Che's Afterlife Michael J. Casey, 2012-06-06 In 1960 Cuban photographer Alberto Korda captured fabled revolutionary Ernesto Che Guevara in what has become history s most reproduced photo Here Michael Casey tells the remarkable story of this image detailing its evolution from a casual snapshot to an omnipresent graphic plastered on everything from T shirts to vodka to condoms and into a copyrighted brand As Casey follows it across the Americas and through cyberspace he finds governments exploiting it and their dissenters attacking it merchants selling it and tourists buying it We see how this image is ultimately a mercurial icon that still ignites passion and a reflection of how we view ourselves **Che's Travels** Paulo

Irish on the Inside Tom Hayden,2020-05-05 Tom Hayden first realized he was Irish on the inside when he heard civil rights marchers in Northern Ireland singing We Shall Overcome in 1969 Though his great grandparents had been forced to emigrate to the US in the 1850s Hayden s parents erased his Irish heritage in the quest for respectability In this passionate book he explores the losses wrought by such conformism Assimilation he argues has led to high rates of schizophrenia depression alcoholism and domestic violence within the Irish community Today s Irish Americans Hayden contends need to re inhabit their history to recognize that assimilation need not entail submission By recognizing their links to others now experiencing the prejudice once directed at their ancestors they can develop a sense of themselves that is both specific and inclusive The survival of a distinct Irish soul is proof enough that Anglo culture will never fully satisfy our needs We have a unique role in reshaping American society to empathize with the world s poor for their story is the genuine story of the Irish

No Exit Yoav Di-Capua,2018-03-30 It is a curious and relatively little known fact that for two decades from the end of World War II until the late 1960s existentialism s most fertile ground outside of Europe was in the Middle East and Jean Paul Sartre was the Arab intelligentsia s uncontested champion In the Arab world neither before nor since has another Western intellectual been so widely translated debated and celebrated By closely following the remarkable career of Arab existentialism Yoav Di Capua reconstructs the cosmopolitan milieu of the generation that tried to articulate a political and philosophical vision for an egalitarian postcolonial world He tells this story by touring a fascinating selection of Arabic and Hebrew archives including unpublished diaries and interviews Tragically the warm and hopeful relationships forged between Arab intellectuals Sartre Simone de Beauvoir and others ended when on the eve of the 1967 war Sartre failed to embrace the Palestinian cause Today when the prospect of global ethical engagement seems to be slipping ever farther out of reach No Exit provides a timely humanistic account of the intellectual hopes struggles and victories that shaped the Arab experience of decolonization and a delightfully wide ranging excavation of existentialism s non Western history
