deepening and broadening the concept of international intervention and the complex contexts within which it unfolds While transboundary formations can emerge anywhere they have a particular salience in sub Saharan Africa where the limits to state power make them especially pervasive and consequential Including conceptual contributions and theoretically informed case studies the volume considers global local connections taking a fresh perspective on contemporary Africa s political constraints and possibilities with important implications for other parts of the world **The Obama Syndrome** Tariq Ali,2011-09-01 Written early in 2010 and initially published in September 2010 The Obama Syndrome predicted the Obama administration s historic midterm defeat But unlike myriad commentators who have since pinned responsibility for that Democratic Party collapse on the reform president s lack of firm resolve Ali s critique located the problem in Obama s notion of reform itself Barack Obama campaigned for the presidency by promising to escalate the war in Afghanistan and his economic team brought the architects of the financial crisis into the White House Small wonder then that the War on Terror torture in Bagram occupation in Iraq appeasement in Israel and escalation in Pakistan continues And that Wall Street and the country s biggest corporations have all profited at the expense of America s working class and poor Now a thoroughly updated paperback continues the story through the midterms including a trenchant analysis of the Tea Party and Obama s decision to continue with his predecessor s tax cuts for the rich Ali asks whether in the absence of a progressive upheaval from below US politics is permanently mired in moderate Republicanism Already called a comprehensive account of the problems with Obama The Huffington Post this new edition is sure to provide a more powerful boost to Obama dissenters on the left Pittsburgh Post Gazette Advertising and Branding: Concepts, Methodologies, Tools, and Applications
