Congress. House. Committee on Energy and Commerce. Subcommittee on Transportation and Hazardous Materials, 1995 Distributed to some depository libraries in microfiche      *Fast Food, Fast Talk* Robin Leidner, 1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald s trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner s fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald s workers resent the constraints of prescribed uniforms and rigid scripts while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner s book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome      **Franchise Opportunities Handbook** , 1991 This is a directory of companies that grant franchises with detailed information for each listed franchise      **Franchise Opportunities Handbook** United States. *Fast Food, Fast Track* Jennifer Talwar,2018-03-05 Praise for Fast Food Fast Track A fine ethnography with both theoretical and advocative significance representing the best qualitative sociology Choice Explores the intimate realities and behind the scenes exchanges of a multiethnic work force serving the typical American meal Through a lively narrative and insightful stories Jennifer Parker Talwar gives a full sense of what it s like to live in both a global economy and a local culture Sharon Zukin author of *The Cultures of Cities* No longer just pocket money for American teens wages paid by multinational fast food chains are going to a new generation of order takers burger flippers and basket fryers newly arrived immigrants hailing from China the Caribbean Latin America and India a colorful sea of faces has taken its place behind one of the most ubiquitous American business institutions the fast food counter They have become a vital link between the growing service sector in our cities ethnic enclaves and the multi billion dollar global fast food industry For four years sociologist Jennifer Parker Talwar went behind the counter herself and listened to immigrant fast food workers in New York City s ethnic communities They talked about balancing their low paying jobs and monotonous daily reality with keeping the faith that these very jobs could be the first step on the path to the American Dream In this original and compelling work of ethnography Talwar shows that contrary to those arguing that the fast food industry only represents an increasing homogenization of the American workforce fast food chains in immigrant communities must and do adapt to their surroundings Summary of Nick Van Dam's The E-Learning Fieldbook Everest Media,2022-03-01T21:00:00Z Please note

This is a companion version not the original book Sample Book Insights 1 In 1996 the first article on Internet based training

was published in Training Magazine That year the e learning market grew from a few million dollars to 3.4 billion worldwide But in 2002 the stock market crashed and the e learning industry experienced a trough of disillusionment 2 The last event in the time flow is the merger in the e learning industry between SmartForce and SkillSoft in 2002 This merger created the largest global e learning vendor and it is viewed by CLO magazine as the beginning of the trend toward Enlightenment and Productivity 3 Today e learning has proved itself to be a credible opportunity and approach to learning though it has been hurt by some less than stellar implementations Many believe that there is no doubt about the importance of applying e learning when and where it adds value 4 E learning has proven to have a significant business impact as you will find in Chapter 2 of this Fieldbook Many organizations have successfully implemented e learning initiatives that were well aligned with specific business goals

**Golden Arches East** James L. Watson, 2006-03-13 McDonald's restaurants are found in over 100 countries serving tens of millions of people each day What are the cultural implications of this phenomenal success The widely read and widely acclaimed *Golden Arches East* argues that McDonald's has largely become divorced from its American roots and become a local institution for an entire generation of affluent consumers in Hong Kong Beijing Taipei Seoul and Tokyo In the second edition James L. Watson also covers recent attacks on the fast food chain as a symbol of American imperialism and the company's role in the obesity controversy currently raging in the U.S. food industry bringing the story of East Asian franchises into the twenty-first century Praise for the First Edition *Golden Arches East* is a fascinating study that explores issues of globalization by focusing on the role of McDonald's in five Asian economies and concludes that in many countries McDonald's has been absorbed by local communities and become assimilated so that it is no longer thought of as a foreign restaurant and in some ways no longer functions as one Nicholas Kristof New York Times Book Review This is an important book because it shows accurately and with subtlety how transnational culture emerges It must be read by anyone interested in globalization It is concise enough to be used for courses in anthropology and Asian studies Joseph Bosco China Journal The strength of this book is that the contributors contextualize not just the food side of McDonald's but the social and cultural activity on which this culture is embedded These are culturally rich stories from the anthropology of everyday life Paul Noguchi Journal of Asian Studies Here is the rare academic study that belongs in every library Library Journal

[The McDonaldization of Society](#) 6 George Ritzer, 2011 As one of the most noteworthy and popular sociology books of all time *The McDonaldization of Society* 6 demonstrates the power of the sociological

imagination to 21st century undergraduates in a way that few other books have This engaging work of social criticism is praised for sparking debate in and out of the classroom and for allowing students to read in depth on a small number of fascinating topics and it vividly demonstrates the relevance of Weber s discussion of rationalization the basis of McDonaldization to the everyday life of today s student New and Retained Features Links a large number of social phenomena to McDonaldization some which are directly impacted by the principles of the fast food chain and others where the effect is more tenuous A new final chapter 10 on The DeMcDonaldization of Society examines the processes of deMcDonaldization and concludes that while it is occurring on the surface McDonaldization is alive and well for example in the structures that underlie Web 2 0 Many new and updated examples are from the digital world keeping the text ultimately relevant for the contemporary student reader Addresses the advantages of McDonaldization then focuses on the problems and dangers it poses and looks at efforts to deal with those challenges Examines the link between McDonaldization and globalization Challenges the reader to rethink McDonaldization as part of the structure of society and to act to reverse the trend towards it
