Macys The Store The Star The Story:

Macy's Robert M. Grippo, 2009 Macy's The Store The Star The Story traces a hundred and fifty years of one of the country's premier retailers. The story begins with Rowland Macy's colorful roots in Massachusetts. It then details the founding of the store including the innovative advertising and pricing practices that made the fledgling business stand out from its competitors. Later chapters describe how Macy's made history by being the first retailer to promote a woman to an executive position, how Isidor and Nathan Straus created the beautiful flagship store on Herald Square, how the once cluttered lower level became the famous Cellar, and much more. Throughout, lively text, rare photographs, and colorful illustrations highlight the people and events, the trends, tragedies, and traditions that transformed Macy's from a modest storefront into the world's largest store. Publisher: **World Clothing and Fashion**

Mary Ellen Snodgrass, 2015-03-17 Taking a global, multicultural, social, and economic perspective, this work explores the diverse and colourful history of human attire. From prehistoric times to the age of globalization, articles cover the evolution of clothing, utility, style, production, and commerce, including accessories, shoes, hats, gloves, handbags, and jewellery for men, women, and children. Dress for different climates, occupations, recreational activities, religious observances, rites of passages, and other human needs and purposes, from hunting and warfare to sports and space exploration, are examined in depth and detail. Fashion and design trends in diverse historical periods, regions, and countries, and social and ethnic groups, constitute a major area of coverage, as does the evolution of materials from animal fur to textiles to synthetic fabrics, and production methods from sewing and weaving to industrial manufacturing and computer-aided design. Dress as a reflection of social status, intellectual and artistic trends, economic conditions, cultural exchange, and modern media marketing are recurring themes. Influential figures and institutions in the fashion design industry and manufacturing, retail sales, production technologies, and related fields are also covered. **Hidden Gems**

Stephanie Forshee, 2023-07-07 Margaret Getchell LaForge was a female business pioneer who took New York by storm. In 1860, the smart and sassy nineteen-year-old was hired for a low-level position at R. H. Macy's. Only six years later, she became the first female executive in retail history. In *Hidden Gems*, Margaret gets the credit she deserves for steering the iconic New York department store to its lasting success. Be everywhere. Do everything. And never fail to astonish the customer. Margaret Getchell LaForge
