Sufism

Alexander Knysh,2019-03-19 A pathbreaking history of Sufism from the earliest centuries of Islam to the present After centuries as the most important ascetic mystical strand of Islam Sufism saw a sharp decline in the twentieth century only to experience a stunning revival in recent decades In this comprehensive new history of Sufism from the earliest centuries of Islam to today Alexander Knysh a leading expert on the subject reveals the tradition in all its richness Knysh explores how Sufism has been viewed by both insiders and outsiders since its inception He examines the key aspects of Sufism from definitions and discourses to leadership institutions and practices He devotes special attention to Sufi approaches to the Qur an drawing parallels with similar uses of scripture in Judaism and Christianity He traces how Sufism grew from a set of simple moral ethical precepts into a sophisticated tradition with professional Sufi masters shaykhs who became powerful players in Muslim public life but whose authority was challenged by those advocating the equality of all Muslims before God Knysh also examines the roots of the ongoing conflict between the Sufis and their fundamentalist critics the Salafis a major fact of Muslim life today Based on a wealth of primary and secondary sources Sufism is an indispensable account of a vital aspect of Islam

Cultural Fusion of Sufi Islam Sarwar Alam,2019-08-19 It has been argued that the mystical Sufi form of Islam is the most sensitive to other cultures being accommodative to other traditions and generally tolerant to peoples of other faiths It readily becomes integrated into local cultures and they are similarly often infused into Sufism Examples of this reciprocity are commonly reflected in Sufi poetry music hagiographic genres memoires and in the ritualistic practices of Sufi

traditions This volume shows how this often side lined tradition functions in the societies in which it is found and demonstrates how it relates to mainstream Islam The focus of this book ranges from reflecting Sufi themes in the Qur'anic calligraphy to movies from ideals to everyday practices from legends to actual history from gender segregation to gender transgression and from legalism to spiritualism Consequently the international panel of contributors to this volume are trained in a range of disciplines that include religious studies history comparative literature anthropology and ethnography Covering Southeast Asia to West Africa as well as South Asia and the West they address both historical and contemporary issues shedding light on Sufism's adaptability This book sets aside conventional methods of understanding Islam such as theological juridical and philosophical in favour of analysing its cultural impact As such it will be of great interest to all scholars of Islamic Studies the Sociology of Religion Religion and Media as well as Religious Studies and Area Studies more generally
