**Loteria Cards and Fortune Poems** Juan Felipe Herrera, Artemio Rodriguez, 1999-09-01 The gorgeous black and white line art inside this hefty little book instantly caught my eye These linocut drawings were not the regular loteria images They were modern adaptations made with painstaking detail think of a turn of the millenium *Woodcuts of Women* Dagoberto Gilb, 2007-12-01 These ten stories of intensity and bravado by the acclaimed Chicano author explore love lust and longing among people struggling to find their way Jean Thompson The New York Times Book Review Featuring characters of Mexican American heritage each of these haunting stories is crafted with Gilb s quintessentially spare yet evocative language and explores the lives of men and women at odds with each other Steeped in an ethos of regimented gender roles the men in these stories see the women in their lives as little more than woodcuts crude variations of their actual complexity symbols of seduction mystery and power that will ultimately bring about their undoing At turns powerful and resonant hopeful and humorous *Woodcuts of Women* is a tour de force by one of America s foremost Latino writers Lonely tough stories stories that force us to confront what s difficult in us and in the people we love *Esquire* The gritty passions of men for women the grand delusions and tender mercies are the jukebox songs playing through the 10 stories of Gilb s *Woodcuts of Women* San Francisco Chronicle

**Dialectical Imaginaries** Marcial Gonzalez, Carlos Gallego, 2018-11-01 *Dialectical Imaginaries* brings together essays that analyze the effects of class conflict and capitalist ideology on contemporary works of U S Latino literature The editors argue that recent global events have compelled contemporary scholars to reexamine traditional interpretive models that center on identity politics and an ethics of multiculturalism The volume seeks to demonstrate that materialist methodologies have a greater critical reach than other methods and that Latino literary criticism should be more attuned to interpretive approaches that draw on Marxism and other globalizing social theories The contributors analyze a wide range of literary works in fiction poetry drama and memoir by writers including Rudolfo Anaya Gloria Anzald a Daniel Borzutzky Angie Cruz Sergio de la Pava M nica de la Torre Sergio Elizondo Juan Felipe Herrera Rolando Hinojosa Quiara Alegria Hudes Lin Manuel Miranda scar Martinez Cherr e Moraga Urayo n Noel Emma Perez Pedro Pietri Miguel Pi ero Ernesto Qui nez Ronald Ruiz Hector Tobar Rodrigo Toscano Alfredo Valdez Helena Maria Viramontes and others

**Comparative Cultural Studies and the New Weltliteratur** Elke Sturm-Trigonakis, 2013-11-15 In this English translation and revision of her acclaimed German language book Elke Sturm Trigonakis expands on Goethe s notion of *Weltliteratur* 1827 to propose that owing to globalization literature is undergoing a profound change in process content and linguistic practice Rather than producing texts for a primarily national readership modern writers can collate diverse cultural literary and linguistic traditions to create new modes of expression that she designates as hybrid texts The author introduces an innovative framework to analyse these new forms of expression that is based on comparative cultural studies and its methodology of contextual systemic and empirical approaches to the study of literature and culture including the concepts of

the macro and micro systems of culture and literature To illustrate her proposition Sturm Trigonakis discusses selected literary texts that exhibit characteristics of linguistic and cultural hybridity the concept of in between and transculturality and thus are located in a space of a new world literature Examples include Gastarbeiterliteratur migrant literature by authors such as Chiellino Shami and Atabay The book is important reading for philologists linguists sociologists and other scholars interested in the cultural and linguistic impact of globalization on literature and culture The German edition of this volume was originally published as *Global playing in der Literatur Ein Versuch ber die Neue Weltliteratur* 2007 and it has been translated in collaboration with the author by Athanasia Margoni and Maria Kaiser *Spilling the Beans in Chicanolandia* Frederick Luis Aldama, 2010-01-01 Since the 1980s a prolific second wave of Chicano a writers and artists has tremendously expanded the range of genres and subject matter in Chicano a literature and art Building on the pioneering work of their predecessors whose artistic creations were often tied to political activism and the civil rights struggle today s Chicano a writers and artists feel free to focus as much on the aesthetic quality of their work as on its social content They use novels short stories poetry drama documentary films and comic books to shape the raw materials of life into art objects that cause us to participate empathetically in an increasingly complex Chicano a identity and experience This book presents far ranging interviews with twenty one second wave Chicano a poets fiction writers dramatists documentary filmmakers and playwrights Some are mainstream widely recognized creators while others work from the margins because of their sexual orientations or their controversial positions Frederick Luis Aldama draws out the artists and authors on both the aesthetic and the sociopolitical concerns that animate their work Their conversations delve into such areas as how the artists or writers life experiences have molded their work why they choose to work in certain genres and how they have transformed them what it means to be Chicano a in today s pluralistic society and how Chicano a identity influences and is influenced by contact with ethnic and racial identities from around the world **Juan Felipe Herrera** Francisco A. *Broken Souths* Michael Dowdy, 2013-11-21 *Broken Souths* offers the first in depth study of the diverse field of contemporary Latina/o poetry Its innovative angle of approach puts Latina/o and Latin American poets into sustained conversation in original and rewarding ways In addition author Michael Dowdy presents ecocritical readings that foreground the environmental dimensions of current Latina/o poetics Dowdy argues that a transnational Latina/o imaginary has emerged in response to neoliberalism the free market philosophy that underpins what many in the northern hemisphere refer to as globalization His work examines how poets represent the places that have been broken by globalization's political economic

and environmental upheavals Broken Souths locates the roots of the new imaginary in 1968 when the Mexican student movement crested and the Chicano and Nuyorican movements emerged in the United States It theorizes that Latina o poetics negotiates tensions between the late 1960s oppositional collective identities and the present day s radical individualisms and discourses of assimilation including the post colonial post national and post revolutionary Dowdy is particularly interested in how Latina o poetics reframes debates in cultural studies and critical geography on the relation between place space and nature Broken Souths features discussions of Latina o writers such as Victor Hernandez Cruz Mart n Espada Juan Felipe Herrera Guillermo Verdecchia Marcos McPeck Villatoro Maurice Kilwein Guevara Judith Ortiz Cofer Jack Ag eros Marjorie Agos n Valerie Mart nez and Ariel Dorfman alongside discussions of influential Latin American writers including Roberto Bola o Ernesto Cardenal David Huerta Jos Emilio Pacheco and Ra l Zurita      **Latinidad at the Crossroads** ,2021-04-26 In Latinidad at the Crossroad Insights into Latinx identity in the Twenty First Century Gerke and Gonz lez Rodr guez provide flashing glimpses into the ways in which Latinas os struggle to forge their multiracial and multicultural identities within their own communities and in mainstream U S society This volume encompasses an interdisciplinary perspective on the complex range of latinidades that confronts stereotypical connotations and simultaneously advocates a more flexible re definition that may overcome static collective representations of identity ethnicity and belonging Well positioned in the current political context the notion of latinidad is examined as a complex sociological phenomenon of identity construction which is affected by outside influences and is used as a powerful linguistic cultural and ideological weapon to denounce oppression and deconstruct stereotypes Including chapters from foundational and influential scholars this collection moves towards a dynamic exploration of how Latinx are remapping their identity positions in twenty first century America Contributors Francisco A Lomel Jos Antonio Gurpegui Esther lvarez L pez Ylce Irizarry Luisa Mar a Gonz lez Rodr guez Ewa Antoszek Fernando Aquino      *Bookforum* ,1998
