Zachary Hunt,2016-07-07 The following novel is a collection of poems blogs and stories I wrote between the ages of 16 22 All of this prior to being diagnosed with bipolar disorder Hopefully the collection of entries I ve salvaged and compiled can serve as solace in your own fight **Bipolar Faith** Monica A. Coleman,2022-02-08 Overcome with mental anguish Monica A

Coleman s great grandfather had his two young sons pull the chair out from beneath him when he hanged himself That noose remained tied to a rafter in the shed where it hung above the heads of his eight children who played there for years to come As it had for generations before her a heaviness hung over Monica throughout her young life As an adult this rising star in the academy saw career successes often fueled by the modulated highs of undiagnosed Bipolar II Disorder as she hid deep depression that even her doctors skimmed past in disbelief Serendipitous encounters with Black intellectuals like Henry Louis Gates Jr Angela Davis and Renita Weems were countered by long nights of stark loneliness Only as Coleman began to face her illness was she able to live honestly and faithfully in the world And in the process she discovered a new and liberating vision of God Written in crackling prose Monica s spiritual autobiography examines her long dance with trauma depression and the threat of death in light of the legacies of slavery war sharecropping poverty and alcoholism that masked her family history of mental illness for generations **Children in the Films of Steven Spielberg** Adrian Schober,Debbie

Olson,2016-04-13 To say that children matter in Steven Spielberg s films is an understatement Think of the possessed Stevie in Something Evil TV Baby Langston in The Sugarland Express the alien abducted Barry in Close Encounters Elliott and his unearthly alter ego in E T the war damaged Jim in Empire of the Sun the little girl in the red coat in Schindler s List the mecha child in A I the kidnapped boy in Minority Report and the eponymous boy hero of The Adventures of Tintin There are many other instances across his oeuvre Contradicting his reputation as a purveyor of popcorn entertainment Spielberg s vision of children childhood is complex Discerning critics have begun to note its darker underpinnings increasingly fraught with tensions conflicts and anxieties But while childhood is Spielberg s principal source of inspiration the topic has never been the focus of a dedicated collection of essays The essays in Children in the Films of Steven Spielberg therefore seek to address childhood in the full spectrum of Spielberg s cinema Fittingly the scholars represented here draw on a range of theoretical frameworks and disciplines cinema studies literary studies audience reception critical race theory psychoanalysis

sociology and more This is an important book for not only scholars but teachers and students of Spielberg's work and for any serious fan of the director and his career
