**Reconstrucción y la Reforma (Books-In-Brief: Al-Shura: The Qur'anic Principle of Consultation)** Ahmad Al-Raysuni, 2014-01-01 Muslims remain largely unaware of the importance and value of the Qur'anic principle of al Shura mutual consultation and the significant role it can play in the advancement and reform of Muslim society In this work the author attempts to introduce and examine key meanings and practices of al Shura trace its historical evolution and explore ways in which the principle can be introduced institutionalized and applied in Muslim societies There is no doubt that al Shura has been sidelined throughout the Muslim world and the reasons for this are both historically and politically complex According to the author although much has been written on the subject in reality it has been at best ineffectively applied and at worst heedlessly ignored Even today it is a hotly contested issue As al Shura is increasingly associated with democratic participation in a decision making process debate has ignited with critics challenging the notion of equating the principle with western notions of democracy with others claiming that the principle allows for a meaning that breaks the grip of centralized power These and other issues are investigated with careful scholarship Al Raysuni concludes that al Shura should be adopted as a way of life for all Muslims to protect their interests and as a vital tool for reconstruction and reform In doing so he addresses the subject from some intriguing new angles giving insight into areas hitherto little if at all examined

reconocimiento de derechos de la naturaleza en general a una parte de ella o a alguna especie en particular es sin duda uno de los asuntos jurídicos medioambientales que mayores discusiones y curiosidad han despertado en la comunidad jurídica medioambiental internacional. De allí la necesidad de analizar en detalle las argumentaciones teóricas dogmáticas y jurídicas de quienes están a favor de ese reconocimiento y las de aquellos que critican dicha posición, así como estudiar los casos en que se reconoce ese tipo de derechos con el fin de comprender sus alcances características y fundamentación y de esa forma establecer las oportunidades y debilidades de las propuestas a fin de construir soluciones adecuadas para atender los graves daños generados y desarrollar acciones dirigidas a evitar futuras afectaciones. Este libro ha constituido para mí un desafío porque pese a que es vasta la información sobre la historia filosófica y lengua náhuas en estados como Guerrero Puebla Veracruz Distrito Federal etc me costó trabajo encontrar suficiente información de aquí de Morelos. Sin embargo valió la pena el esfuerzo para recopilar una parte y crear esta obra. Uno de los aspectos importantes de este libro estriba en la explicación de cómo se podrán traducir los poemas leyendas y cuentos en náhuatl de manera que no pierdan el sentido del mensaje original pero que a su vez sean claros y se ajusten al mundo extralingüístico y lengua actual para su comprensión.
