1950s and the Islamic upsurge of the 1970s In this examination of the social bases of Iranian politics Professor Abrahamian draws on archives of the British Foreign Office and India Office that have only recently been opened newspaper memoirs and biographies published in Tehran between 1906 and 1980 proceedings of the Iranian Majles and Senate interviews with retired and active politicians and pamphlets books and periodicals distributed by exiled groups in Europe and North America in the period between 1953 and 1980 Professor Abrahamian explores the impact of socio economic change on the political structure especially under the reigns of Reza Shah and Muhammad Reza Shah and throws fresh light on the significance of the Tudeh party and the failure of the Shah's regime from 1953 to 1978 **Imagining Iran** Majid Sharifi, 2013-08-22 Thematically this book problematizes Iranian official nationalism It reviews how every modern Iranian regime since the constitutional revolution of the 1905 06 has failed to legitimize its official identity resulting in the fall of five different regimes The book details how the collapse of each regime resulted in the interruption of the official

meaning of being Iranian as well as the meanings of its enemies What remained the same was how every Iranian regime represented itself as the agent of a particular national desire defined in terms of making Iran to become sovereign developed democratic and constitutional Nonetheless no regime was able to convince a great majority of the people that it achieved what it represented This book makes three specific contributions The first contribution is pedagogical By focusing on the dynamics of regime changes it provides a heuristic model for identifying challenges that all Iranian regimes have faced Moreover the book is a comprehensive review of the disruptive oppressive and bloody nature of the rise and fall of different regimes The second contribution is theoretical Rather than examining the behavior of various Iranian regimes in isolation from their international context the book examines how each regime got to understand itself in relations to its imperial others By examining the governmental rationality of each regime the book offers a better theoretical framework for understanding political development not only in Iran but also in all other Middle Eastern and South Asian states Finally the third contribution of this book is its critical approach to the main body of the literature on Iran modernity development democracy and constitutionalism

Politics and Poetica of Rights in Modern Iran Behzad Zerehdaran, 2024-03-29 This book delves into the history of subjective rights within the context of 19th century Iran specifically during the eventful Qajar era The crux of its research lies in the emergence and evolution of the concept of subjective rights as opposed to the notion of objective rights During this pivotal period this transition marked a paradigm shift from right as to be right to right as to have a right A central pillar of this book is the creation of a meta theory one that sheds light on the semantical evolution of the concept of rights Within these pages readers will find a concise history tracing the conceptual path that led from the objective to the subjective realm of rights In addition to these historical explorations it delves into the intricate field of rights theory investigating the foundations and justifications of rights Employing the Hohfeldian framework it analyses various conceptions of rights as they manifest within travel literature enlightenment literature and dream literature of the Qajar era This book will be of interest to scholars and students with an interest in Iranian studies Iranian history Persian literature and human rights

The Rite of Urban Passage Reza Masoudi, 2018-08-17 The Iranian city experienced a major transformation when the Pahlavi Dynasty initiated a project of modernization in the 1920s The Rite of Urban Passage investigates this process by focusing on the spatial dynamics of Muharram processions a ritual that commemorates the tragic massacre of Hussein and his companions in 680 CE In doing so this volume offers not only an alternative approach to understanding the process of urban transformation but also a spatial genealogy of Muharram rituals that provides a platform for developing a fresh spatial approach to ritual studies

A Social Revolution Kevan Harris, 2017-08-08 For decades political observers and pundits have characterized the Islamic Republic of Iran as an ideologically rigid state on the verge of collapse exclusively connected to a narrow social base In A Social Revolution Kevan Harris convincingly demonstrates how they are wrong Previous studies ignore the forceful consequences of three decades of social change following the 1979

revolution Today more people in the country are connected to welfare and social policy institutions than to any other form of state organization In fact much of Iran s current political turbulence is the result of the success of these social welfare programs which have created newly educated and mobilized social classes advocating for change Based on extensive fieldwork conducted in Iran Harris shows how the revolutionary regime endured through the expansion of health education and aid programs that have both embedded the state in everyday life and empowered its challengers This focus on the social policies of the Islamic Republic of Iran opens a new line of inquiry into the study of welfare states in countries where they are often overlooked or ignored

Oil, Nationalism and British Policy in Iran Jack Taylor, 2023-12-28 As new nations were formed from the declining British Empire a murky world of diplomats oil executives and spies were determined to maintain London s grip on Iran and its strategic oil reserves Directed from Whitehall by successive governments this book explores the complexities and ambiguities of British policy in Iran and demonstrates its centrality to post war imperial reorientation Situating Iran within Britain s informal empire Jack Taylor demonstrates that Clement Attlee s Labour Government saw Iranian oil as critical to the construction of a domestic New Jerusalem and used coercion propaganda and espionage to preserve their control over it In doing so they were forced to confront not only the emerging Cold War but local resistance expressed through diverse forms including trade unionism Soviet inspired Marxism and popular nationalism *Oil Nationalism and British Policy in Iran* offers new insight into the scale of British interference in Iran and its ultimate failure It reveals that as London s policy floundered the United States independently took steps to safeguard their own regional economic and security interests Although British actors were critical in the operation to depose Prime Minister Mohammad Mossadegh following his government s nationalisation of the oil industry they were ultimately unable to sustain their informal empire in Iran

Book of Queens Pardis Mahdavi, 2023-08-22 The untold story of generations of Middle Eastern freedom fighters horsewomen who safeguarded an ancient breed of Caspian horse and their efforts to defend their homelands from the Taliban and others seeking to destroy them A breathtaking book that revisits nearly one hundred years of Iranian history highlighting the power and beauty of women who refuse to be subdued Alison Hawthorne Deming author of *A Woven World* *Book of Queens* reaches back centuries to the Persian Empire and a woman disguised as a man facing an invading army protected only by light armor and the stallion she sat astride Mahdavi draws a thread from past to present from her fearless Iranian grandmother who guided survivors of domestic violence to independent mountain colonies in Afghanistan where the women led by a general named Mina became their country s first line of defense from marauding warlords To the female warriors who helped train and breed the horses used by US Green Berets when they touched down in October 2001 with a mission but insufficient intelligence on the ground women whose contributions were then forgotten Pardis Mahdavi chases the legacy of Caspian horses and the women whose lives are saved by them drawing on decades of research newly discovered diaries and exclusive military sources Among those intersecting stories is that of American Louise Firouz who helped bring

the breed back from the brink of extinction connecting Virginia traders to British royals to the son of the Shah Firouz's life is forever changed when she meets Mahdavi's own family who run an unusual smuggling operation in addition to raising horses in a wild bid for freedom *Book of Queens* is an epic tale of hidden women whose communal knowledge was instrumental in saving an animal as ancient as civilization and who were the genesis of their own liberation *The Last Shah Ray*

Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries An original interpretation that puts Iranian actors where they belong at center stage Michael Doran Wall Street Journal An extraordinary account Deeply nuanced and eloquent Benjamin Weinthal Jerusalem Post Offering a new view of one of America's most important infamously strained and widely misunderstood relationships of the postwar era this book tells the history of America and Iran from the time the last shah Mohammad Reza Pahlavi was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power This revolution was not as many believe the popular overthrow of a powerful and ruthless puppet of the United States rather it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history The Oxford Handbook of Contemporary Middle-Eastern and North African History Jens Hanssen, Amal N.

Passionate Uprisings Pardis Mahdavi, 2019-10-08 There is perhaps no place in the world today where the stakes of partying and having sex are higher than in present day Iran Drinking and dancing can lead to arrest by the morality police and a punishment of up to 70 lashes Consequences for sex outside of marriage can be even more severe up to 84 lashes or even public execution But even under the threat of such harsh punishment a sexual revolution is taking place Iranian youth continually risk personal safety to meet friends date and ultimately to have sex In the absence of any option for overt political dissent young people have become part of a self proclaimed revolution in which they are using their bodies to make social and political statements Sex has become both a source of freedom and an act of political rebellion With unprecedented access inside turn of the century Iran Pardis Mahdavi offers a firsthand look at the daily lives of Iranian youth They are given a voice as she tells the stories of their intertwined quests for sexual freedom political reform and a better future but not a future without risk The sexual revolution is also leading to increased levels of abortion HIV AIDS sexually transmitted diseases and ongoing emotional troubles and mental illnesses with worrying implications for Iranian youth and Iranian society at large *Passionate Uprisings* is a fascinating ground breaking and personal look into a society that is poorly understood if it is understood at all by the majority of Westerners today Mahdavi's narrative provides not only an invaluable insight into the real lives of much of Iran's population but shows how sexual politics and the youth culture could even destabilize the current regime and change the course of Iranian politics

Poppies, Politics, and Power James Tharin Bradford, 2019-06-15 Historians have long neglected Afghanistan's broader history when portraying the opium industry But in *Poppies Politics and Power* James Tharin Bradford rebalances the discourse showing that it is not the past forty years of lawlessness that makes the opium industry what it is but the sheer breadth of the twentieth century Afghanistan experience Rather than byproducts of a failed contemporary system argues Bradford drugs especially opium were critical components in the formation and failure of the Afghan state In this history of drugs and drug control in Afghanistan Bradford shows us how the country moved from licit supply of the global opium trade to one of the major suppliers of hashish and opium through changes in drug control policy shaped largely by the outside force of the United States *Poppies Politics and Power* breaks the conventional modes of national histories that fail to fully encapsulate the global nature of the drug trade By providing a global history of opium within the borders of Afghanistan Bradford demonstrates that the country's drug trade and the government's position on that trade were shaped by the global illegal market and international efforts to suppress it By

weaving together this global history of the drug trade and drug policy with the formation of the Afghan state and issues within Afghan political culture Bradford completely recasts the current Afghan and global drug trade **Justice**
