Growing Older & Wiser Dale Larsen, Sandy Larsen, 2011-10-18 Age brings many gifts and opportunities for continued growth In this nine session LifeGuide Bible Study Dale and Sandy Larsen help you discover the Bible's perspective on aging You'll discover how God can effectively and powerfully use those who have grown wiser with the passing years Growing Older and Wiser Nathan Billig, 1993-01-01 Older adults are more diverse biologically socially and psychologically than any other age group It is easier to describe a typical two year old or 20 year old than it is a typical 75 year old Within the group called elderly 65 year olds are clearly very different 100 year olds *Getting Older, Growing Wiser* Carol Ann

Morrow, 2014-10-07 We are all aging We can view this situation as fraught with danger and decline or as full of promise and possibility claims the author **Silver Sparks** Meg Selig, 2020-08-24 *Growing Older, Growing Wiser* Karen Y. Davis, 2022

Growing Older Growing Wiser Karen Davis (Y.), 2007 **Growing Older & Wiser** Dale Larsen, Sandy Larsen, 2005-07-07 Age brings many gifts and opportunities for continued growth In this nine session LifeGuide Bible Study Dale and Sandy Larsen help you discover the Bible's perspective on aging You'll discover how God can effectively and powerfully use those who have grown wiser with the passing years Growing Older, Growing Wiser Dolph

Curb, 1993-07-01 *Older and Wiser* Richard Lewallen, 2019-09-14 This book was written for all of us who are growing older It is a unique take on aging **I Love Growing Older, But I'll Never Grow Old** Dr. J. Ellsworth Kalas, 2013-04-01 Growing older is a process Growing old is a conclusion If you're growing older you see some hope because you have perspective and you keep learning If you've grown old you may cynically think that times have never been as bad as they are now and that they can only get worse This book is about learning how to make peace with where you are right now It's about learning from the past and then moving past it It's about growing personally spiritually and in our relationships with God and with others If we think properly about growing older we'll never have to grow old A discussion guide is included **What Does It Mean**

to Grow Old? Thomas R. Cole, 1987-08 In *What Does It Mean to Grow Old* essayists come to grips as best they can with the phenomenon of an America that is about to become the Old Country They have been drawn from every relevant discipline gerontology social medicine politics health anthropology ethics law and asked to speak their mind Most of them write extremely well and their sharply individual voices are heard **Saging - How to Grow Older and Wiser** Joan Z.

Shore, 2014-06-12 This is not a book about aging or anti aging It is a book about growing older growing up which we all do from the moment we are born and which is very different from growing old growing down The author proposes ten pointers to guide us on the way and she coins a new word SAGING from Sage and Age that expresses the joy of growing older and wiser *Growing Old Gracefully in the Lord* Randy Collins, 2024-07-01 This is a story about our personal journey when faced

with a life altering health diagnosis and the changes that were necessary when assistance from others was required Facing the reality of our own mortality and life's brevity led to a series of Bible studies for the residents in our new home in a senior

living community The class served as a launching pad for exploring aging in a much broader context and the associated health issues that follow as we reach old age and the zenith of our life Through faith we learned that God has a purpose for each one of us even though we may be frail and feeble This book demonstrates how growing old gracefully as God desires in Jesus Christ will bring bountiful blessings as we await with hope and anticipation the promises He has given us in His Word

Growing Old in Christ Stanley Hauerwas, 2003-06-20 One of the hallmarks of contemporary culture is its attitude toward aging and the elderly Youth and productivity are celebrated in today's society while the elderly are increasingly marginalized This not only poses difficulties for old people but is also a loss for the young and middle agers who could learn much from the elderly including what it means to grow old and die in Christ Growing Old in Christ presents the first serious theological reflection ever on what it means to grow old particularly in our culture and particularly as a Christian In a full orbed discussion of the subject eighteen first rate Christian thinkers survey biblical and historical perspectives on aging look at aging in the modern world and describe the Christian practice of growing old Along the way they address many timely issues including the medicalization of aging the debate over physician assisted suicide and the importance of friendships both among the elderly and between the elderly and the young Weighty enough to instruct theologians ethicists and professional caregivers yet accessible enough for pastors and general readers this book will benefit anyone seeking faith based insight into growing old Contributors David Aers David Cloutier Rowan A Greer Stanley Hauerwas Judith C Hays Richard B Hays Shaun C Henson L Gregory Jones Susan Pendleton Jones Patricia Beattie Jung D Stephen Long M Therese Lysaught David Matzko McCarthy Keith G Meador Charles Pinches Joel James Shuman Carole Bailey Stoneking Laura Yordy Getting Wise about Getting Old Véronique Billette, Patrik Marier, Anne-Marie Séguin, 2020-10-01 A grey tsunami is sweeping the land wreaking social and financial havoc in its wake Sound familiar This myth about aging along with twenty eight others is the focus of Getting Wise about Getting Old which paints a far more accurate and nuanced portrait of old age In it experts debunk myths and persistent stereotypes about aging on a broad array of social issues from retirement seniors are low performance workers to housing most older adults live in long term care accommodation and violence senior women are not victims of sexual assault to political participation seniors are conservative and resistant to change deconstructing and countering them with the latest findings The work of two leading research groups in Quebec the short and accessible chapters of this vitally important book contribute to a better understanding of the social challenges as well as the advantages of an aging society **Growing Old** Rudolf Steiner, 2019-05-03 And that is one thing we need to relearn that all of life brings its gifts not only the first two or three decades Rudolf Steiner When are we actually old What happens as we age How will we cope with old age Growing old is an art and to grow old in the right way we need spiritual understanding In this enlightening anthology compiled by a director of care homes for the elderly wide ranging cosmological perspectives alternate with detailed observations of the phenomena of ageing Rudolf Steiner sees ageing within the context of the earthly and

spiritual evolution that encompasses all forms of existence The book thus begins with the primary meaning that ageing has in developmental terms and ends with a consideration of the human being as co creator in cosmic processes and with our capacity to become increasingly conscious of the tasks this implies These key texts by Rudolf Steiner show how spiritual knowledge can broaden the current debate on the study of old age the process of ageing and the particular problems faced by older people Concerns about our ageing population can be seen in a broader context that recognizes the fruits of old age The productive relationship between childhood and old age a running theme throughout this volume is one example If we grow old consciously viewing ageing not only as a period of physical decline but as a time when we can actively participate in shaping life then we can begin to find greater meaning in it Chapters include The Core Messages of Ageing Fundamental Principles of Gerontology Ageing as a Developmental Process Ageing the Risks and Opportunities The Art of Growing Old Old Age and Death Growing Old A Challenge for Education The Cosmological Dimensions of Ageing

Reclaim Your Right To Grow Old Kathleen O'Brien, 2021-03-13 Thank heaven youth and middle age are behind you Now you can concentrate on yourself And celebrate indulge in and be enthralled by the most significant experience you will have as a human being the process of growing old Our culture says the best way to deal with aging is to fight it Look young act young feel young they tell you for as long as you can But when it comes to crafting a blueprint for successful aging society seems to be lagging behind modern science and way behind the philosophies of our ancestors Leading edge gerontologists are now discovering wisdom revealed centuries ago that old age may be the most important stage in the human life cycle To miss out on it by chasing after your younger self means forgoing some of life's most meaningful moments In *Reclaim Your Right to Grow Old* Kathleen O'Brien takes you on her journey into ancient philosophy ground breaking science and our culture's misconceptions about aging Her advice Tell people your age expect young people to respect you be eccentric never age gracefully Kathleen reminds you that empowerment peace and self knowledge unfold effortlessly when you age the way nature intended Your later years are like no other You are meant to experience them so you can uncover the reasons we grow old in the first place Don't let this remarkable time pass you by Old age only comes around once
