This fantastic seven part resource offers a refreshingly simple approach to the teaching of phonics alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 7 Multisyllable Magic focuses on revising the main complex sounds from previous books and working on words with 2, 3 and 4 syllables. It also explores words with key suffixes: -tion, -sion, -ture, -sure, -cious, -cial. Each chapter contains 10 engaging activities including syllable jigsaw, sounds like a syllable, syllable trap and spelling challenge, plus handy highlighted word cards. Thorough guidance is provided on how to deliver each activity as well as a lesson planner template to support learning. Each book in the series gradually builds on children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource Phonics for Pupils with Complex SEND to be used alongside the Phonics for Pupils with Special Educational Needs programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils including AAC users and those with physical disabilities.
