**Quantitative experiments: pt. 1. Students' manual. pt. 2. Instructor's manual** Edward Bradford Titchener, 1905

Experimental Psychology: Quantitative experiments: pt. 1. Students' manual. pt. 2. Instructor's manual Edward Bradford Titchener, 1905 The general purpose with which this book has been written is sufficiently indicated by its title I have selected a number of the classical experiments of Experimental Psychology and have tried to present them in such a way that their performance shall have a real disciplinary value for the undergraduate student Within this general purpose my aim has been two fold I have sought to show in the first place that psychology is above the laboratory that we employ our instruments of precision not for their own sake but solely because they help us to a refined and more accurate introspection And secondly just as in my Outline of Psychology and Primer of Psychology I gave the results of experimentation a prominent place in the psychological system so here I have treated the selected experiments not as separate exercises but as points of departure for systematic discussion PsycINFO Database Record c 2005 APA all rights reserved Manual del instructor de tiro Héctor Mora Chamorro, 2013-06-04 Con este manual se pretende preparar a los lectores con un nivel de formación que les capacite para asumir con carácter general un puesto de instructor de tiro en el sector público o privado dotados de los conocimientos habilidades y estrategias necesarios para el cumplimiento de sus funciones El objetivo principal de esta obra es dotar al alumnado de los conocimientos indispensables para optar a la habilitación profesional como instructor de tiro

Barrett, 2013-01-15 The Glock pistol is America's Gun It has been rhapsodized by hip hop artists and coveted by cops and crooks alike Created in 1982 by Gaston Glock the pistol arrived in America at a fortuitous time Law enforcement agencies had concluded that their agents and officers armed with standard six round revolvers were getting outgunned by drug dealers with semi automatic pistols they needed a new gun With its lightweight plastic frame and large capacity spring action magazine the Glock was the gun of the future You could drop it underwater toss it from a helicopter or leave it out in the snow and it would still fire It was reliable accurate lightweight and cheaper to produce than Smith and Wesson's revolver Filled with corporate intrigue political maneuvering Hollywood glitz bloody shoot outs and an attempt on Gaston Glock's life by a former lieutenant Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public but also a compelling chronicle of the evolution of gun culture in America *Adam Lanza and the Newtown Massacre* Pamela Lillian Valemont, 2013-11-04 When Adam Peter Lanza just 20 years old burst into the Sandy Hook Elementary School in Newtown Connecticut armed to the teeth and wearing black battle fatigues and shot 20 small children and 6 of their teachers he created a hole so big in the heart of their grieving parents and relatives that it can never be forgotten or healed What caused this young man to commit this unspeakably horrible crime Pamela Lillian Valemont the world's first forensic numerological criminal profiler compiles a chart for Adam Lanza and compares it with

some of the world's most heinous mass murderers like Adolf Hitler and the youthful Boston marathon bombers brothers Dzhokhar and Tamerlan Tsarnaev. She also looks at the Preppers the band of people who included mother of Adam Lanza Nancy. This ultra right wing group of fanatics believe that they must prepare for the end times when economic ruin comes and governments cannot be either trusted or relied upon to protect them from attackers and invasion of their country.
