Half The Church Recapturing Gods Global Vision For Women:

Half the Church Carolyn Custis James, 2010 James presents an inspiring vision of God's plan for women that avoids assuming for them a particular social location or family situation She reveals the surprising way God crafts a new identity for women who respond to the call of his kingdom regardless of age life stage social location and point on the globe *Half the Church* Carolyn Custis James, 2011-04-19 Women comprise at least half the world and usually more than half the church but so often Christian teaching to women either fails to move beyond a discussion of roles or assumes a particular economic situation or stage of life This all but shuts women out from contributing to God's kingdom as they were designed to do Furthermore the plight of women in the Majority World demands a Christian response a holistic embrace of all that God calls women and men to be in his world The loudest voices speaking into women's lives in the twenty first century thus far come from either fundamentalist Islam or radical feminism And neither can be allowed to carry the day The Bible contains the highest possible view of women and invests women's lives with cosmic significance regardless of their age stage of life social status or culture Carolyn Custis James unpacks three transformative themes the Bible presents to women that raise the bar for women and calls them to join their brothers in advancing God's gracious kingdom on earth These new images of what can be in Christ free women to embrace the life God gives them no matter what happens Carolyn encourages readers with a positive kingdom approach to the changes challenges and opportunities facing women throughout the world today **The ^AOxford Handbook of Feminist Approaches to the Hebrew Bible** Susanne Scholz, 2020-10-01 The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars examining crucial points of analysis within the field of feminist Hebrew Bible studies Organized into four major areas globalization neoliberalism media and intersectionality the essays collectively provide vibrant relevant and innovative contributions to the field *Evangelical Christians and Popular Culture* Robert H.
