# Lost at Sea

## Situation

You are adrift on a private yacht in the South Pacific. As a consequence of a fire of unknown origin, much of the yacht and its contents have been destroyed. The yacht is now slowly sinking. Your location is unclear because of the destruction of critical navigational equipment and because you and the crew were distracted trying to bring the fire under control. Your best estimate is that you are approximately one thousand miles south-southwest of the nearest land.

Below is a list of fifteen items that are intact and undamaged after the fire. In addition to these articles, you have a serviceable, rubber life raft with oars large enough to carry yourself, the crew, and all the items listed below. The total contents of all survivors' pockets are a package of cigarettes, several books of matches, and five one-dollar bills.

Your task is to rank the fifteen items below in terms of their importance to your survival. Place the number 1 by the most important item, the number 2 by the second most important, and so on through number 15, the least important. You will do this twice: once alone (10 min.) and once as a group (20 min.).

Items	Step 1	Step 2	Step 3	Step 4	Step 5
	Your Individual Ranking	Your Team Ranking	Coast Guard Ranking	Difference between Step 1 & 3	Difference between Step 2 & 3
Sextant					
Shaving Mirror					
Mosquito Netting					
25 liter container of Water					
Case of Army Rations					
Maps of the Pacific Ocean					
Floating Seat Cushion					
10 liter can of Oil/Petrol mixture					
Small Transistor Radio					
20 sq. ft. of opaque Plastic Sheeting					
Can of Shark Repellent					
One bottle rubbing alcohol					
15 ft. of Nylon Rope					
2 boxes of Chocolate Bars					
An ocean Fishing Kit & Pole					
TOTALS				Your Score	Team Score

## **Lost At Sea Activity:**

**Cases on Inquiry through Instructional Technology in Math and Science** Lennex, Lesia, Nettleton, Kimberly Fletcher, 2012-01-31 There exists a wealth of information about inquiry and about science technology engineering and mathematics STEM but current research lacks meaningfully written thoughtful applications of both topics Cases on Inquiry through Instructional Technology in Math and Science represents the work of many authors toward meaningful discourse of inquiry used in STEM teaching This book presents insightful information to teachers and teacher education candidates about using inquiry in the real classroom case studies from which research suggests appropriate uses and tangible direction for creating their own inquiry based STEM activities Sections take the reader logically through the meaning of inquiry in STEM teaching how to use technology in modern classrooms STEM projects which successfully integrate inquiry methodology and inquiry problem solving within STEM classrooms with the aim of creating activities and models useful for real world classrooms

### **The Computer Supported Collaborative Learning (CSCL) Conference 2013, Volume 2**

ISLS, 2014-04-23 The Computer Supported Collaborative Learning CSCL Conference 2013 proceedings Volume 2 **A Chance to Serve** Brian Reynolds, 1983 A Chance to Serve is a formation program that enables teenagers to become effective ministers to their peers This systematic program offers interested young people a progressive sequence of opportunities for growth in personal faith for community building and for leadership training Written by Brian Reynolds cofounder of the Center for Ministry Development this training program has been successfully piloted in several different settings around the country This peer ministry training program is suitable for use in a variety of settings schools parishes retreat centers youth programs campus ministry settings or diocesan youth organizations The leader s manual is organized into three sections Section 1 presents the conceptual and theoretical framework of peer ministry Section 2 addresses the practical aspects of establishing a program Section 3 which forms the heart of the training program consists of eighteen detailed 150 minute training modules including copies of the worksheets for the young people A bibliography contains additional peer ministry resources for the reader Investigating Business Communication and Technologies Rhonda Rasmussen, Aliisa Mylonas, Hilary Beck, 2012-12-05

### Vulnerability and Adaptation Assessments Ron Benioff, Sandra Guill, Jeffrey

Lee, 2012-12-06 The possible impacts of global climate change on different countries has led to the development and ratification of the Framework Convention on Climate Change FCCC and has a strong bearing on the future sustainable development of developing countries and countries with economies in transition The preparation of analytical methodologies and tools for carrying out assessments of vulnerability and adaptation to climate change is therefore of prime importance to these countries Such assessments are needed to both fulfill the reporting requirements of the countries under the FCCC as well as to prepare their own climate change adaptation and mitigation plans The vulnerability and adaptation assessment guidelines prepared by the U S Country Studies Program bring together all the latest knowledge and experience from around

the world on both vulnerability analysis as well as adaptation methodologies It is currently being applied successfully by scientists in over fifty countries from all the regions of the globe This guidance is being published to share it with the wider scientific community interested in global climate change issues This guidance document has two primary purposes To assist countries in making decisions about the scope and methods for their vulnerability and adaptation assessments To provide countries with guidance and step by step instructions on each of the basic elements of vulnerability and adaptation assessments

**Radionuclides in the Environment** David A. Atwood, 2013-02-19 Nuclear energy is the one energy source that could meet the world's growing energy needs and provide a smooth transition from fossil fuels to renewable energy in the coming decades and centuries It is becoming abundantly clear that an increase in nuclear energy capacity will and probably must take place However nuclear energy and the use of radionuclides for civilian and military purposes lead to extremely long lived waste that is costly and highly problematic to deal with Therefore it is critically important to understand the environmental implications of radionuclides for ecosystems and human health if nuclear energy is to be used to avoid the impending global energy crisis The present volume of the EIC Books series addresses this critical need by providing fundamental information on environmentally significant radionuclides The content of this book was developed in collaboration with many of the authors of the chapters Given the enormity of the subject the Editor and the Authors had to be judicious in selecting the chapters that would appropriately encompass and describe the primary topics particularly those that are of importance to the health of ecosystems and humans The resulting chapters were chosen to provide this information in a book of useful and appropriate length Each chapter provides fundamental information on the chemistry of the radionuclides their occurrence and movement in the environment separation and analyses and the technologies needed for their remediation and mitigation The chapters are structured with a common systematic format in order to facilitate comparisons between elements and groups of elements About EIC Books The Encyclopedia of Inorganic Chemistry EIC has proved to be one of the defining standards in inorganic chemistry and most chemistry libraries around the world have access either to the first or second print edition or to the online version Many readers however prefer to have more concise thematic volumes targeted to their specific area of interest This feedback from EIC readers has encouraged the Editors to plan a series of EIC Books focusing on topics of current interest They will appear on a regular basis and will feature leading scholars in their fields Like the Encyclopedia EIC Books aims to provide both the starting research student and the confirmed research worker with a critical distillation of the leading concepts in inorganic and bioinorganic chemistry and provide a structured entry into the fields covered This volume is also available as part of Encyclopedia of Inorganic Chemistry 5 Volume Set This set combines all volumes published as EIC Books from 2007 to 2010 representing areas of key developments in the field of inorganic chemistry published in the Encyclopedia of Inorganic Chemistry Find out more *Federal Register*, 1980-12

**Journal of the Marine Biological Association of the United Kingdom** Marine Biological Association of the United

Kingdom,1923      *Marine Mammal Welfare* Andy Butterworth,2017-06-19 Marine mammals attract human interest sometimes this interest is benign or positive whale watching conservation programmes for whales seals otters and efforts to clear beaches of marine debris are seen as proactive steps to support these animals However there are many forces operating to affect adversely the lives of whales seals manatees otters and polar bears and this book explores how the welfare of marine mammals has been affected and how they have adapted moved responded and sometimes suffered as a result of the changing marine and human world around them Marine mammal welfare addresses the welfare effects of marine debris of human traffic in the oceans of noise of hunting of whale watching and tourism and of some of the less obvious impacts on marine mammals on their social structures on their behaviours and migration and also of the effects on captivity for animals kept in zoos and aquaria There is much to think and talk about how marine mammals respond in a world dramatically influenced by man how are their social structures affected and how is their welfare impacted      *The United Nation's Convention on the Law of the Sea (Treaty Doc. 103-39)* United States. Congress. Senate. Committee on Foreign Relations,2008      *Estimates of the Population of Michigan Counties and Metropolitan Areas* United States. Bureau of the Census,1976      Structural and Functional Relationships in Prokaryotes Larry L Barton,2025-07-29 This book is designed to be used as textbook for advanced undergraduate and graduate students in courses of microbial physiology and biochemistry with a specific focus on the physiological processes in bacteria and archaea This emphasis provides for the basis to explore bacterial and archaeal growth as well as the response of these cells to the environment and to evaluate the enzymology used to support life at the cellular level Building on the success of the first edition the topics have been strengthened by the addition of new information and a reorganization which has resulted in condensed chapters to enable instructors to more readily adapt the various units of this book to their class schedules A set of questions is provided for each chapter and these questions can serve as in class discussions or homework projects Through an extensive use of references the reader is able to readily identify the source for material presented and this approach enables the book to also serve as a reference for research scientists Through the use of updated figures and tables details in the text are provided for the reader It is the hope that this book will summarize the current understanding of structure function relationships in prokaryotes and to serve as a bridge to future developments in this area of microbiology      **The Official Index to The Times** ,1915      The Solicitors' Journal and Weekly Reporter ,1927      *The Friend* ,1874      *Egyptian Civilization Its Sumerian Origin and Real Chronology* L. A. Waddell,2012-11-08 This fantastic volume explores the mysterious origins of the Egyptian civilization looking at its relationship to ancient Samaria and subsequent history Egyptian Civilization Its Sumerian Origin and Real Chronology is highly recommended for those with an interest in ancient Egypt especially the historical development of theories and evidence relating thereto Laurence Austine Waddell 1899 1938 was a British Explorer professor of Tibetan and Indian army surgeon Other notable works by this author include Among the Himalayas The Birds of Sikkim 1893 and Some Ancient

Indians Charms from the Tibetan 1895 Many vintage books such as this are increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author     **Top Shelf** Gina L. Hamilton,2003 Covers the earth s crust and interior

weather and climate the solar system the universe and more Includes engaging lab activities that are out of this world

Systems Biogeochemistry of Major Marine Biomes Aninda Mazumdar,Wridhiman Ghosh,2022-04-12 Systems Biogeochemistry of Major Marine Biomes A comprehensive system level discussion of the geomicrobiology of the Earth s oceans In Systems Biogeochemistry of Major Marine Biomes a team of distinguished researchers delivers a systemic overview of biogeochemistry across a number of major physiographies of the global ocean the waters and sediments overlying continental margins the deep sub surfaces the Arctic and Antarctic oceans and the physicochemical extremes such as the hypersaline and sulfidic marine zones cold methane seeps and hydrothermal ecosystems The book explores state of the art advances in marine geomicrobiology and investigates the drivers of biogeochemical processes It highlights the imperatives of the unique fringe and cryptic processes while studying the geological manifestations and ecological feedbacks of in situ microbial metabolisms Taking a holistic approach toward the understanding of marine biogeochemical provinces this book emphasizes the centrality of culture dependent and culture independent meta omics based microbiological information within a systems biogeochemistry framework Perfect for researchers and scientists in the fields of geochemistry geophysics geomicrobiology oceanography and marine science Systems Biogeochemistry of Major Marine Biomes will also earn a place in the libraries of policymakers and advanced graduate students seeking a one stop reference on marine biogeochemistry     **Hazell's annual** ,1918     **The New Hazell Annual and Almanack** ,1918
