Oxford Textbook of Public Mental Health Dinesh Bhugra, Kamaldeep Bhui, Samuel Yeung Shan Wong, Stephen E. Gilman, 2018-09-13 Prevention of mental illness and mental health promotion have often been ignored in the past both in undergraduate and postgraduate curricula Recently however there has been a clear shift towards public mental health as a result of increasing scientific evidence that both these actions have a serious potential to reduce the onset of illness and subsequent burden as a result of mental illness and related social economic and political costs A clear distinction between prevention of mental illness and mental health promotion is critical

Selective prevention both at societal and individual level is an important way forward The Oxford Textbook of Public Mental Health brings together the increasing interest in public mental health and the growing emphasis on the prevention of mental ill health and promotion of well being into a single comprehensive textbook Comprising international experiences of mental health promotion and mental well being chapters are supplemented with practical examples and illustrations to provide the most relevant information succinctly This book will serve as an essential resource for mental and public health professionals as well as for commissioners of services nurses and community health visitors Working with Children and Youth with Complex Needs Michael Ungar, 2014-09-25 Working with Children and Youth with Complex Needs provides a detailed description of techniques and rich stories of how social workers psychologists counselors and child and youth care workers can help young people become more resilient With ample case studies and fascinating explanations of research Dr Ungar shows why we need to work just as hard changing the environments that surround children as we do changing children themselves Building on lessons learned from clinical community and residential settings Dr Ungar discusses 20 skills that can enhance the effectiveness of frontline mental health services Along with descriptions of the skills necessary to talk with clients about the factors that put their mental health at risk Working with Children and Youth with Complex Needs also presents systemic practices clinicians can use in their everyday work Engaging with children s extended family addressing issues of community violence racism and homophobia and helping parents and teachers understand children s maladaptive coping strategies as sometimes necessary are among the many practical strategies that are discussed which clinicians can use to enhance and sustain the therapeutic value of their work
