Mag Madame Figaro 2014 04 18:

The Political Economy of Household Services in Europe Clément Carbonnier, 2015-09-01 This edited volume assesses from a variety of perspectives the policies introduced to support the development of household services across Europe It highlights the impact of these costly policies on the creation of low quality jobs and on labour market dualisation and questions their social and economic outcomes

Humour in Contemporary France Jonathan Ervine, 2019-11-29 Humour and freedom of expression were widely discussed following the January 2015 Charlie Hebdo attacks However much analysis failed to assess the evolution of French humour in recent decades This book examines what both Charlie Hebdo and French stand up comedy can tell us about multiculturalism and humour in contemporary France

After Marriage Equality Carlos A. Ball, 2019-05-01 Examines the impact of marriage equality on the future of LGBT rights In persuading the Supreme Court that same sex couples have a constitutional right to marry the LGBT rights movement has achieved its most important objective of the last few decades Throughout its history the marriage equality movement has been criticized by those who believe marriage rights were a conservative cause overshadowing a host of more important issues Now that nationwide marriage equality is a reality everyone who cares about LGBT rights must grapple with how best to promote the interests of sexual and gender identity minorities in a society that permits same sex couples to marry This book brings together 12 original essays by leading scholars of law politics and society to address the most important question facing the LGBT movement today What does marriage equality mean for the future of LGBT rights

After Marriage Equality explores crucial and wide ranging social political and legal issues confronting the LGBT movement including the impact of marriage equality on political activism and mobilization antidiscrimination laws transgender rights LGBT elders parenting laws and policies religious liberty sexual autonomy and gender and race differences The book also looks at how LGBT movements in other nations have responded to the recognition of same sex marriages and what we might emulate or adjust in our own advocacy Aiming to spark discussion and further debate regarding the challenges and possibilities of the LGBT movement's future *After Marriage Equality* will be of interest to anyone who cares about the future of sexual equality

Eurasianism and the European Far Right Marlene Laruelle, 2015-07-01 The 2014 Ukrainian crisis has highlighted the pro Russia stances of some European countries such as Hungary and Greece and of some European parties mostly on the far right of the political spectrum They see themselves as victims of the EU technocracy and liberal moral values and look for new allies to denounce the current mainstream and its austerity measures These groups found new and unexpected allies in Russia As seen from the Kremlin those who denounce Brussels and its submission to U S interests are potential allies of a newly re assertive Russia that sees itself as the torchbearer of conservative values Predating the Kremlin's networks the European connections of Alexander Dugin the fascist geopolitician and proponent of neo Eurasianism paved the way for a new pan European illiberal ideology based on an updated reinterpretation of fascism Although Dugin and the European far right belong to the same

ideological world and can be seen as two sides of the same coin the alliance between Putin's regime and the European far right is more a marriage of convenience than one of true love This unique book examines the European far right's connections with Russia and untangles this puzzle by tracing the ideological origins and individual paths that have materialized in this permanent dialogue between Russia and Europe

Gender and Religious Leadership Hartmut Bomhoff, Denise L. Eger, Kathy Ehrensperger, Walter Homolka, 2019-10-18 This volume analyzes historical and recent developments in female religious leadership and the larger issues shaping the scholarly debate at the intersection of gender and religious studies Jewish activism and scholarship have been crucial in linking theology and gender issues since the early twentieth century Academic and vocational leadership and training have had significant concrete impact on religious communal practices and formation across the US and Europe At the same time these models provide important avenues of constructive dialogue and comparative ecumenical and interfaith enterprises This volume investigates those possibilities towards constructive activist holistic female ministerial leadership for religious faith communities

Gender Testing in Sport Sandy Montanola, Aurélie Olivesi, 2016-02-05 After the young South African athlete Caster Semenya won the 800m title at the 2009 World Championships she was obliged to undergo gender testing and was temporarily withdrawn from international competition The way that this controversy unfolded represents a rich and multi-layered example of the construction of gender in wider society and the interrelationships between sport culture and the media This is the first book to explore the case in depth from socio-cultural, ethical and legal perspectives Analysing what came to be called the Caster Semenya Case in a comprehensive and multi-disciplinary fashion and covering issues from media discourses and the rhetoric and regulations of the sport's governing bodies to the reaction of the athlete herself the book explores the ethics of how gender norms in sport and in society more generally are constructed through appearance behaviour and sporting performance This 2009 controversy can be taken as an indicator of the tensions of the time and served as a link between medical sciences, society and gender Including discussions of key concepts such as intersex, body norms and fairness Gender Testing in Sport is fascinating and important reading for anybody with an interest in sport studies, gender studies or biomedical ethics

Sports Agents and Labour Markets Giambattista Rossi, Anna Semens, Jean Francois Brocard, 2016-06-10 The sports agent has become a highly significant figure in contemporary sport business The role of the agent is essential to our understanding of labour markets and labour relations in an increasingly globalised sports industry Drawing on extensive empirical research into football around the world this book explains what agents do how their role has changed and why this is important for future sport business Offering analysis from economic, legal, social and historical perspectives the book explores key topics such as the history of sports agents including the emergence of the modern agent in US sport typologies and demographic profiles of agents in football valuations and organisational analysis of leading European agents and agencies relations between agents and clubs future directions for research into sports agents Focusing

on the major European leagues this book goes further than any other in illuminating an important but under researched aspect of contemporary sport business It is a valuable resource for any student researcher or policy maker with an interest in sport business sport management sport policy the economics of sport or labour economics **Kremlin Winter** Robert Service,2019-10-03 In *Kremlin Winter* Robert Service acclaimed biographer of Lenin Stalin and Trotsky and one of the finest historians of modern Russia brings his deep understanding of that country to bear on the man who leads it One of our most accomplished erudite and prolific historians of modern Russia Rodric Braithwaite New Statesman Vladimir Putin has dominated Russian politics since Boris Yeltsin relinquished the presidency in his favour in May 2000 He served two terms as president before himself relinquishing the post to his prime minister Dimitri Medvedev only to return to presidential power for a third time in 2012 Putin s rule whether as president or prime minister has been marked by a steady increase in domestic repression and international assertiveness Despite this there have been signs of liberal growth and Putin and Russia now faces a far from certain future Robert Service reveals a premier who cannot take his supremacy for granted yet is determined to impose his will not only on his closest associates but on society at large *Kremlin Winter* is a riveting insight into power politics as Russia faces a blizzard of difficulties both at home and abroad A masterful portrait of Putin and Russia Jack Coleman Daily Telegraph *Information Processing and Management of Uncertainty in Knowledge-Based Systems* Joao Paulo Carvalho,Marie-Jeanne Lesot,Uzay Kaymak,Susana Vieira,Bernadette Bouchon-Meunier,Ronald R. How the French Think Sudhir Hazareesingh, 2015-09-22 An award winning historian presents an absorbing account of the French mind shedding light on France s famous tradition of intellectual life Why are the French such an exceptional nation Why do they think they are so exceptional The French take pride in the fact that their history and culture have decisively shaped the values and ideals of the modern world French ideas are no less distinct in their form while French thought is abstract stylish and often opaque it has always been bold and creative and driven by the relentless pursuit of innovation In How the French Think the internationally renowned historian Sudhir Hazareesingh tells the epic and tumultuous story of French intellectual thought from Descartes Rousseau and Auguste Comte to Sartre Claude L Strauss and Derrida He shows how French thinking has shaped fundamental Westerns ideas about freedom rationality and justice and how the French mind set is intimately connected to their own way of life in particular to the French tendency towards individualism their passion for nature their celebration of their historical heritage and their fascination with death Hazareesingh explores the French veneration of dissent and skepticism from Voltaire to the Dreyfus Affair and beyond the obsession with the protection of French language and culture the rhetorical flair embodied by the philosophes which today s intellectuals still try to recapture the astonishing influence of French postmodern thinkers including Foucault and Barthes on postwar American education and life and also the growing French anxiety about a globalized world order under American hegemony How the French Think sweeps aside generalizations and easy stereotypes to offer an incisive and revealing exploration of the French intellectual tradition Steeped in a colorful range of sources and written with warmth and humor this book will appeal to all lovers of France and of European culture

War and Language - Russian Invasion of Ukraine in National Political Discourses Radoslav Štefančík, 2024-11-15 This book focuses on the war in Ukraine and how politicians commented on this issue in the first months after the invasion The reactions of heads of state to the Russian invasion of Ukraine have varied even in the democratic world While an overwhelming rejectionist view was expressed in

Western European politicians in some Central and Eastern European have demonstrated a difficulty seeing the Kremlin as the culprit for the war. The main aims of the book are to examine how politicians in selected countries reacted to the war to identify the main actors of the political discourse and how the political elites formed their positions to analyze the content of the discourse and how the various supported or opposing positions on the war were formulated and to examine the linguistic means and strategies employed by the political elite. The authors examined political discourse in Slovakia, Hungary, France, Russia, Spain, Ukraine, the United Kingdom, and Austria and compared and contrasted the features of political discourse in countries with a long democratic tradition with those in Central and Eastern European countries which were under non-democratic regimes before 1989. There seems to be a tendency to push political discourse to a different plane in countries with a communist experience as we found solid pro-Russian sentiments in Slovakia, Hungary, and the Czech Republic that can attenuate attitudes towards Russian aggression.

Perspectives on Early Keyboard Music and Revival in the Twentieth Century Rachel Taylor, Hank Knox, 2017-12-15. The twentieth century revival of early music unfolded in two successive movements rooted respectively in nineteenth century antiquarianism and in rediscovery of the value of original instruments. The present volume is a collection of insights reflecting the principal concerns of the second of those revivals focusing on early keyboards and beginning in the 1950s. The volume and its authors acknowledge Canadian harpsichordist Kenneth Gilbert b 1931 as one of this revival's leaders. The content reflects international research on early keyboard music sources, instruments, theory, editing, and discography. Considerations that echo throughout the book are the problematics of source attributions, progressive institutionalization of early music, historical instruments as agents of artistic change and education, antecedents and networks of the revival seen as a social phenomenon, the impact of historical performance, and the quest for understanding style and genre. The chapters cover historical performance practice, source studies, edition, theory, and form, and instrument curating and building. Among their authors are prominent figures in performance music history, editing, instrument building, and restoration, and theory, some of whom engaged with the early keyboard revival as it was happening.

Rei Kawakubo Comme des Garçons Andrew Bolton, 2017-05-01. Widely recognized as among the most important and influential designers of the past forty years, Rei Kawakubo of Comme des Garçons has defined and transformed the visual language of our time. Since her Paris debut in 1981, she has blurred the divide between art and fashion and transformed customary notions of the body, beauty, and identity. This lavishly illustrated publication weaves an illuminating narrative around Kawakubo's revolutionary experiments in interstitiality, the space between boundaries. Brilliant new photographs of more than 120 examples of Kawakubo's womenswear for Comme des Garçons, accompanied by Kawakubo's commentary on her designs and creative process, reveal her conceptual and challenging aesthetic as never before. A chronology of Kawakubo's career provides additional context, and an insightful conversation with the author offers a fascinating glimpse into the mind of this fashion visionary.

The Music of Charlie Chaplin Jim Lochner, 2018-10-16. Charlie

Chaplin the actor is universally synonymous with his beloved Tramp character Chaplin the director is considered one of the great auteurs and innovators of cinema history Less well known is Chaplin the composer whose instrumental theme for Modern Times 1936 later became the popular standard Smile a Billboard hit for Nat King Cole in 1954 Chaplin was prolific yet could not read or write music It took a rotating cast of talented musicians to translate his unorthodox humming off key singing and amateur piano and violin playing into the singular orchestral vision he heard in his head Drawing on numerous transcriptions from 60 years of original scores this comprehensive study reveals the untold story of Chaplin the composer and the string of famous and not so famous musicians he employed giving fresh insight into his films and shedding new light on the man behind the icon

Spheres of Injustice Bruno Perreau, 2025-04-08 How minority issues concern all of us and why a new conception of justice grounded in solidarity can revitalize democracy How can the rights of minorities be protected in democracies The question has been front and center in the US since the Supreme Court's repeal of affirmative action In Europe too minority politics are being challenged Reactionary groups abuse the notion of minority by demanding to be protected just as minorities are while the notion of a protected class risks encouraging competition among minorities Also in the age of algorithms the very concept of minority is being transformed the law of averages is replacing that of the greater number In Spheres of Injustice Bruno Perreau shows how can we revitalize minority politics and make the fight against discrimination beneficial for all Perreau proposes thinking about minority experiences relationally How one person is governed has a direct impact on how another is Legal provisions that protect gender can be used to protect race those that protect disability can protect age sexual orientation or class and so on This is what Perreau calls intrasectionality a new concept and an innovative legal strategy which builds on the idea of intersectionality This book takes up many concrete cases discrimination at work and access to healthcare new techniques of deliberation innovative teaching practices etc and connects them to the history of minority movements the sociology of violence and contemporary theories of justice Updating one of the greatest classics of political theory Spheres of Justice A Defense of Pluralism and Equality by Michael Walzer Perreau shows that minority presence can teach new forms of responsibility to one another and that the resonances between experiences of injustice much more than a belief in shared moral principles ground a political community

European Populism in the Shadow of the Great Recession Hanspeter Kriesi, Takis S Pappas, 2024-08-22 This volume covering twenty five populist parties in seventeen European states presents the first comparative study of the impact of the Great Recession on populism Based on a common analytical framework chapters offer a highly differentiated view of how the interplay between economic and political crises helped produce patterns of populist development across Europe Populism grew strongly in Southern and Central Eastern Europe particularly where an economic crisis developed in tandem with a political one Nordic populism went also on the rise but this region's populist parties have been surprisingly responsible In Western Europe populism actually contracted during the crisis with the exception of France As for the two Anglo Celtic

countries while the UK has experienced the rise of a strong anti European populist force Ireland stands out as a rare case in which no such a party has risen in spite of the severity of its economic and political crises **Governing by fake news**

Jacques Baud,2023-03-07 What are Islamic State is seeking to create a civil war in France that Syrian President Bashar al Assad used chemical weapons that Vladimir Putin is trying to destabilise our democracies that terrorism has struck France not for what it does but for what it is that the genocide in Darfur has claimed 400 000 victims Literally none but these assertions are enough to establish the foreign policy of Western countries The author a former agent of the Swiss strategic intelligence service reviews the main contemporary conflicts that Western countries have managed with fake news over the last thirty years Utopia's Discontents Faith Hillis,2021 Utopia s Discontents provides the first synthetic treatment of the Russian revolutionary emigration before the Revolution It argues that neighborhoods created by Russian exiles became sites of revolutionary experimentation that offered their residents a taste of their anticipated utopian future
