moments of failed transitions political tensions and crises of legitimacy the state brings the dead back to life to negotiate the terms of its survival By showing how this necromantic performance enables the state's material and visual manifestations in public and private spaces Troconis untangles a sociopolitical moment in which the ghostly acts as the affective social and political force that grounds state authority and ensures the preservation of the status quo as it circumscribes acts of political imagination and limits popular resistance

Deliver us from the Evil one Bernardo Olivera, 2021-10-13 In these pages Bernardo Olivera helps us to discern and recognize how the devil can act in our life and what kind of influence he can have What is the relationship between Satan and the spiritual combat implied in our own journey to union with God This book brings together the advice of the principal spiritual masters who have treated the subject with the realism that comes from their own experience of the devil's worst temptations such as the laziness bitterness and indifference that comes from the vice of acedia The call is not to fight Satan directly but to persevere in the humility and patience of Christ

Los brujos sentenciados Garra, Simone, 2019-11-29 A lo largo de mis peregrinaciones a través de las comunidades del Cenepa no paraba de preguntarme si allí había chamanes aquellas figuras que para mí representan la esencia misma de las culturas amazónicas quienes serían los más capacitados para hacerme entrar en el mundo espiritual de los awajún El recorrido que me llevó hacia los acusados de brujería implicó un trabajo progresivo de desexotización de mi mirada sobre el chamanismo y de manera más general de mi relación hacia las sociedades amerindias Para mi sorpresa descubrí que los awajún los chamanes awajún eran despreciados expulsados y a menudo matados por los habitantes de las comunidades Se trata acaso de un fenómeno moderno producto de la evangelización llevada a cabo por los misioneros Quiénes son los acusados de brujería expulsados por sus comunidades Cuáles son las dinámicas que llevan a la expulsión de una parte de los habitantes y por qué estos se instalan en la ciudad Esta investigación acerca de las dinámicas contemporáneas de la acusación de brujería constituye también una tentativa de comprender las mutaciones en curso en la sociedad awajún y las tensiones que estas generan

The South and the Caribbean, The first comprehensive study of the close ties between the American South and the Caribbean With essays and commentaries by Roger D Abrahams Kenneth Bilby David Eltis Stanley L Engerman Aline Helg Milton Jamail Charles Joyner Daniel C Littlefield Bonham C Richardson and Ralph Lee Woodward Jr Download Plain Text version With the trade of sugar rum and African slaves in the islands that form a perimeter

around the Gulf of Mexico the broad expanse of water known as the Caribbean ringed what came to be known as the South Today concise political boundaries separate the coasts of the American South from the multicultural worlds that dominate the islands Yet all anecdotal evidence suggests far greater ties One listens to the reggae in the streets of New Orleans or to the rumba in Atlanta One notes the moans of the blues in the cafes of Veracruz and watches Major League games in which young Dominican athletes hurling lightning fast balls become national heroes on their island homeland beset by political and economic woes Do these human links suggest a greater regionalism than was previously acknowledged This exciting study of two discrete yet kindred areas gives an affirmative answer It comes to terms with what many have considered distinct yet fluctuating boundaries that separate and bond southern peoples These papers from the Chancellor s Symposium at the University of Mississippi in 1998 focus on and examine the strong connections Geographer Bonham C Richardson analyzes the territory as a cultural region with Little Rock at the northwest corner and French Guiana at the southeast that also includes the eastern rim of Central America as well as the Bahamas Other contributors explore the creative cultures that emerged when a brutal European economy enslaved Africans for labor The essays also examine the economic connections that have created such dissimilar and lasting legacies as the plantation system and the love of baseball The South and the Caribbean flow into each other culturally economically and socially These papers and their commentaries suggest that future study of these regions must deal with them together in order to understand each The merging of the two through music dance language sports and political aspiration all discussed in this book serves to give birth to a New South and a New Caribbean At the University of Mississippi Douglass Sullivan Gonz lez is an associate professor of history and Charles Reagan Wilson is the director of the Center for the Study of Southern Culture

Gila! Kathryn Ptacek, 2017-12-04 FROM ECSTASY TO AGONY Just a moment before Maria had been shuddering with pleasure in the arms of her teenage lover Now she lay frozen as she saw the bedroom wall of her cottage bulging inward then cracking wide open God Almighty the boy moaned and tore himself from Maria s arms But he could not escape the nightmare creature coming into the room He shrieked over and over as the giant jaws closed around his torso snapping him in the middle as if his body was a twig The creature raised its head Blood and bits of warm wet flesh slipped from the mouth down onto the bed and the naked girl An overwhelming rotting odor flooded the room and Maria began to pray as the orange and black creature opened its mouth to let what remained of her lover s body slip out to make room for her GILA IT WON T LET YOU GO Harkening back to the days of giant creature movies of the 1950s a horde of giant Gila Monsters is on the loose in New Mexico threatening every living creature in sight Nothing and no one is safe from the ravenous creatures as they tear their way through the desert and into heavily populated areas Can these atomically mutated creatures be stopped or is this the beginning of the end for mankind It s up to Chato del Clinne and Dr Kate Dwyer to kick the hiss out of the oversized lizards From the mind of Kathryn Ptacek writing under her Les Simons pen name comes a tale of grisly horror with man being the hunted and Mother Nature being the

I Found My Friends Nick Soulsby, 2015-03-31 *I Found My Friends* recreates the short and tempestuous times of Nirvana through the musicians and producers who played and interacted with the band The guides for this trip didn't just watch the life of this legendary band they lived it Soulsby interviewed over 150 musicians from bands that played and toured with Nirvana including well known alternative and grunge bands like Dinosaur Jr The Dead Kennedys and Butthole Surfers as well as scores of smaller but no less fascinating bands In this groundbreaking look at a legendary band readers will see a more personal history of Nirvana than ever before including Nirvana's consideration of nearly a dozen previously unmentioned candidates for drummer before settling on David Grohl a recounting of Nirvana's famously disastrous South American shows from never before heard sources on Brazilian and Argentine sides and the man who hosted the first ever Nirvana gig's recollections of jamming with the band at that inaugural event *I Found My Friends* relives Nirvana's meteoric rise from the days before the legend to through their increasingly damaged superstardom More than twenty years after Kurt Cobain's tragic death Nick Soulsby removes the posthumous halo from the brow of Kurt Cobain and travels back through time to observe one of rock and roll's most critical bands as no one has ever seen them before

The Aztec Kings Susan D. Gillespie, 2022-03-08 Scholars have long viewed histories of the Aztecs either as flawed chronologies plagued by internal inconsistencies and intersource discrepancies or as legends that indiscriminately mingle reality with the supernatural But this new work draws fresh conclusions from these documents proposing that Aztec dynastic history was recast by its sixteenth century recorders not merely to glorify ancestors but to make sense out of the trauma of conquest and colonialism *The Aztec Kings* is the first major study to take into account the Aztec cyclical conception of time which required that history constantly be reinterpreted to achieve continuity between past and present and to treat indigenous historical traditions as symbolic statements in narrative form Susan Gillespie focuses on the dynastic history of the Mexica of

Tenochtitlan whose stories reveal how the Aztecs used history to construct elaborate and reify ideas about the nature of rulership and the cyclical nature of the cosmos and how they projected the Spanish conquest deep into the Aztec past in order to make history accommodate that event By demonstrating that most of Aztec history is nonliteral she sheds new light on Aztec culture and on the function of history in society By relating the cyclical structure of Aztec dynastic history to similar traditions of African and Polynesian peoples she introduces a broader perspective on the function of history in society and on how and why history must change
