Therefore Jason Myers and Merrilee Kimble had to ask themselves How can we make this book unique. After all Guerrilla Marketing since the original Guerrilla Marketing book was introduced by Jay Conrad Levinson in 1984 has supported and empowered entrepreneurs small and medium sized businesses solopreneurs and people with ideas that they think can be a business. Where does it all begin. That's a simple answer with a strong foundation of Guerrilla Marketing. Jason and Merrilee spend the first section reviewing the strong foundational elements of Guerrilla Marketing and spend the remaining sections of Guerrilla Marketing sharing today's Guerrilla Marketing tactics tools and tips. These are the Guerrilla Marketing resources that every business needs to succeed and generate profits. They also offer a FREE companion course to help entrepreneurs continue to build their rock solid Guerrilla Marketing foundation. In the companion course Jason and Merrilee dive deeper with video tutorials exercises and the tools entrepreneurs need to build that crucial foundation from which their Guerrilla Marketing success will be born. Guerrilla Marketing also contains 70 free online tools for small businesses. Jason and Merrilee are continuing Jay Conrad Levinson's unconventional system of marketing. By understanding not only what marketing is but why it works they give small and medium sized businesses SMBs the opportunity to think and grow big. When the power of one's SMB is understood and what they can do with Guerrilla Marketing it not only levels the playing field with competition but it also tilts the playing field to their advantage.

The Guerrilla Entrepreneur Jay Conrad Levinson, 2007. You have just left one century and have entered another whether you liked it or not. That meant leaving behind many things you've grown to know and love or hate. It meant embracing new ways of thinking working new ways of living. Open wide the doors of change and opportunities will come rushing through. To entrepreneurs the changes will be dramatic. They'll be moving from an age characterized by a worship of profits a surfeit of working hours and a neglect to family and self to a new age in which 20th century business practices will no longer be workable and the path to follow will be the way of the guerrilla. The way of the guerrilla will still lead toward profits but not at the expense of draconian working hours or at the sacrificing of time with family time for yourself. They will still be a risk taker but be more assured of success. He will define that success at the blessed notion of balance between work and leisure work and family humanity and self.
