*The Works of Hayao Miyazaki* Gael Berton, 2020-09-02 Through this study of Hayao Miyazaki's universe discover the major influence of the Japanese animation master whose works have marked Japanese animation and the world of cinema. Through his creativity, technical wizardry and talent for storytelling, Hayao Miyazaki has left an indelible mark on Japanese animation and world cinema. The animation master has been able to create magical worlds for a children's story or a darker tale. But he has also known how to cast a cynical and innocent look on a world and its societies undergoing great changes and facing grim futures. And yet his work is often reduced firstly to his handful of feature length movies created under the auspices of Studio Ghibli but also to a superficial view due to cultural elements that are extremely difficult to grasp for anyone outside of Japan. This work which explains biographical elements and presents Studio Ghibli and the master's entourage will give you a detailed analysis of Hayao Miyazaki's works, decrypting their themes and offering transversal keys to their understanding. This book will offer you a detailed analysis of Hayao Miyazaki's works enriched with explanations on biographical aspects. The book will also provide you with reading keys that will allow you to better understand the specifically Japanese cultural elements present in the works.

**Hayao Miyazaki, master of Japanese animation**, 2002 **The Works of Hayao Miyazaki** Gael Berton, 2020-12 His poetic directing and universal themes such as the importance of nature have turned Hayao Miyazaki into one of the most respected artists on the movie and animation scene. Initially intended for Japan only, his works eventually reached the Western market. *Spirited Away* is one of the most successful animated movies worldwide. This book aims to explore the personality of this unusual author and his collaborators and to decipher movie by movie the profound themes found throughout his entire work which reveal the humanist nature of this essential filmmaker.

**Hayao Miyazaki** Raz Greenberg, 2018-07-12 Hayao Miyazaki's career in animation has made him famous as not only the greatest director of animated features in Japan, the man behind classics as *My Neighbour Totoro* 1988 and *Spirited Away* 2001 but also as one of the most influential animators in the world providing inspiration for animators in Disney, Pixar, Aardman and many other leading studios. However the animated features directed by Miyazaki represent only a portion of his 50 year career. Hayao Miyazaki examines his earliest projects in detail alongside the works of both Japanese and non Japanese animators and comics artists that Miyazaki encountered throughout his early career demonstrating how they all contributed to the familiar elements that made Miyazaki's own films respected and admired among both the Japanese and the global audience.
