Los Enemigos Del Comercio I:

Los enemigos del comercio I Antonio Escotado, 2015-10-27 La historia del comunismo La aparición de la sociedad de consumo es un hecho muy reciente precedido por dos milenios de modelos sociales hostiles a ella Sin embargo su éxito ha sido tan completo que unas pocas décadas han bastado para borrar no sólo muchas instituciones sino hasta el recuerdo de sus alternativas morales y prácticas Se nos ha olvidado por ejemplo que el fundador del cristianismo empezó y terminó su vida pública expulsando a mercaderes e incluso que desde mediados del siglo XIX a finales del XX no hubo cuestión moral y política comparable al comunismo Quiere esto decir que hemos pasado página definitivamente Antonio Escotado plantea la pregunta sin dogmatismo repasando con lupa de entomólogo las situaciones y los argumentos opuestos al tipo de mundo en el que acabamos de instalarnos Tras localizar el complejo que precipita la idea del comercio como un mal infeccioso pasa a describir sus altibajos desde la civilización grecorromana hasta el día de hoy Este análisis supone compartir con el lector una larga peripecia donde algo que ayuda a entender nuestros orígenes tiene también el color insuperable de lo real Los enemigos del comercio ofrece la primera historia completa del comunismo que al ir contextualizando sus etapas expone la evolución paralela del individualismo y el pensamiento liberal Los enemigos del comercio (pack) Antonio

Maestro,2024-01-06 The democracy of the late 20th century has been more beneficial to the friends of commerce than to the democrats Its advantages and successes have turned it into a political regime that is now anachronistic and untimely Democracy is the name inherited from a past imperfect and recent which used to manage our way of life Today that life of ours is managed by commerce and the friends of commerce If politics is the organization of power that is to say the administration of freedom the rights of the democratic citizen are moving away from the legal framework of the States With the historical failure of democracy in the 21st century three realities with which humans have lived since the Renaissance also fail the modern State political freedom and civil laws A post democratic society is one in which the State fades away political freedom disintegrates and civil laws fit onto a complaint form because the rights of the citizen are the rights of the consumer in the hands of the friends of commerce which is to say nothing People have not yet internalized the failure of democracy The market does not want democrats it wants consumers **Los enemigos del comercio III** Antonio

On Hellenism, Judaism, Individualism, and Early Christian Theories of the Subject Guillermo M. Jodra, 2022-11-17 This first of a two volume work provides a new understanding of Western subjectivity as theorized in the Augustinian Rule A theopolitical synthesis of Antiquity the Rule is a humble yet extremely influential example of subjectivity production In these volumes Jodra argues that the Classical and Late Ancient communitarian practices along the Mediterranean provide historical proof of a worldview in which the self and the other are not disjunctive components but mutually inclusive forces The Augustinian Rule is a culmination of this process and also the beginning of something new the paradigm of the monastic self as protagonist of the new medieval worldview In this volume Jodra takes one of the most influential and pervasive commons experiments Augustine s Rule and gives us its Mediterranean backstory with an eye to solving at last the riddle of socialism In volume two he will present his solution in full as a kind of Augustinian communitarianism for today These volumes therefore restore the unity of the Hellenistic and Judaic world as found by the first Christians proving that the self and the other are two essential pieces in the construction of our world
