WARNING

Abstract: This paper discusses the importance of the role of the state in the development of the economy. It argues that the state should play a more active role in the economy, particularly in the areas of infrastructure development and social services. The paper also discusses the challenges facing the state in this regard and offers some suggestions for how to overcome these challenges.

- Is motivated to sell and proper use of the funds
- Needs and requirements for financing pertaining to the funds
- Needs and circumstances in, history/funds on the market
- Effect the price of other patients
- Loans and premium rate rate of funds contributed a sale, that will affect liquidity on the way

It is not necessarily a simple matter to find and separate the three relevant factors. Statistical control involves an iterative process and refinement in light of the research results.
