Fire of Mercy, Heart of the Word, Vol 2 Erasmo Leiva-Merikakis, 1996-01-01 To the unstudied eye St Matthew's gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is In his third volume of meditations on Matthew chapters 19-25 Erasmo Leiva continues to show Matthew's prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Leiva's work is scholarly but eminently approachable by the lay reader The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher The goal of the book is to help the reader experience the heat of the divine heart and the light of the divine Word Leiva comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus

Lovers of the Place Francis Kline, 2012-05-01 In *Lovers of the Place* Abbot Francis Kline provided a fresh vision of the monastic life as one form of the Christian vocation that must find its place alongside other expressions of Christian life He firmly believed that as monasticism renews itself for the church it will in turn renew the church Kline invites all the baptized to a participation in the monastic charism loose in the church at large Francis Kline OCSO was the third abbot of Mepkin Abbey a Cistercian Trappist monastery near Charleston South Carolina until his death in 2006 He studied at The Julliard School in New York and at Sant Anselmo in Rome

The Cistercian Fathers and Their Monastic Theology Thomas Merton, 2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963-1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090-1153 Guiding his students through Bernard's Marian sermons his treatise *On the Love of God* his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God

Fire of Mercy, Heart of the Word Erasmo Leiva-Merikakis, 2010-03-25 To the unstudied eye St Matthew's gospel can

seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is In his second volume of meditations on Matthew chapters 12-18 Erasmo Leiva shows Matthew's prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Leiva's work is scholarly but eminently approachable by the lay reader The goal of the book is to help the reader experience the heat of the divine heart the light of the divine Word Leiva comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus

Shakespearean Maternities Chris Laoutaris, 2008-06-20 This study explores maternity in the disciplines of early modern England Placing the reproductive female body centre stage in Shakespeare's theatre Laoutaris ranges beyond the domestic sphere in order to recuperate the wider intellectual epistemological and archaeological significance of maternity to the Renaissance imagination Focusing on anatomy in Hamlet natural history in The Tempest demonology in Macbeth and heraldry in Antony and Cleopatra this book reveals the ways in which the maternal body was figured in and in turn contributed towards the re-conceptualisation of bodies of knowledge Laoutaris argues that Shakespeare resists a monolithic concept of motherhood presenting instead a range of contested maternities which challenge the distinctive ways of knowing these early disciplines worked to impose on the order of created nature

Bernard of Clairvaux Jean Leclercq, 1973

The Cistercian Way André Louf, 1983 A sketch of the unique tradition of the white monks as they have sought men and women alike to leave all things to follow the Gospel The paths leading to the monastery are diverse But one day they will all converge and form a single Way meeting in him who said I am the Way and No one can come to the Father but me The Christian who becomes a monk is seeking no other way than this What he makes his own is what he has seen and heard in the words and deeds of Jesus As Saint Benedict said in the Prologue to this Rule for Monasteries Let us set out on this way with the Gospel for our guide In saying this saint Benedict is saying no more than Saint John who said We must live the same kind of life that Christ lived

Recovering Paul's Mother Tongue, Second Edition Susan Grove Eastman, 2022-07-29 Paul's letter to the Galatians begins with the proclamation of liberation from destructive powers and ends with the confident cry new creation Throughout the letter Paul encourages his listeners to stand fast in the confidence that God in Christ will bring them from their beginning in the faith to their completion His language is emotional relational and powerful as he uses the intimate imagery of family life to draw his converts back into the thread of conversation that mediates their life together This study investigates the powerful effects of Paul's maternal imagery his embodied vulnerable and authoritative mother tongue in catalyzing and sustaining the communal life of faith

The Stigmata in Medieval and Early Modern Europe Carolyn Muessig, 2020-02-06 Francis of Assisi's reported reception of the stigmata on Mount La Verna in 1224 is almost universally considered to be the first documented account of an individual miraculously and physically receiving the five wounds of Christ. The early thirteenth century appearance of this miracle however is not as unexpected as it first seems. Interpretations of Galatians 6:17 'I bear the marks of the Lord Jesus Christ in my body' had been circulating since the early Middle Ages in biblical commentaries. These works perceived those with the stigmata as metaphorical representations of martyrs bearing the marks of persecution in order to spread the teaching of Christ in the face of resistance. By the seventh century the meaning of Galatians 6:17 had been appropriated by bishops and priests as a sign or mark of Christ that they received invisibly at their ordination. Priests and bishops came to be compared to soldiers of Christ who bore the brand stigmata of God on their bodies just like Roman soldiers who were branded with the name of their emperor. By the early twelfth century crusaders were said to bear the actual marks of the passion in death and even sometimes as they entered into battle. *The Stigmata in Late Medieval and Early Modern Europe* traces the birth and evolution of religious stigmata and particularly of stigmatic theology as understood through the ensemble of theological discussions and devotional practices. Carolyn Muessig assesses the role stigmatics played in medieval and early modern religious culture and the way their contemporaries reacted to them. The period studied covers the dominant discourse of stigmatic theology that is from Peter Damian's eleventh century theological writings to 1630 when the papacy officially recognised the authenticity of Catherine of Siena's stigmata.

The Holy Spirit Eugene F. Rogers, Jr., 2009-05-11 Beginning with the Church Fathers and moving right through to the present day *The Holy Spirit* offers a theologically informed international collection of the most important texts relating to Christians' understanding of the Holy Spirit. A new volume of texts and readings offering a chronologically organized selection of the most important and interesting writings on the Holy Spirit. Considers how the Holy Spirit has always been an integral part of both Christian belief and systematic theology from the Church Fathers through to the present day. Each set of readings is prefaced by an introduction from the editor drawing out the main themes and important historical points and linking the readings to what has gone before. Tackles the disagreements over the role of the Holy Spirit within the Trinity and how it was a contributing factor in the split between the Western and Eastern Church. Opens with a newly commissioned essay describing the importance of the Holy Spirit in the theology of the last one hundred years and in particular in relation to the revival of Trinitarian theology.

The Great Beginning of Cîteaux Konrad (Abbot of Eberbach), 2012 In the closing decades of the twelfth century the Cistercian Order found itself in a world rather different from the one in which it had been founded and began to thrive The Order was justifiably proud of its achievements and unparalleled diffusion across Europe It had become an important ecclesiastical and economic power in Europe and developed an institutional structure meant to sustain a large widespread organization Yet it had lost its influential spokesman Bernard of Clairvaux and as the century drew to a close religious sensibilities were changing The new mendicant orders the Franciscans and the Dominicans and the impulses they embodied were to shift the center of gravity in Christian religious life for centuries to come
