Rationality and the Pursuit of Happiness Michael E. Bernard,2010-11-15 RATIONALITY AND THE PURSUIT OF HAPPINESS This book is a labor of love Michael Bernard has painstakingly transcribed a number of Albert Ellis s therapy and demonstration sessions as well as a selection of his lectures and has used this material to excellent effect to make Dr Ellis s views on psychological health and happiness come alive A gem of a book on a gem of a man by a gem of an author Professor Windy Dryden Goldsmiths University of London UK Michael Bernard s book reveals the importance of rationality as a positive faculty of mind that enables people to strengthen their resilience and self efficacy in order to not only cope with the inevitable challenges demands and changes characteristic

of our post modern age but in addition through the application of different principles of rational living identified by legendary psychologist Albert Ellis to live fulfilled and meaningful professional and personal lives I confidently commend this book

Professor Field Rickards Dean Graduate School of Education University of Melbourne Australia Albert Ellis one of the world's most influential psychologists founded Rational Emotive Behavior Therapy REBT in the 1950s Over the years this pioneering form of cognitive behavior therapy has advanced the emotional well being of hundreds of thousands of people around the world Yet while Ellis's innovative approaches for helping people with emotional difficulties are well known his views on the pursuit of personal happiness which have also influenced generations of people both with and without such problems are far more elusive Ellis's powerful arguments in favor of the rational pursuit of happiness are set out for the very first time in this book Rationality and the Pursuit of Happiness presents Ellis's views on how the principles of rational living can be used by anyone to achieve lifelong happiness Transcripts of private counseling sessions and public forums reveal the great power of rationality and the self defeating nature of irrationality Drawing on 50 years of Ellis's writing Michael Bernard shows how the emotional misery that arises from irrational thinking of the human psyche can obstruct our innate potential for self actualization and happiness In doing so he firmly establishes Ellis as a pioneer of positive psychology and a human being whose superior intellect and years of public education and psychotherapy experience offer genuine insights into the eternal question of what makes for a happy life

One Man's Love Story - A Near-Death Experience Jason Hughes, 2005-08 This memoir is based on my experiences in this world Bob Marley Princess Diana His Holiness the Dalai Lama Mother Theresa Deepak Chopra Oprah Winfrey John F Kennedy Martin Luther King Jr have all talked about essentially the same thing that there is One Universal Love that flows inside us all And yet life is often about harmonizing with the co existence of opposite values We constantly strive for balance within ourselves between life and death being happy or sad up and down love and fear pain and growth and light and dark One cannot exist without the other Together and individually we all travel this vast spectrum at our own rate of speed and in our own unique ways Experiencing these opposites is what often makes this journey interesting Only by keeping our focus on the positive as much as possible can we achieve and enjoy a healthy balance But if life is an inevitable balance between up and down and good and bad are we all at the mercy of the changing tides How do we directly impact our experience Why do so many of us wait for something bad to happen in our lives before we actually wake up and begin to move through life seeing clearly as Nature intended All too often we must go through many forms of pain before we discover the true growth that was intended for us My own conscious contact came about as a result of a devastatingly painful experience after which I began to realize that nothing is impossible and that only together can we realize this truth I began to understand how much we all share in this life and I realized we are clearly meant to work through our pain collectively Together we will discover happier states of existence It is only with the true caring and sharing of so many that I was able to survive a potentially insurmountable ordeal and I am here today to share with you all I have

learned And this is my story of how I came to experience embrace and be transformed by that Universal Love that great men and women before me have also discovered My goal is to connect and relate with you my reader on the most important and meaningful levels I have learned that love is the answer and when we open up to the many ways we can receive love every moment of our lives together then life takes on a whole new meaning one that will be better than anything we can imagine It is my sincere hope that this book helps to heal and promotes goodness in a world that can often be a tough playing field I
