

A clenched fist, appearing to be made of stone or a similar textured material, rests on an open book. The book is open to a page with some text, though it is not legible. The background is dark and moody, with a light source from the top left creating a beam of light that illuminates the fist and the book. The overall tone is dramatic and inspirational.

Van Engen, Nancy Thomas, Robert Gallagher, 2011-07-27 Twenty five doctoral students from around the world recently set out to forge a new path toward a theology of mission As they blazed a new trail they discovered the footprints of God evidence that God was their trial guide Charles Van Engen led this group of mission practitioners pastors teachers and mission executives as they set out to discover answers to important questions such as What is theology of mission and What is missiology The team used a new approach to answer these questions employing narrative to integrate personal story community stories cultural stories and biblical stories Each writer brings his or her own unique context to bear on these important questions through personal story and by highlighting the work of a major missiologist who has impacted their life and work By drawing from personal stories the authors show how human factors affect missiology All of the chapters are set within a unique theological framework created by Charles Van Engen that focuses on mission of the way mission in the way and mission on the way This framework reveals that mission must be of the way Christ centered in the way happening among the peoples and cultures of the world and on the way moving forward over time through God s people as they anticipate Christ s present and coming kingdom If you are concerned about connecting the Bible theology and ministry with the complexity and variety of contexts facing Christians today then you will want to join this journey to discover the footprints of God As Van Engen says you will be encouraged to think theologically about mission and missiologically about theology      *For God's Sake! pictures we might need to hear them in a fresh way We could be overlooking what is essential if we read His parables simply as clever stories Like a chef who seasons the meal in such a way that the distinctive flavors of each element is enhanced Brian invites the reader into an invigorating and fresh taste of what Jesus says in His parables Reading each parable attentive to Jesus own words and the context in which these stories are found you ll hear the voice of the Savior in renewed ways No longer will you think of His parables as clever stories but you ll find them to be life giving words from Jesus *The Story of the L.M.S.* Charles Silvester Horne,1904 *The 3N1: A Trilogy of Spiritually Filled Motivational Messages* Wm.
