Skyrms, 2014-10-29 Skyrms makes complex financial scenarios accessible to all interested readers in an informative and entertaining manner We can all learn something from this book Thomas Peterffy Chairman CEO and President of Interactive Brokers Skyrms put together the story of MF Global like no one else could in providing the ultimate autopsy covering destructive financial engineering that's played such a big role in our capital markets Lawrence G McDonald New York Times best selling author of A COLOSSAL FAILURE OF COMMON SENSE God is in the details first come the reporters then the lawyers Skyrms's book is the necessary antidote Only someone who has done it can explain it Perhaps the best counterfactual rationale for reading The Money Noose If John Corzine had been able to before there would likely have been no after Stan Jonas Managing Partner Axiom Management Partners In 2010 President Barack Obama signed into law the Dodd Frank Wall Street Reform and Consumer Protection Act MF Global was bankrupt less than a year after the law's passage THE MONEY NOOSE is a general accounting of the facts that led to MF Global's collapse as well as the story of the major players involved It is a chaotic story one in which individual actions taken in and of themselves are relatively minor But the sum of those individual actions equal the same end result This book is designed to tell the story of MF Global what went wrong and how things came to an abrupt end In those regards it's an incredible story Mental Illness in Popular Culture Sharon Packer MD, 2017-05-24 Being crazy is generally a negative characterization today yet many celebrated artists leaders and successful individuals have achieved greatness despite suffering from mental illness This book explores the many different representations of mental illness that exist and sometimes persist in both traditional and new media across eras Mental health professionals and advocates typically point a finger at pop culture for sensationalizing and stigmatizing mental illness perpetuating stereotypes and capitalizing on the increased anxiety that invariably follows mass shootings at schools military bases or workplaces on public transportation or at large public gatherings While drugs or street gangs were once most often blamed for public violence the upswing of psychotic perpetrators casts a harsher light on mental illness and commands media's attention What aspects of popular

culture could play a role in mental health across the nation How accurate and influential are the various media representations of mental illness Or are there unsung positive portrayals of mental illness This standout work on the intersections of pop culture and mental illness brings informed perspectives and necessary context to the myriad topics within these important timely and controversial issues Divided into five sections the book covers movies television popular literature encompassing novels poetry and memoirs the visual arts such as fine art video games comics and graphic novels and popular music addressing lyrics and musicians lives Some of the essays reference multiple media such as a filmic adaptation of a memoir or a video game adaptation of a story or characters that were originally in comics With roughly 20 percent of U S citizens taking psychotropic prescriptions or carrying a psychiatric diagnosis this timely topic is relevant to far more individuals than many people would admit

**An Undevotional** Jimmy R. Watson,2019-04-30 In the same spirit as his previous book Big Jesus Watson takes us on a journey through the Gospel of Luke with a touch of humor and a wheelbarrow full of insights and information Watson believes nothing is more pretentiously self pious than to write something and call it a devotional unless one has already been canonized as a saint An Undevotional is not a spoon fed offering of theological niceties but rather a head spinning array of possibilities into the mind and ministry of Jesus of Nazareth with contemporary applications At times irreverent at all times interesting this book is un dispensable for Jesus devotees and un devotees alike

*Quarterly Essay 45 Us and Them* Anna Krien, 2012-04-01 For the first time in history humans sit unchallenged at the top of the food chain As we encroach on the wild and a vast wave of extinctions gathers force how has our relationship with animals changed In this dazzling essay Anna Krien investigates the world we have made and the complexity of the choices we face From pets to the live cattle trade from apex predators to scientific experiments Krien shows how we should and do treat our fellow creatures As she delves deeper she finds that animals can trigger primal emotions in us which we are often unwilling to acknowledge This is a clear eyed meditation on humanity and animality us and them that brings out the importance of animals in an unforgettable way I am not weighing up whether our treatment of animals is just because it isn t That age old debate is a farce deep down we all know it The real question is just how much of this injustice are we prepared to live with Anna Krien *Us and Them*
