God At War The Bible Spiritual Conflict:

God at War Gregory A. Boyd, 2014-06-18 Modern Christians are often baffled by the problem of evil frequently attributing pain and suffering to some mysterious good purposes of God Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it **Power and the Powers** Andrew R. Hardy, Richard

Whitehouse, Dan Yarnell, 2015-10-12 *Missio Dei* by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world **Spiritual warfare: fact or fiction?**

Susan Mansfield, *Political Violence in Judaism, Christianity, and Islam* Jonathan Fine, 2015-03-26 Religious political violence is by no means a new phenomenon yet there are critical differences between the various historical instances of such violence and its more current permutations Since the mid 1970s religious fundamentalist movements have been seeking to influence world order by participating in local political systems For example Islamic fundamentalism is at the heart of the Muslim Brotherhood in Egypt the Christian fundamental right wing has seen a resurgence in Europe and Jewish fundamentalism is behind the actions of Meir Kahane's Kach movement and the settler movement The shift in recent years from secular to religious political violence necessitates a reevaluation of contemporary political violence and of the concept of religious violence This text analyzes the evolution of religious political violence in both historical and contemporary perspectives Since religious political violence events are usually associated with the term terrorism the book first analyzes the origins of this controversial term and its religious manifestations It then outlines and highlights the differences between secular and religious political violence on ideological strategic and tactical levels before comparing the concept of Holy War in Judaism Christianity and Islam Lastly it shows how modern radical monotheistic religious groups interpret and manipulate their religious sources and ideas to advocate their political agendas including the practice of violence A unique comparative study of religious political violence across Judaism Islam and Christianity this text features many international case studies from the Crusades to the Arab Spring **The War Between the Two Beasts and the Two Witnesses** Tony

Siew, 2005-08-07 Siew seeks to examine the events that will unfold within the three and a half years before the dawn of the

kingdom of God on earth He argues that John composed the textual unit of Rev 11 1 14 5 as a coherent and unified literary unit structured in a macro chiasm He pays special attention to the fusion of form and content and seeks to elucidate how the concentric and chiastic pattern informs the meaning of the literary units within 11 1 14 5 and proposes that the text of 11 1 14 5 is best analyzed using Hebraic literary conventions devices and compositional techniques such as chiasm parallelism parataxis and structural parallelism The macro chiastic pattern provides the literary structural framework for John to portray that the events of the last three and a half years unfold on earth as a result of what transpires in heaven Specifically the war in heaven between Michael and the dragon has earthly ramifications The outcome of the heavenly war where Satan is defeated and thrown out of heaven to earth results in the war on earth between the two beasts of Rev 13 and the two witnesses of Rev 11 The narrative of the war in heaven 12 7 12 is seen as the pivot of the macro chiastic structure Siew pays close attention to the time period of the three and a half years as a temporal and structural marker which functions to unite the various units in 11 1 14 5 into a coherent and integral whole The events of the last days will be centred in Jerusalem

Constructive Pneumatological Hermeneutics in Pentecostal Christianity Kenneth J. Archer, L. William Oliverio, Jr., 2016-12-21 This book presents the work of leading hermeneutical theorists alongside emerging thinkers examining the current state of hermeneutics within the Pentecostal tradition The volume's contributors present constructive ideas about the future of hermeneutics at the intersection of theology of the Spirit Pentecostal Christianity and other disciplines This collection offers cutting edge scholarship that engages with and pulls from a broad range of fields and points toward the future of Pneumatological hermeneutics The volume's interdisciplinary essays are broken up into four sections philosophical hermeneutics biblical theological hermeneutics social and cultural hermeneutics and hermeneutics in the social and physical sciences *The Oneness of God and the Doctrine of the Trinity* Kulwant Singh Boora, 2009-10-26 The teaching that God is one was paramount in Old Testament theology since the introduction of the New Testament the concept of one God continued and was expanded by and through Jesus in Second Temple Monotheism With this in mind the Bible does not teach the concept of the Trinitarian doctrine The Apostles including the New Testament Church were pure monotheistic and oneness believers knowing and understanding that God is one and not one substance and three persons Therefore this book has addressed a variety of issues and provided a body of literature and authority supporting the position that God is numerically one and that the Trinitarian doctrine is a human construct and product that is unscriptural and unbiblical which evolved over the centuries being fueled by man made creeds and ideologies It is not surprising then that even Trinitarians struggle to define the Trinitarian doctrine suggesting it is a mystical revelation when in fact others have argued that it is incomprehensible The War Between the Two Beasts and the Two Witnesses Antoninus King Wai Siew, 2005-11-01 Siew seeks to examine the events that will unfold within the three and a half years before the dawn of the kingdom of God on earth He argues that John composed the textual unit of Rev 11 1 14 5 as a coherent and unified literary unit structured in a macro

chiasm He pays special attention to the fusion of form and content and seeks to elucidate how the concentric and chiastic pattern informs the meaning of the literary units within 11 1 14 5 and proposes that the text of 11 1 14 5 is best analyzed using Hebraic literary conventions devices and compositional techniques such as chiasm parallelism parataxis and structural parallelism The macro chiastic pattern provides the literary structural framework for John to portray that the events of the last three and a half years unfold on earth as a result of what transpires in heaven Specifically the war in heaven between Michael and the dragon has earthly ramifications The outcome of the heavenly war where Satan is defeated and thrown out of heaven to earth results in the war on earth between the two beasts of Rev 13 and the two witnesses of Rev 11 The narrative of the war in heaven 12 7 12 is seen as the pivot of the macro chiastic structure Siew pays close attention to the time period of the three and a half years as a temporal and structural marker which functions to unite the various units in 11 1 14 5 into a coherent and integral whole The events of the last days will be centred in Jerusalem **The Future of Open**

Theism Richard Rice,2020-04-28 Evangelical theology has grappled with open theism and its alternative doctrine of God for decades Richard Rice recounts the history of open theism from its antecedents and early developments to its more recent expressions considering how it might continue to develop in relation to several primary doctrines of the Christian faith

Satan and the Problem of Evil Gregory A. Boyd,2025-08-04 Where does evil come from If there is a sovereign creator God as Christian faith holds is this God ultimately responsible for evil Does God s sovereignty mean that God causes each instance of sin and suffering How do Satan his demons and hell fit into God s providential oversight of all creation and history How does God interact with human intention and action If people act freely does God know in particular every human decision before the choice is made In this important book Gregory A Boyd mounts a thorough response to these ages old questions which remain both crucial and contentious both practical and complex In this work Boyd defends his scripturally grounded trinitarian warfare theodicy presented in God at War with rigorous philosophical reflection and insights from human experience and scientific discovery Critiquing the classical Calvinist solution to the problem of evil he advocates an alternative understanding of the sovereignty of the trinitarian God and of the reality of Satan that sheds light on our fallen human condition While all may not agree with Boyd s conclusions Satan and the Problem of Evil promises to advance the church s discussion of these critical issues Demons and Spirits in Biblical Theology John H. Walton,J. Harvey

Walton,2019-05-10 Some people believe that a battle of cosmic proportions is raging as Satan and his demons seek to destroy Christians and undermine God s plans Others believe that all talk of demons in the Bible and theology only reflects pre modern superstitions that should be re interpreted in philosophical and psychological terms Despite their contrasts both believe that the Bible directly or indirectly intends to teach readers about reality Another path is possible What if references to demons in the Bible are similar to references about the shape and structure of the cosmos representing the beliefs familiar to the ancient audience but used only as a framework for teaching about the plans and purposes of God This approach is here

worked out through detailed examination of hermeneutical method the ancient Near Eastern and Greco Roman contexts each of the biblical terms and passages and the essentials of biblical and systematic theology Unlike many scholarly treatments of demons readers will not find an assessment of the metaphysical realities Instead they will be introduced to a hermeneutical exegetical and theological feast regarding what the Bible understood in its ancient context teaches **Bloody, Brutal, and Barbaric?** William J. Webb, Gordon K. Oest, 2019-12-03 Christians cannot ignore the intersection of religion and violence In our own Scriptures war texts that appear to approve of genocidal killings and war rape raise hard questions about biblical ethics and the character of God Have we missed something in our traditional readings Identifying a spectrum of views on biblical war texts Webb and Oest pursue a middle path using a hermeneutic of incremental redemptive movement ethics

My Mighty Hand Richard A. Fisher, 2024-09-19 What would you do if God came to you in a vision and revealed to you future events And what if you saw these events unfold before your eyes in miraculous ways This happened to a young medical student and his wife who were led on an exciting journey of faith that saw God exercise his mighty hand on their behalf Dr Fisher tells this compelling story to glorify God and to edify all readers Years later he was sent on a prophetic mission to confront a pastor with unpalatable facts about a member of his flock who was a fraud See what Dr Fisher learned from this painful experience At the end of the book is a beautiful story of a little missionary girl healed from severe cerebral malaria This book is unique It will challenge inspire and bless readers *Confronting Technology* Matthew T. Prior, 2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways Digital technologies are an ordinary part of daily life and yet they also present an unprecedented challenge to Christians to articulate a biblical theological framework to navigate times of rapid change The work of the French theologian Jacques Ellul is a theological time bomb primed for times like these Accounts of Ellul's career often divide off his sociology and theology but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God tackling the phenomenon he named technique the pursuit of maximal power and efficiency implicit in the technological enterprise with a profound depth of biblical and ethical insight Centering himself on the apocalypse or revelation of Jesus Christ in history Ellul offers a monumental timely though far from flawless contribution to contemporary ethical debates about the uses and abuses of technologies His work blazes a trail that Christians and all concerned for the future would do well to follow as we avoid both the naivety of technological neutrality and the dread of technological determinism **Suffering and the Search for Meaning** Richard Rice, 2014-06-05 Suffering is a deeply personal problem

Why is this happening to me Guiding readers through the seven most significant theodicies Richard Rice uses theory and personal stories to help each of us form a response to suffering that is both intellectually satisfying and personally authentic

Routledge Revivals: God, Literature and Process Thought (2002) Darren Middleton, 2018-02-01. Originally published in 2002, *God, Literature and Process Thought* looks at the use of God in writing as a part of the creative advance immersed in the processes of reality and affected by events in the world. This edited collection outlines and promotes the novel view that there is much to be gained when those who value the insights of process thought encounter the many and varied writers of literature and literary theory. It also celebrates the notion of process poesis, a fresh way of reflecting theologically and philosophically that takes account of literary forms and promises to transform creatively the very structure of process thought today.

Lord Willing? Jessica Kelley, 2016-05-03. Does God's perfect plan really include this? When her young son was diagnosed with brain cancer, Jessica Kelley couldn't stomach Christian clichés: God's will, Divine design, The Lord's perfect plan. In *Lord Willing*, Kelley boldly tackles one of the most difficult questions of the Christian life: if God is all-powerful and all-loving, why do we suffer? For Kelley, this question takes an even more painful and personal turn: did God lack the power or the desire to spare her four-year-old son? For those dissatisfied with easy answers to why evil and tragedy occur, *Lord Willing* offers a refreshing, hopeful journey straight to the heart of God. Be prepared for something more beautiful, more pure, and more healing than you can dare to imagine.
