the castle's staff and their intriguing laird to keep her occupied the heartache of being ripped away from the life she knew before begins to heal However despite Olivia's efforts to move forward her troubles are far from over and she may be in more danger than she ever could have imagined Paton Buchanan thought his sacrifice would mean something when he willingly stepped into the land of the fae to save his friend Instead the years spent in their prison cost him and everyone he loved everything Once released Paton has nowhere to go but the home of his youth But overseeing his late father's land comes with its challenges and finding any semblance of happiness for himself seems unlikely until a strange lass from the future arrives and reminds him of the people he'd once loved so much Her perpetual optimism and kindness make it easy for him to fall in love with her Slowly the hurt inside him begins to fade But her life belongs in the future and he knows he cannot ask her to sacrifice that for him Will his love for her be enough to convince her to stay or will he be forced to lose yet another person he loves And if she does stay do they have what it takes to keep one another safe from the outside threat that looms over them both
