A top executive at one of the world's leading marketing firms analyzes the familiarity and strength of brands and establishes five steps towards increasing brand strength in a globalized world. Rapid advances in modern technology present companies with quickly expanding marketing opportunities but they also create an over-saturated business landscape that both helps and hurts brands. The Global Brand is a thorough investigation of brand strength in the accelerated modern business world. Nigel Hollis draws on his experience at Millward Brown to present a simple formula for determining brand strength based on two axes: Presence or familiarity and Voltage or marketing appeal to illustrate the market value and performance of brands. He analyzes the five steps of customer commitment to a strong brand: Presence, Relevance, Performance, Advantage, and Bonding. Finally, Hollis emphasizes human nature as a set of constant core values that all brands should appeal to and analyzes the future of brand building as a profitable investment. In The Global Brand, Nigel Hollis not only corrects some of the misconceptions of the past but offers a glimpse of the future that is both perceptive and grounded in good business sense. Those who take the time to properly digest this book will save their companies a lot of money.
