

A close-up photograph of a pink lotus flower. The petals are a vibrant pink color, some showing a lighter, almost white, variegated pattern. The center of the flower is filled with numerous yellow stamens, their filaments and anthers clearly visible. Above the stamens, a single yellow seed pod (receptacle) is prominent, featuring a pattern of small, dark, circular indentations. The background is dark and out of focus. At the top of the image, there is a horizontal row of white circular dots, resembling a punch-hole or a decorative border.
