Los Colores Con Pinocho Imanes Educativos:

Los Colores con Pinocho Equipo Editorial, 2009-07-23 Presentamos una colección de 12 libros que unen diversión con aprendizaje para los más pequeños. De la mano de sus personajes clásicos favoritos como Pinocho los niños aprenderán los colores y además podrán jugar con los imanes pegándolos en su sitio o intercambiándolos.

La literatura infantil y juvenil española en el exilio mexicano Pedro C. Cerrillo Torremocha, María Teresa Miaja, 2013-11-20 Este trabajo es el resultado de una investigación de carácter histórico literario y documental que ha tenido como objetivo recoger, seleccionar, documentar y estudiar todo el material disponible de y sobre la literatura infantil y juvenil que los españoles crearon en el exilio mexicano, tanto lo que respecta a las obras originales como lo referente al campo de las aportaciones críticas y técnicas. Hemos explorado no solo la creación literaria sino también la labor de ilustradores, editores, impresores y maestros exiliados, destacando las implicaciones sociológicas y educativas de aquel exilio y la importancia de una tradición literaria que en muchos casos era continuación de la que se estaba haciendo en España antes del inicio de la Guerra Civil. Con la lectura de las páginas de este estudio se podrá comprobar la vitalidad de la literatura infantil y juvenil que los españoles crearon durante el exilio en México y la importancia que le concedió la comunidad exiliada no solo como medio de entretenimiento sino también como medio de educación y mantenimiento de una tradición literaria y plástica rota por la guerra. No olvidemos además que a México llegaron muchos niños solos o con sus familias que formaban un público abundante para esas obras. Sin olvidar claro está que tales aportaciones sirvieron con su influencia para renovar y dar en un marco de reciprocidad ya que también los autores españoles recibieron la influencia de la tradición autóctona mexicana, nuevos aires a la tradición literaria infantil propia de México.

Innovación e investigación para la inclusión educativa en distintos contextos formativos Carlos Monge López, Patricia Gómez Hernández, 2022-04-28 La diversidad es una realidad en todos los contextos formativos. Desde hace algunos años se están promoviendo iniciativas que generen prácticas que garanticen una educación de calidad para todos. En este marco es preciso destacar que la investigación educativa es un elemento necesario para cambiar ciertas prácticas obsoletas e impulsar la inclusión desde una perspectiva innovadora. Esta obra recoge un conjunto de investigaciones que suponen una innovación desde diferentes vertientes para impulsar la inclusión educativa. Sus contenidos se presentan en tres bloques. El primer bloque está destinado a los procesos de enseñanza-aprendizaje ligados a la inclusión desde el currículo. En el segundo bloque se exponen diferentes experiencias educativas en las que prima la innovación centrada en la inclusión. Por último, en el tercer bloque se incluyen investigaciones que abordan el tema de la inclusión educativa como eje principal. Si bien es importante impulsar investigaciones e innovaciones con la mirada puesta en la inclusión educativa, es menester compartir experiencias al respecto y formar a los futuros profesionales de la educación en esta línea con el fin de configurar la educación actual y futura como una educación inclusiva que acoja las diferencias y las valore como enriquecedoras para la formación de los futuros ciudadanos. Con el foco puesto en esta cuestión, esta obra trata de despertar el interés por la inclusión desde la

perspectiva de la investigación e innovación educativa en distintos contextos formativos dirigiéndose a todos los profesionales e investigadores tanto en activo como en proceso de formación inicial del ámbito de la educación así como a todas las personas comprometidas con la inclusión educativa

Premios nacionales de investigación e innovación educativas 1992, 1994 Resúmenes realizados por los propios autores de los trabajos premiados en 1992 en las modalidades de investigación e innovación educativa y tesis doctorales sobre temas educativos
