Ireland in the World Angela McCarthy, 2015-06-12 This international edited book collection of ten original contributions from established and emerging scholars explores aspects of Ireland's place in the world since the 1780s It imaginatively blends comparative transnational and personal perspectives to examine migration in a range of diverse geographical locations including Ireland Scotland Wales Australia New Zealand the United States Canada Argentina Jamaica and the British Empire more broadly Deploying diverse sources including letters interviews press reports convict records and social media contributors canvas important

themes such as slavery convicts policing landlordism print culture loyalism nationalism sectarianism politics and electronic media A range of perspectives including Catholic and Protestant men and women convicts and settlers are included and the volume is accompanied by a range of striking images *McCarthyism* Charles River Charles River Editors, 2015-08-05 Includes pictures Profiles the Alger Hiss case Includes testimony from HUAC hearings and McCarthy's hearings Includes quotes from McCarthy about his career Includes online resources and a bibliography for further reading Includes a table of contents In 1947 at the start of the Cold War President Truman tried to assure Americans who were worried about Communists in government that he was not worried about the Communist Party taking over the Government of the United States but I am against a person whose loyalty is not to the Government of the United States holding a Government job They are entirely different things I am not worried about this country ever going Communist We have too much sense for that Nonetheless shortly after World War II Congress House Committee on Un American Activities HUAC began investigating Americans across the country for suspected ties to Communism The most famous victims of these witch hunts were Hollywood actors such as Charlie Chaplin whose Un American activity was being neutral at the beginning of World War II but at the beginning of the Cold War many Americans had the Red Scare Among the people called before HUAC perhaps none are as controversial as Alger Hiss Hiss had graduated from Harvard Law after which he worked as a clerk for Supreme Court Justice Oliver Wendell Holmes worked in the Roosevelt administration for the Agricultural Adjustment Association and was Head of the Carnegie Endowment for International Peace That background didn't exactly sound like one held by a Soviet spy let alone a Communist but Elizabeth Bentley a former Communist notified the Committee about a suspected spy ring and named several names including Hiss More notably Hiss was also accused of being a Communist and Soviet spy by an admitted Communist Whittaker Chambers HUAC was well in decline by the time the 60s dawned a fact so obvious that HUAC actually tried to restore its reputation by changing its name to the Internal Security Committee in 1969 Nevertheless a few years later the committee's authority was rolled into the House Judiciary Committee's bringing to an end one of Congress most controversial chapters Another factor was the disrepute the Red Scare fell into because of the antics of Wisconsin Senator Joseph McCarthy McCarthy had made waves in 1950 by telling the Republican Women's Club in Wheeling West Virginia that he had a list of dozens of known Communists working in the State Department The political theater helped Senator McCarthy become the most prominent anti Communist crusader in the government and the Rosenberg case only further emboldened him McCarthy continued to claim he held evidence suggesting Communist infiltration throughout the government but anytime he was pressed to produce his evidence McCarthy would not name names Instead he'd accuse those who questioned his evidence of being Communists themselves McCarthy's rise made it possible for him to continue lobbying accusations against people but the Senator finally met his match when he went after the Army As chairman of the Senate Committee on Government Operations McCarthy summoned decorated World War II veterans and challenged their loyalty

and when he openly suggested World War II hero Brigadier General Ralph W Zwicker was a Communist during one hearing the military had enough In April 1954 the committee hearings were widely televised and Americans watched Army members demand that McCarthy name names and provide evidence The Army's legal representative Joseph Nye Welch repeatedly demanded that McCarthy produce the list of alleged Communists in the U S Army and railed at the Senator You've done enough Have you no sense of decency sir At long last have you left no sense of decency McCarthy was publicly and permanently repudiated He would be censured by Congress and he would die just a few years later

McCarthyism and the Red Scare William T. Walker, 2011-03-03 This book is a must read for anyone studying and researching the rise and fall of Senator Joseph R McCarthy and McCarthyism in American political life Intolerance in America that targets alleged internal subversives controlled by external agents has a storied history that stretches hundreds of years While the post World War II Red Scare and the emergence of McCarthyism during the 1950s is the era commonly associated with American anticommunism there was also a First Red Scare that occurred in 1919 1920 In both time periods many Americans feared the radicalism of the left and some of the most outspoken like McCarthy used slander to denounce their political enemies The result was an atmosphere in which individual rights and liberties were at risk and hysteria prevailed McCarthyism and the Red Scare A Reference Guide tracks the rise and fall of Senator Joe McCarthy and the broad pursuit of domestic Red subversives in the post World War II years and focuses on how American society responded to real and perceived threats from the left during the first decade of the Cold War

Blacklisted by History M. Stanton Evans, 2009-11-24 Accused of creating a bogus Red Scare and smearing countless innocent victims in a five year reign of terror Senator Joseph McCarthy is universally remembered as a demagogue a bully and a liar History has judged him such a loathsome figure that even today a half century after his death his name remains synonymous with witch hunts But that conventional image is all wrong as veteran journalist and author M Stanton Evans reveals in this groundbreaking book The long awaited Blacklisted by History based on six years of intensive research dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists Soviet agents and flagrant loyalty risks working within the U S government Evans's revelations completely overturn our understanding of McCarthy McCarthyism and the Cold War Drawing on primary sources including never before published government records and FBI files as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government influence its policies and steal its secrets Most shocking of all he shows that U S officials supposedly guarding against this danger not only let it happen but actively covered up the penetration All of this was precisely as Joe McCarthy contended Blacklisted by History shows for instance that the FBI knew as early as 1942 that J Robert Oppenheimer the director of the atomic bomb project had been identified by Communist leaders as a party member that high level U S officials were warned that Alger Hiss was a Soviet spy almost a decade before

the Hiss case became a public scandal that a cabal of White House Justice Department and State Department officials lied about and covered up the Amerasia spy case and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene Evans also shows that practically everything we've been told about McCarthy is false including conventional treatment of the famous 1950 speech at Wheeling West Virginia that launched the McCarthy era I have here in my hand the Senate hearings that casually dismissed his charges the matter of leading McCarthy suspect Owen Lattimore the Annie Lee Moss case the Army McCarthy hearings and much more In the end Senator McCarthy was censured by his colleagues and condemned by the press and historians But as Evans writes The real Joe McCarthy has vanished into the mists of fable and recycled error so that it takes the equivalent of a dragnet search to find him Blacklisted by History provides the first accurate account of what McCarthy did and more broadly what happened to America during the Cold War It is a revealing exposé of the forces that distorted our national policy in that conflict and our understanding of its history since

Senator Joe McCarthy Richard H. Rovere, 1996-04-12 The definitive job and I can't imagine what else there is to say about him Walter Lippman This is an appraisal without apology If its judgments are uncompromising they are also given without rancor indeed with an air of almost sympathetic curiosity about the phenomenon that was McCarthy It is no surprise that Rovere's book is a vividly written sophisticated recreation of a political episode whose manic qualities already begin to seem unbelievable Anthony Lewis

McCarthyism Brian Fitzgerald, 2007 Discusses fear of communism in the United States during the Cold War

Nightmare in Red Richard M. Fried, 1990-01-25 This book presents an engaging narrative about the many different people who became involved in the drama of anti-communist fervor in America passing chronologically from the 1930s to the early years of the Cold War through the peak of the McCarthy era and beyond that to the decline of the House Committee on Un-American Activities in the 1960s Along the way we meet the familiar figures of that era Senator Joseph McCarthy Alger Hiss the Hollywood Ten and the young Richard Nixon But more importantly perhaps Fried also shows us how thousands of ordinary people from teachers and lawyers to college students factory workers and janitors were affected by McCarthyism
