Adrift Alfredo Antonio Fernández, 2000-09-30. In 1989 the world watched as the Berlin Wall tumbled down and then looked on as the entire Iron Curtain shook itself to pieces, freeing Eastern Europe after decades of Soviet domination. But how many observers noticed as the swells and shockwaves from those events slowly crossed the Atlantic Ocean to roil the waters of the Caribbean and break upon the shores of Cuba? In *Adrift: The Cuban Raft People*, Alfredo Fernández surveys the turbulence produced an entire hemisphere away by the collapse of the USSR and concludes that ironically the greatest collateral damage has been inflicted not on the regime of Fidel Castro but rather upon the men, women and children seeking to flee his dictatorship. For although U.S. immigration policy changed soon after Castro's grip on the Cuban people has remained unyielding even as extraordinary economic crises have wracked the island, as a result countless refugees seeking freedom have disappeared without a trace into the churning waters of the Florida Straits. And many of those rescued in international waters by U.S. naval vessels have simply been turned back over to the Cuban authorities. Focusing especially on the years 1994 through 1996, by which time the magnitude of the post-Soviet changes in Cuba had become fully apparent, Fernández presents a compelling international gallery of survivors, victims, traitors, rogues and heroes. From the infamous destruction of two unarmed private planes sponsored by the humanitarian group *Brothers to the Rescue* by Cuban MIGs in February 1996 to an afterward on the media-driven frenzy over five-year-old Elián González found alone in an inner tube two miles off Fort Lauderdale in November 1999, this is the powerful true saga of two nations in conflict and the hapless people adrift between their shores. Fernández's compelling account captures the stories of the Cuban boat people, which are particularly relevant in light of the recent Elián González case. The work transcends purely ethnic interest in addressing a

Immigration Controls Kay Hailbronner, David A. Martin, Hiroshi Motomura, 1998 Some of the most pressing questions in immigration law and policy today concern the problem of immigration controls How are immigration laws administered and how are they enforced against those who enter and remain in a receiving country without legal permission Comparing the United States and Germany two of the four extended essays in this volume concern enforcement the other two address techniques for managing high volume asylum systems in both countries That Infernal Little Cuban Republic Lars Schoultz, 2011-02-01 Lars Schoultz offers a comprehensive chronicle of U S policy toward the Cuban Revolution Using a rich array of documents and firsthand interviews with U S and Cuban officials he tells the story of the attempts and failures of ten U S administrations to end the Cuban Revolution He concludes that despite the overwhelming advantage in size and power that the United States enjoys over its neighbor the Cubans historical insistence on their right to self determination has been a constant thorn in the side of American administrations influenced both U S domestic politics and foreign policy on a much larger stage and resulted in a freeze in diplomatic relations of unprecedented longevity
