Guests Of The Emperor The Secret History Of Japans Mukden Pow Camp:

Guests of the Emperor Linda Goetz Holmes, 2010 A magnificent work of research and narrative that is destined to be the definitive work about the Mukden POW camp Roger Mansell director Center For Research Allied POWS Under the Japanese Back Cover Honored and Dishonored Guests Puck W. Brecher, 2020-05-11 The brutality and racial hatred exhibited by Japan's military during the Pacific War piqued outrage in the West and fanned resentments throughout Asia Public understanding of Japan's wartime atrocities however often fails to differentiate the racial agendas of its military and government elites from the racial values held by the Japanese people While not denying brutalities committed by the Japanese military Honored and Dishonored Guests overturns these standard narratives and demonstrates rather that Japan's racial attitudes during wartime are more accurately discerned in the treatment of Western civilians living in Japan than the experiences of enemy POWs The book chronicles Western communities in wartime Japan using this body of experiences to reconsider allegations of Japanese racism and racial hatred Its bold thesis is borne out by a broad mosaic of stories from dozens of foreign families and individuals who variously endured police harassment suspicion relocation starvation denaturalization internment and torture as well as extraordinary acts of charity The book's account of stranded Westerners from Tokyo Yokohama and Kobe to the mountain resorts of Karuizawa and Hakone yields a unique interpretation of race relations and wartime life in Japan Traitors Frank Walker, 2017-07-25 In October 1943 Winston Churchill Franklin D Roosevelt and Josef Stalin signed a solemn pact that once their enemies were defeated the Allied powers would pursue them to the uttermost ends of the earth and will deliver them to their accusers in order that justice may be done Nowhere did they say that justice would be selective But it would prove to be TRAITORS outlines the treachery of the British American and Australian governments who turned a blind eye to those who experimented on Australian prisoners of war Journalist and bestselling author Frank Walker details how Nazis hired by ASIO were encouraged to settle in Australia and how the Catholic Church CIA and MI6 helped the worst Nazi war criminals escape justice While our soldiers were asked to risk their lives for King and country Allied corporations traded with the enemy Nazi and Japanese scientists were enticed to work for Australia the US and UK and Australia's own Hollywood hero Errol Flynn was associating with Nazi spies The extraordinary revelations in TRAITORS detail the ugly side of war and power and the many betrayals of our ANZACs After reading this book you can't help but wonder what else did they hide **The Good Neighbor** Mary E. Stuckey, 2013-11-01 No modern president has had as much influence on American national politics as Franklin D Roosevelt During FDR's administration power shifted from states and localities to the federal government within the federal government it shifted from Congress to the president and internationally it moved from Europe to the United States All of these changes required significant effort on the part of the president who triumphed over fierce opposition and succeeded in remaking the American political system in ways that continue to shape our politics today Using the metaphor of the good neighbor Mary E Stuckey examines the

persuasive work that took place to authorize these changes Through the metaphor FDR s administration can be better understood his emphasis on communal values the importance of national mobilization in domestic as well as foreign affairs in defense of those values his use of what he considered a particularly democratic approach to public communication his treatment of friends and his delineation of enemies and finally the ways in which he used this rhetoric to broaden his neighborhood from the limits of the United States to encompass the entire world laying the groundwork for American ideological dominance in the post World War II era **Captured** Roger Mansell,2012-11-15 In the years before the outbreak of the war in the Pacific Guam was a paradise for the Navy Marine and civilian employees of Pan American Airways who found themselves stationed on the island However their apprehension about the fate of the island increased as they anticipated a Japanese attack in the fall of 1941 Shortly after attack on Pearl Harbor Guam was bombed and the Japanese invasion soon followed Since Guam was not heavily fortified it soon fell to the invading Japanese In the takeover of the island the Japanese practiced a swift brutality against the captive Americans as well as native population and then immediately removed the American military and civilian personnel to Japan Only a lucky few escaped including five Navy nurses and dependent Ruby Hellmers and her baby Charlene who were transported back to America aboard the Swedish ship Gripsholm in mid 1942 In **Captured** Mansell tells the story of the captives from Guam whose story until now has largely been forgotten Drawing upon interviews with survivors diaries and archival records Mansell documents the movements of American military and civilian men as they went from one Japanese POW camp to another slowly starving as they performed slave labor for Japanese companies Meanwhile he describes the brutal horrors suffered by Guamanian natives during Japan s occupation of the island especially as the Japanese prepared for American forces to re take this U S possession in 1945 Moving stories of liberation transportation home and the aftermath of these horrific experiences are narrated as the book draws to a close Mansell concludes that America s lack of military preparation disbelief in Japan s ambitions in the Pacific and focus on Europe all contributed to the captivity of more than three years of suffering for the forgotten Americans from Guam as the Pacific War raged around them **Captured** was completed by historian Linda Goetz Holmes after the death of Roger Mansell

Historical Dictionary of World War II Anne Sharp Wells,2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952

Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II *War Memory and East Asian Conflicts, 1930-1945* Eveline Buchheim, Jennifer Coates, 2023-06-29 This book explores how narratives exhibitions media representations and cultural heritage sites that communicate memories of conflicts in East Asia between 1930 and 1945 spread interact and are re packaged for post war audiences across national divisions The contributors examine individual case studies of grassroots engagement with war memory and collectively demonstrate the necessity of remaining aware of the researcher as participating in another kind of engagement with war memory Contributions showcase a number of ways of doing research on war memory alongside case studies from diverse regions of the world Taken together they bring a fresh perspective to scholarship on war memory which has tended to focus on space text exhibition or personal narrative rather than bringing these elements into dialogue with one another **The Fightin' Texas Aggie Defenders of Bataan and Corregidor** John A. Adams, 2016-04-15 By any measure the battles of Bataan and Corregidor were among the most intensely fought and devastating episodes in the World War II Pacific theater Beginning in early 1942 the Japanese Imperial Army invaded the Philippines in an attempt to control the Pacific region and expand its sphere of influence The defense and last stand of Filipino and American allied forces marked the largest surrender in their respective military histories Their efforts slowed the Japanese advance but only at great cost John A Adams Jr provides a new and compelling exploration of these pivotal events by recounting the history of Bataan and Corregidor through the eyes of 89 soldiers and officers who were former students and citizen soldiers from the Agricultural and Mechanical College of Texas All were products of the Corps of Cadets and indeed no other institution could boast of such a large deployment in the opening of the war While many words have been written on Bataan and Corregidor none have taken the approach of collective biography as *The Fightin Texas Aggie Defenders of Bataan and Corregidor* does here As a result this book is not only a new contribution to the history of World War II but also stands to be a landmark publication on the history of Texas A M University **Refugee States** Vinh Nguyen, Thy Phu, 2021-06-29 Exploring refuge and refugee as concepts that shape Canadian nation building both within and beyond national borders *Refugee States* takes an interdisciplinary and critical approach to describing how refugees articulate their relation to and defiance of official discourses Through close examinations of refugee movements contexts and subjectivities this collection reveals how Canada has relied upon the rejection and inclusion of refugees as a crucial means of statecraft Bringing together renowned and emerging scholars from multiple disciplines Nguyen and Phu illuminate the

historical political and cultural conditions that produce refugees as well as the narrative of humanitarian benevolence that persists nationally and internationally Highlighting landmark cases the editors and contributors together develop critical refugee studies as a framework for understanding nuancing and critiquing the production of Canadian humanitarian exceptionalism the international image and discourse of Canada as a liberal tolerant and welcoming haven for people fleeing oppression persecution and unfreedom In doing so Refugee States offers alternative modes of understanding past and present refugee passages to and within Canada and brings to light the many ways in which refugee subjects navigate displacement migration and resettlement

The Flowers of Edo Michael Dana Kennedy,2012-05-08 In the climactic closing months of World War II Allied Intelligence officers are summoned to the Malacañan Palace in Manila to be briefed by General MacArthur's Intelligence Staff on the optimal conclusion to the conflict in the Pacific Theater Intelligence collected at the time concluded that the Americans had only three options to effectively force the Imperial Japanese Military into surrender encirclement blockade and bombardment isolating Japan from its forces in China Korea and Formosa or engaging Japan through a full scale amphibious invasion In the debut novel by Michael Dana Kennedy Japanese American Lt Ken Kobayashi must straddle a delicate line between duty to country and honor to his family as he is assigned by General MacArthur to infiltrate the Imperial Japanese Army in the lead up to an invasion of the Japanese archipelago From the deck of the U S S Yorktown to the halls of the Imperial Ministry of War in Ichigaya in Tokyo *The Flowers of Edo* reveals the intricacies of the military machine and the human and cultural price that was paid in the bombings on Japan through a perspective never before seen in fiction Meticulously researched and endorsed by military insiders and historians from both sides of the Pacific Lt Kobayashi's tale of espionage and romance will shed new light on what might have happened

The Architecture of Confinement Anoma Pieris,Lynne Horiuchi,2022-02-24 In this global and comparative study of Pacific War incarceration environments we explore the arc of the Pacific Basin as an archipelagic network of militarized penal sites Grounded in spatial physical and material analyses focused on experiences of civilian internees minority citizens and enemy prisoners of war the book offers an architectural and urban understanding of the unfolding history and aftermath of World War II in the Pacific Examples are drawn from Australia New Zealand Singapore Japan and North America *The Architecture of Confinement* highlights the contrasting physical facilities urban formations and material character of various camps and the ways in which these uncover different interpretations of wartime sovereignty The exclusion and material deprivation of selective populations within these camp environments extends the practices by which land labor and capital are expropriated in settler colonial societies practices critical to identity formation and endemic to their legacies of liberal democracy

Researching Japanese War Crimes Records Edward J. Drea,2006 **Racism** Kevin Reilly,Stephen Kaufman,Angela Bodino,2003 Racism has existed throughout the world for centuries and has been at the root of innumerable conflicts and human tragedies including war genocide slavery bigotry and discrimination Defined broadly racism has had many forms and effects from caste prejudice in India and mass extermination in Tasmania to slavery in the Americas and the Holocaust in Europe Put simply racism has been one of the overriding forces in world history for more than a millennium This book provides a global perspective of racism in its myriad forms Consisting of twelve parts and fifty one articles it focuses on racism worldwide over the past thousand years It includes three types of articles original documents scholarly essays and

journalistic accounts **Cumulated Index to the Books** ,1972 **Bulletin of the Atomic Scientists** ,1969-02 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Smersh** Dr. Vadim Birstein,2013-11-01 SMERSH is the award winning account of the top secret counterintelligence organisation that dealt with Stalin s enemies from within the shadowy recesses of Soviet government As James Bond s nemesis in Ian Fleming s novels SMERSH and its operatives were depicted in exotic duels with 007 rather than fostering the bleak oppression and terror they actually spread in the name of their dictator Stalin drew a veil of secrecy over SMERSH s operations in 1946 but that did not stop him using it to terrify Red Army dissenters in Leningrad and Moscow or to abduct and execute suspected spooks often without cause across mainland Europe Formed to mop up Nazi spy rings at the end of the Second World War SMERSH gained its name from a combination of the Russian words for Death to Spies Successive Communist governments suppressed traces of Stalin s political hit squad now Vadim Birstein lays bare the surgical brutality with which it exerted its influence as part of the paranoid regime both within the Soviet Union and in the wider world SMERSH was the most mysterious and secret of organisations this definitive and magisterial history finally reveals truths that lay buried for nearly fifty years
