A. Fernández-Santamaria,1977-09-08 This is a comprehensive study in English of political thought in Spain during the Renaissance In the early sixteenth century Castile experienced two major constitutional crises caused by the accession of a Habsburg ruler shortly to become Holy Roman Emperor to her throne and by the discovery and conquest of America Politically these circumstances created a bizarre situation in which the venerable idea of medieval empire was forced to co exist with a novel imperial vision made inevitable

by expansion in the new world The strain imposed on Castile's constitutional fabric stimulated the most significant developments of Spanish political thought in the Renaissance Against this background Professor Fernandez Santamaria surveys the contribution of a number of eminent writers from diverse intellectual traditions who endeavoured to apply established political assumptions to these unprecedented circumstances *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association.
