God and Football Chad Gibbs, 2010-08-24 At the age of 8 Chad Gibbs attended his first Southeastern Conference football game Since then he has been in a constant battle to not let his love of all things pigskin consume him As a Christian Gibbs knows he cannot serve two masters but at times his faith is overwhelmed by his fanaticism He is not alone In 2008 over six million people attended an SEC football game They spend thousands on season tickets donate millions to athletic departments and for three months a year order their entire lives around the schedule of their favorite team Gibbs and his six million friends do not live in a spiritually void land where such borderline idol worship would normally be accepted They live in the American South where according to the 2008 American Religious Identification Survey 84 percent identify themselves as Christians This apparent contradiction that Gibbs sees in his own life and in millions of others has led him to journey to each of the twelve schools to spend time with rabid Christian fans of various ages and denominations Through his journey he hopes to learn how others are able to balance their passion for their team with their devotion to God And if Gibbs learns others are just as messed up as he is at least he will know he is not alone Better Off Without 'Em Chuck Thompson, 2013-07-16 The author of *Smile When You're Lying* describes his controversial road trip investigation into the cultural divide of the United States during which he met with possum hunting conservatives trailer park lifers and prayer warriors before concluding that both sides might benefit if former Confederacy states seceded

Sports Ethics for Sports Management Professionals Patrick Thornton, Walter T. Champion (Jr.), Lawrence Ruddell, Larry Ruddell, 2011-04-22 Directed at future sports executives and sports managers the book contains numerous case studies that allow students to apply the ethical decision making process to a sports related ethical dispute Unlike other texts that spend too much time discussing ethical theories *Sports Ethics for Sports Management Professionals* addresses the important issues sports professionals may actually encounter during their career Book Jacket Game Day and God Eric Bain-Selbo, 2009 *Game Day and God* Football Faith and Politics in the American South takes seriously the often stated assertion that college football in the South is a religion To this end Eric Bain Selbo draws upon a wide range of theoretical approaches in religious studies and cultural criticism He also relies upon field research on several campuses in the Southeastern Conference where he interviewed fans and experienced game day Consequently the author is able to make the case that college football does function religiously for many people in the South In addition the author introduces key concepts and theories of religion and culture to a general audience *Game Day and God* also recounts the role that college football has played in Southern history and culture Going back as far as the Civil War the work explains the cultural meaning of college football in the South

delivering a much needed critical perspective to the subject Scholars of religion will find the work a compelling extension of key concepts and theories to an otherwise secular activity Scholars of American culture and sports will find the work to be an interesting case study one that unlike much work in the area focuses our attention on the religious dimension of the phenomenon of sport in American culture And general readers will find that college football or any sport can be much more than they imagined as well as discover important theories with which to make sense of the complexity of our daily lives Book jacket
