The Yoga Sutras of Patanjali Patanjali,Charles Johnston,2009-01-01 The Yoga Sutras of Patanjali discuss the philosophy on which yogic practice is based It is an ancient and enormously influential piece of work still relevant today The Sanskrit word yoga describes the suspension of thoughts and feelings experienced during practice and sutra is a thread on which beads or in this case aphorisms are strung The work is sometimes referred to in English as The Yoga Aphorisms

The Yoga Sutras of Patanjali Patanjali,2020-11-02 The Yoga Sutra widely regarded as the authoritative text on yoga is a collection of aphorisms outlining the eight limbs of yoga These threads as sutra translates from Sanskrit of wisdom offer guidelines for living a meaningful and purposeful life We think of ourselves as living a purely physical life in these material bodies of ours In reality we have gone far indeed from pure physical life for ages our life has been psychical we have been centred and immersed in the psychic nature Some of the schools of India say that the psychic nature is as it were a looking glass wherein are mirrored the things seen by the physical eyes and heard by the physical ears Thus within the psychic realm of our life there grows up an imaged world wherein we dwell a world of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the Yoga is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man The purpose of life therefore is the realizing of that purpose the unveiling of the immortal man the birth of the spiritual from the psychical whereby we enter our divine inheritance and come to inhabit Eternity This is indeed salvation the purpose of all true religion in all times Patanjali has in mind the spiritual man to be born from the psychical His purpose is to set in order the practical means for the unveiling and regeneration and to indicate the fruit the glory and the power of that new birth

The Yoga Sutras of Patanjali: The Book of the Spiritual Man Patañjali,2022-05-28 The Yoga Sutras of Patanjali The Book of the Spiritual Man is a seminal text in the philosophical and spiritual landscape of India intertwining

metaphysical principles with practical guidance on the path of yoga. Written in a concise aphoristic style, it presents a systematic framework for understanding the intricacies of the mind and the nature of consciousness. Patanjali's work, composed in the 2nd century BCE, is contextualized within the broader tradition of Indian philosophy, merging elements of Samkhya and Vedanta to explore themes of meditation, ethics, and the ultimate liberation of the soul. Each sutra invites deep contemplation and fosters a transformational journey through its layers of meaning and insight, setting the foundation for various schools of yoga that followed. Patanjali, an enigmatic figure in the history of yoga philosophy, is often regarded as the compiler of yoga practices and is celebrated for synthesizing ancient wisdom into a coherent system. His insights reflect the pervasive spiritual culture of ancient India, rooted in a desire for self-realization and knowledge. This work likely emerged in response to the philosophical currents of his time, aiming to provide seekers with the tools necessary for achieving higher states of consciousness and understanding. This profound collection of aphorisms is essential reading for anyone interested in spirituality, psychology, and philosophy. Whether one approaches it as a practitioner seeking practical techniques or a scholar delving into philosophical discourse, *The Yoga Sutras* serves as a timeless guide to the internal landscape of the human experience. Its enduring relevance makes it a must-read for those on the path of self-discovery and enlightenment.

[The Yoga Sutras of Patanjali](#) By Patanjali, 2019-06-28. The Yoga Sutras of Patanjali are Indian sutra aphorisms that constitute the foundational text of yoga. In medieval times, yoga was cast as one of the six orthodox *astika* schools of Hindu philosophy. The Yoga Sutras form the theoretical and philosophical basis of Raja Yoga and are considered to be the most organized and complete definition of that discipline. The Sutras not only provide yoga with a thorough and consistent philosophical basis; they also clarify many important esoteric concepts which are common to all traditions of Indian thought, such as karma.

The Yoga Sutras of Patanjali (Translated with a Preface by William Q. Judge) Patanjali, 2017-05. Yoga is an exercise and meditation philosophy that has been taking the United States by storm over the past several decades. Yet many are unaware that there is an entire ancient religion that prefaces this phenomenon. Yoga is one of six orthodox schools of Hindu philosophy, and the Yoga Sutras of Patanjali contains 196 aphorisms that form the basis of Raja Yoga. Patanjali uses his text to explain different facets of the philosophy, leading people to achieve *Kaivalya*, the ultimate goal of detachment. The sutras begin with the most basic concentration and then progress to discipline, manifestation, and finally emancipation of the transcendental ego. Patanjali also explains how one can find the path to *Kaivalya* with the eight limbs of Yoga: non-violent thoughts, cleanliness, healthy living, meditation, and others are explained as

essential actions to achieving self liberation Patanjali lived sometime between the 1st century BCE and the 5th century BCE While all critics agree that Patanjali is the great compiler of the Yoga Sutras many deliberate about whether or not he created the meditational philosophy Some even speculate that Patanjali borrowed some of his sutras from other authors Regardless the Yoga Sutras of Patanjali is now considered to be one of the most important textual sources for the practice of yoga This edition is printed on premium acid free paper and is translated with a preface by William Q Judge *The Yoga Sutras of Patanjali* Charles Johnston, 2018-09-11 This valuable book provides a complete manual for the study and practice of Raja Yoga the path of concentration and meditation This new edition of these timeless teachings is a treasure to be read and referred to again and again by seekers treading the spiritual path The classic Sutras thought threads at least 4 000 years old cover the yogic teachings on ethics meditation and physical postures and provide directions for dealing with situations in daily life The Sutras are presented here in the purest form with the original Sanskrit and with translation transliteration and commentary by Sri Swami Satchidananda one of the most respected *The Yoga-Sutras of Patanjali* Patañjali, 1934 **The Yoga Sutras Of Patanjali - The Book Of The Spiritual Man (Annotated Edition)** Patanjali, Swami Vivekananda, 2012 This edition includes an extensive preface by Swami Vivekananda the chief disciple of the 19th century mystic Ramakrishna Paramahansa and the founder of the Ramakrishna Math and the Ramakrishna Mission He gives the reader deep insights about Yoga and the Ultimate Goal in Life The Yoga Sutras of Patanjali are in themselves exceedingly brief yet they contain the essence of practical wisdom set forth in admirable order and detail The theme if the present interpreter be right is the great regeneration the birth of the spiritual from the psychical man the same theme which Paul so wisely and eloquently set forth in writing to his disciples in Corinth the theme of all mystics in all lands We think of ourselves as living a purely physical life in these material bodies of ours In reality we have gone far indeed from pure physical life for ages our life has been psychical we have been centred and immersed in the psychic nature Some of the schools of India say that the psychic nature is as it were a looking glass wherein are mirrored the things seen by the physical eyes and heard by the physical ears But this is a magic mirror the images remain and take a certain life of their own Thus within the psychic realm of our life there grows up an imaged world wherein we dwell a world of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the East is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man **Yoga-Sutras** Pierre Patanjali, Francoise Mazet, 2013-11-25 En 195 aphorismes les Yoga Sutras de Patanjali codifient l enseignement d une pratique traditionnelle plusieurs fois mill naire C est l esprit m me du Yoga qui se trouve ici d crit r sum en une s rie de
