Johnson, David Lauber, 2016-06-16 The T 2 Major Figures and Traditions and 3 Dogmatic Concerns The first set of essays explores the biblical and rabbinic accounts of sin to bring out the complexities of the biblical presentation and its implications The second

section discusses the role of the doctrine of sin in the theology of key theologians with a special attention to explaining how the doctrine contributes to an understanding of their overall theology The final section explores key dogmatic questions and concerns related to the doctrine of sin e g original sin sin and the question of evil and providence sin and the freedom of the will

**The Singing-Masters** Aidan Nichols,2023-02-25 A study of the theological achievements of the patristic age via sixteen representative figures These Fathers were chosen especially for their influential and authoritative life in the Church

**Divine Providence and Human Agency** Alexander S. Jensen,2016-05-13 Divine Providence and Human Agency develops an understanding of God and God s relation to creation that perceives God as sovereign over creation while at the same time allowing for a meaningful notion of human freedom This book provides a bridge between contemporary approaches that emphasise human freedom such as process theology and those influenced by it and traditional theologies that stress divine omnipotence This book argues that it is essential for Christian theology to maintain that God is ultimately in charge of history otherwise there would be no solid grounds for Christian hope Yet the modern human self understanding as free agent within certain limitations must be taken seriously Jensen approaches this apparent contradiction from within a consistently trinitarian framework Jensen argues that a Christian understanding of God must be based on the experience of the saving presence of Christ in the Church leading to an apophatic and consistently trinitarian theology This serves as the framework for the discussion of divine omnipotence and human freedom On the basis of the theological foundation established in this book it is possible to frame the problem in a way that makes it possible to live within this tension Building on this foundation Jensen develops an understanding of history as the unfolding of the divine purpose and as an expression of God s very being which is self giving love and desire for communion This book offers an important contribution to the debate of the doctrine of God in the context of an evolutionary universe

**Getting to Know the Church Fathers** Bryan M.

Litfin,2016-07-19 A Trusted Introduction to the Church Fathers This concise introduction to the church fathers connects evangelical students and readers to twelve key figures from the early church Bryan Litfin engages readers with actual people not just abstract doctrines or impersonal events to help them understand the fathers as spiritual ancestors in the faith The first edition has been well received and widely used This updated and revised edition adds chapters on Ephrem of Syria and Patrick of Ireland The book requires no previous knowledge of the patristic period and includes original easy to read translations that give a brief taste of each writer s thought

**Dying to Reach God** William W. Weber,2024-08-01 What happened to the church after the apostles were gone Men they ordained like Ignatius and Polycarp demonstrate what it was like They left behind nine amazing writings that illuminate the mystery of Jesus Christ and the challenges of the second century church This book has translations for each text with side by side commentary and other aids to help the reader understand and apply what is being said Ignatius bishop of Antioch wrote seven letters on his way to Rome to be martyred in the arena Six of these went to churches including three churches that the apostle John had written to Ignatius s seventh

letter went to Polycarp bishop of Smyrna He in turn wrote a letter to the church at Philippi the very church the apostle Paul founded and wrote to The final piece the first of its kind is a detailed account of Polycarp's arrest and martyrdom in imitation of the Lord The purpose of this book is to encourage and exhort readers to learn from the words and deeds of Ignatius and Polycarp how to follow Christ in the apostolic way of sacrificial and submissive love      *Representation and ultimacy : Christian religion as unfinished business* Jan-Olav Henriksen,2020-01-01 Jan Olav Henriksen investigates the close relationship between God and human beings via an understanding of religion as clusters of practices that relate humans to ultimacy by different types of representation Christian religion articulates its belief in God as creator manifest in the power to be and redeemer represented in the life and ministry of Jesus Christ Christ thus is the primary representation of God as the ultimate reality of love He is also the true image of God and the model for how humans are also called to represent God in love The human features of desire and vulnerability as these express elements that shape form and articulate challenges for human life present humans with the need for orienting themselves and for different types of transformation Christian religion articulates a specific mode of how to cope with these challenges presented by desire and vulnerability by living in love Against this backdrop Henriksen argues that neither how one understands religion God nor how to live a life that relates to ultimacy can be tasks fulfilled as long as history goes on      Renewing Our Hope Robert Barron,2020-08-12 In a time of discouragement how can the Church renew itself and its outreach to all people Bishop Robert Barron Auxiliary Bishop of the Archdiocese of Los Angeles insists that a dumbed down Catholicism cannot succeed in today's highly educated society instead the Church needs to draw upon its great theological heritage in order to renew its hope in Christ With *Renewing Our Hope* Essays for the New Evangelization Bishop Barron traces this renewal through four stages *Renewing Our Mission* lays out the challenges that call for Catholics to become more aware of their own intellectual resources in encountering the Nones *Renewing Our Minds* showcases the importance of theological reflection as a font of wisdom and sanity in the Church touching on Thomas Aquinas Hans Urs von Balthasar the recently canonized John Henry Newman and Pope Francis In *Renewing the Church* he proceeds to look at how Scripture the family the seminary and Catholic college graduates can each contribute to this renewal Finally in *Renewing Our Culture* he returns to the judgments Catholics must make in assessing contemporary culture specifically family life liberalism relativism and surprisingly the beauty of cinema Bishop Barron known as the host of the Catholicism PBS video series was previously rector and professor of systematic theology at Mundelein Seminary outside Chicago Illinois He demonstrates again in *Renewing Our Hope* his ability to make the fruits of his wide reading accessible to a broad audience while still giving his academic colleagues much to consider      **Why Bíos? On the Relationship Between Gospel Genre and Implied Audience** Justin Marc Smith,2015-02-26 Justin Marc Smith argues that the gospels were intended to be addressed to a wide and varied audience He does this by considering them to be works of ancient biography comparative to the Greco Roman biography The earliest Christian interpreters of the Gospels did not

understand their works to be sectarian documents Rather the wider context of Jesus literature in the second and third centuries points toward the broader Christian practice of writing and disseminating literary presentations of Jesus and Jesus traditions as widely as possible Smith addresses the difficulty in reconstructing the various gospel communities that might lie behind the gospel texts and suggests that the all nations motif present in all four of the canonical gospels suggests an ideal secondary audience beyond those who could be identified as Christian

The Cambridge Companion to Vatican II Richard R. Gaillardetz, 2020-05-28 This Companion provides an accessible guide for those seeking to comprehend the significance of Vatican II for Catholicism today It offers a thorough overview of the Second Vatican Council the most significant event in the history of Roman Catholicism since the Protestant Reformation Almost six decades since the close of the council its teaching remains what one pope referred to as a sure compass for guiding today's church The first part of the Companion examines the historical theological and ecclesial contexts for comprehending the significance of the council It also presents the key processes as well as the participants who were central to the actual conduct of the council The second part identifies and explores the central themes embedded in the council documents The Companion concludes with a unique appendix intended to guide students wishing to pursue more advanced research in Vatican II studies

**Autism, Humanity and Personhood** Jennifer Anne Cox, 2017-05-11 Theological anthropology is charged with providing an understanding of the human but there are numerous challenges to this Autism is a pervasive developmental disorder the main characteristic of which is difficulty in social interaction In its severest form a person with low functioning autism may be both intellectually impaired and unable to relate to others as persons Theological anthropology can exclude people who are cognitively impaired because it has historically upheld reason as the image of God Recent theology of intellectual disability has bypassed this difficulty by emphasising relationality as the image of God However this approach has the unfortunate consequence of excluding people with severe low functioning autism This calls for a new approach to theological anthropology Autism Humanity and Personhood provides a Christ centred inclusive anthropology which does not exclude people with severe autism The book takes a conservative evangelical approach to severe autism and the challenges it poses to theological anthropology It considers significant aspects of salvation history creation incarnation atonement and resurrection in order to build a solid theological foundation for an inclusive theological anthropology As long as we look within the individual it is difficult to find a solid basis for the humanity of people who are severely intellectually and developmentally impaired Instead of trying to ground humanity and personhood within the individual with autism the book outlines an extrinsic basis for theological anthropology That extrinsic basis is the gift of humanness and personhood from Jesus Christ who alone is fully human and the true image of God Jesus has overcome sin and death which have wreaked havoc on the human person Therefore his incarnate life death and resurrection are more than enough basis to declare that people with the most severe intellectual and developmental impairment are truly human persons

**The 'Geometrics' of the Rahab Story** Andrzej Toczyski

SDB,2018-05-17 Examines the dialectic relationship between the text conceived as the vehicle of narrative communication and the reader in an assement of the story of Rahab the prostitute from Jericho in Josuha 2 Toczyski uses his study to examine how this story has been read by various audiences across time the different interpretive perspectives and methodologies that have thus been brought to the text and the influences this has had on the manner in which the story has been interpreted In particular Toczyski focuses on internal literary analysis of Joshua 2 and the external historical approach and what this can say about the readers of the text The purpose of such insight is to register how successive interpretations overlap and set the interpretative pattern for subsequent generations of readers As a result of this conceptual framework Toczyski presents the Rahab story in the broader context of the communicative process which has been challenging the story s readers for centuries This deep immersion into both internal and external contexts reveals the generally overlooked thread within the Rahab story namely the power of storytelling which may prove relevant for contemporary readers by providing grounds for inter cultural dialogue in the postmodern world

**Eucharist** Robert Barron,2021-07-15 For many Catholics today the Eucharist is merely a symbol of Christ and the Mass is merely a collectivity of like minded individuals gathering to remember his life But the truth of what is made present on the altar and what the faithful dare to receive into their bodies and souls is far more strange and beautiful In this engaging theological treatise Bishop Robert Barron offers a reintroduction to the ancient meaning and power of the Eucharist Through a threefold analysis of the Eucharist as sacred meal sacrifice and Real Presence distinct but tightly interwoven motifs grounded in Scripture Bishop Barron draws readers into the profound truth flowing out of Jesus words at the Last Supper Take eat this is my body Drink from it all of you for this is my blood of the covenant We are not merely invited to remember Jesus or imitate his moral example we are invited to the grace of communion and ultimately to the realm of God by eating and drinking the very self that he offers in sacrifice

careers and the pressing issues that Christian scholars will need to address in the twenty first century This volume offers an accessible portrait of key trends in the world of Christian scholarship today Christian Thought in the Twenty First Century features scholars from Great Britain Canada the United States and Switzerland The contributors represent a wide variety of academic backgrounds from biblical studies to theology to religious studies to history English literature philosophy law and ethics This book offers a personal glimpse of Christian scholars in a self reflective mode capturing their honest reflections on the changing state of the academy and on changes in their own minds and outlooks The breadth and depth of insight afforded by these contributions provide rich soil for a reader s own reflections and an agenda that will occupy Christian thinkers well into the twenty first century

*Christians in Caesar's Household* Michael Flexsenhar III, 2019-02-21 In this volume Michael Flexsenhar III advances the argument that imperial slaves and freedpersons in the Roman Empire were essential to early Christians self conception as a distinct people in the Mediterranean and played a multifaceted role in the making of early Christianity Scholarship in early Christianity has for centuries viewed Roman emperors slaves and freedmen as responsible for ushering Christianity onto the world stage traditionally using Paul s allusion to the saints from Caesar s household in Philippians 4:22 as a core literary lens Merging textual and material evidence with diaspora and memory studies Flexsenhar expands on this narrative to explore new and more nuanced representations of this group showing how the long accepted stories of Christian slaves and freedpersons in Caesar s household should not be taken at face value but should instead be understood within the context of Christian myth and meaning making Flexsenhar analyzes textual and material evidence from the first to the sixth century spanning Roman Asia the Aegean rim Gaul and the coast of North Africa as well as the imperial capital itself As a result this book shows how stories of the emperor s slaves were integral to key developments in the spread of Christianity generating origin myths in Rome and establishing a shared history and geography there differentiating and negotiating assimilation with other groups and expressing commemorative language ritual acts and a material culture With its thoughtful critical readings of literary and material sources and its fresh analysis of the lived experiences of imperial slaves and freedpersons *Christians in Caesar s Household* is indispensable reading for scholars of early Christianity the origins of religion and the Roman Empire

**Why Does God Seem So Hidden?** Joshua C.

Waltman, 2023-04-06 Why does God seem so hidden obscure and silent Why doesn t he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God s revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor

necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness     *Icon of the Kingdom of God* Radu Bordeianu, 2023-05-19 What is the Church Some would answer this question by studying the Scriptures the history of the Church and contemporary theologians thus addressing the theological nature of the Church Others would answer based on statistics interviews and personal observation thus focusing on the experience of the Church These theological and experiential perspectives are in tension or at times even opposed Whereas the first might speak about the local church as the diocese gathered in the Liturgy presided over by its bishop the latter would describe the local church as the parish community celebrating the Liturgy together with the parish priest never experiencing a sole liturgy that gathers an entire diocese around its bishop Whereas a theologian might abstractly describe the Church as a reflection of the Trinity a regular church member might concretely experience the Church as a community that manifests the Kingdom of God in its outreach ministries Radu Bordeianu attempts to bring these two perspectives together starting from the concrete experience of the Church engaging this experience with the theological tradition of the Church extracting ecclesiological principles from this combined approach and then highlighting concrete situations that reflect those standards or proposing correctives when necessary Without pretending to be a complete Orthodox ecclesiology *Icon of the Kingdom of God* addresses the most important topics related to the Church It progresses according to one's experience of the Church from baptism to the family parish Liturgy and priesthood followed by analyses of synodality and nationality Arguing that the Church is an icon of the Kingdom of God this volume brings together the past theological heritage and the present experience of the Church while having three methodological characteristics experiential Kingdom centered and ecumenical     *Secularism and the Pursuit of Transcendence, Volume II* Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even

to perceive the Transcendent s pursuit of us
