A Grammar of Christian Faith Joe R. Jones, 2002-06-03 A Grammar of Christian Faith is a two volume set that aims to confront the widespread disarray in the language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation Becoming a Joy

Hughes,2014-07-02 Theology in the modern era often assumes that the consummate form of theological discourse is objective prose ignoring or condemning apophatic traditions and the spiritual eros that drives them For too long Kierkegaard has been read along these lines as a progenitor of twentieth century neo orthodoxy and a stern critic of the erotic in all its forms In contrast Hughes argues that Kierkegaard envisions faith fundamentally as a form of infinite insatiable eros He depicts the essential purpose of Kierkegaard s writing as to elicit ever greater spiritual desire not to provide the satisfactions of doctrine or knowledge Hughes s argument revolves around close readings of provocative disparate and in many cases little known Kierkegaardian texts The thread connecting all of these texts is that they each conjure up some sort of performative stage setting which they invite readers to enter By analyzing the theological function of these texts the book sheds new light on the role of the aesthetic in Kierkegaard s authorship his surprising affinity for liturgy and sacrament and his overarching effort to conjoin eros for God with this worldly love **One Hot Summer** Wendi Hayman,2016-11-16 One Hot Summer is the story of a young woman who was forced into prostitution at a young age after running away from her drug addicted parents Meet Summer a damaged and hurt 21 year old young woman filled with hatred and wrath for the adults who used and abused her and who felt that their satisfaction was more important than her well being She was betrayed by her parents as a child and is determined to get revenge on those who ruined her childhood by any means necessary On her journey to execute her plan of revenge she immediately has some strange encounters that would alter her plan of attack and ultimately affect her life and destiny Summer didn t expect for her hot temper and rage to meet up with a heart of compassion and love But in the end who will win rage or love *Functional Living God's Way* W. Jamie Ferreira,2001-06-07 Soren Kierkegaard s Works of Love 1847 a series of deliberations on the commandment to love one s neighbor has often been condemned by critics Here Ferreira seeks to rehabilitate Works of Love as one of Kierkegaard s most important works He shows that Kierkegaard s deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality duty equality mutuality reciprocity self love sympathy and sacrifice Ferreira also argues that Works of Love bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation **A Prophecy of Love** Dr. Thomas J. The Lutheran George Washington Sandt, 1928 **DEMOCRACY NEEDS TLC** Craig L. Parker LPC LMFT, 2025-02-12 *Democracy Needs TLC* is interactive literature in the nonfiction genre What makes this book interactive literature is how the

author uses his forty years of experience as a mental health counselor and marriage and family therapist in its design to use various approaches and learning style tools to capture the reader's attention, curiosity, imagination, and understanding. The book is designed to provide information in ways that minimize defensiveness, maximizing the reader's ability to see, hear, do, and feel something better. The objective is to assist the reader by using the printed word, storytelling, graphic arts, personal surveys, handouts, worksheets, games, references to movie and literary works, music, and the like to experience the contents of this book. This book primarily addresses democracy from a Christian perspective to examine consideration of various poignant topics impacting democracy: the threat of autocracy and the Church's role to advocate for democratic principles, values that align with Christian doctrine. It is formatted to be read individually yet also could be used within small or large group settings, e.g., as a Bible study tool, book club's discussion material, or workshop for personal and/or Christian growth and development instrument. The book encourages honest discussion of the intersection of politics and religion, leading to better, deeper understanding of God and how to apply His word, will, and way in one's life individually and collectively via TLC. TLC goes beyond the normally used acronym for tender love and care to be expanded to such concepts as the love of Christ, truth, love, and Christ, trust, love, and commitment, the local church and the living church, and truly loving Christians. Such concepts are presented in such a way to encourage non-Christian readers to attempt to understand and adapt the concepts to their worldview and/or spiritual belief system.

Lost - Liberated - Loved Claudia Mari le Wulf, 2023 Christian ethics, also called moral theology, in the tradition is one of the most controversial topics within theology as well as outside it. Yet the goal of these ethics is a life in fullness and freedom. Without ethical guidelines and personal responsibility, a life cannot succeed. Norms and laws aim to create space for life and protect it. To fill this freedom, people are responsible for that. And being responsible means owing an answer to someone. Ethics therefore always takes place in relation to one's own conscience, to the good that can be accomplished, and in relation to other living beings and nature. Christian ethics moreover places this responsibility in relation to God. People are free but also limited; they hurt each other and need forgiveness and reconciliation. Often people can reconcile with each other, but sometimes accounts remain open; the evil was too great, or the reconciliation failed. Christian theology can refer to redemption here. It is just not easy to reconcile its content with the everyday reality of modern people. This systematic introduction to moral theology offers an explanation in understandable anthropological terms. It shows how the Christian message provides a meaningful answer to the open question of how a human life can succeed. Anyone who tries to mediate meaningfully between tradition and modernity in the pastoral practice of the church will find this book a guide.
