*Family from Good Wholesome Stock* Norma Love Becker,2022-04-27 The 1700 1800 s was a period of drastic change for those that immigrated to the U S from their own homelands Leaving family members behind for a long and bold migration trip was often out of desperation They were willing to face overwhelming challenges and risks for successfully paving the way for you and me today My families came to America to seek refuge from Ireland and England with inspired optimism driven by a dream to own their own land and to seek independent liberty and freedom They saw potential in trying new adventures and to accept new things The journeys were difficult and dangerous for the people and the animals They pushed boundaries to advance a cause and had determination in succeeding by overcoming those great challenges I want to preserve what my ancestors did for me and continue their good morals and faith I m curious about where my ancestors came from and the origin of Love my last name I know family ties and morals from good wholesome stock led me as I grew up But change happens so it is up to me to preserve what my life was like and accept the new changes that comes But as I approach the winter of my life I find it has caught me by surprise that I m in it How did it get here so fast Where did the years go It seems like yesterday that I was young But by reminiscing my memories through people I knew old snapshots newspaper clippings and stories told I feel the joy in being just a little younger by writing my life for you I hope you can relate P S This is a follow up story to my first book Four Generations on the Love Farm I want my children to know the impact families have by knowing one another They were important to me Today distance interferes with that and I wanted my children to realize they also came from good wholesome stock
